

BIG NAVAL MANEUVERS

Admiral Dewey Is Happy Over the Parade

Several American and European Squadrons at the Rendezvous in the Caribbean Sea

Washington, Nov. 20.—The general board of the navy, of which Admiral Dewey is president, is well pleased over the bright outlook that exists for the success of the winter maneuvers in the Caribbean. The plans, which have just been completed in their final detail, have been drawn on a more elaborate scale than anything of the kind previously attempted by the navy.

The movements incident to the evolutions practically being this week with the assembling of a dozen or more battleships, cruisers and other craft of war in Hampton Roads prior to departing for the scene of the maneuvers. For four full months the evolutions will continue and all of the squadrons in the Atlantic will take part.

The ships will be under command of the senior commander, except during

the months of February and March, when Admiral Dewey will again hoist his four-starred pennant and assume direction of the competition in which records are to be made in target firing and fleet evolutions. The entire month of March will be devoted to shooting. This target practice will take place in the vicinity of Florida bay.

In accordance with the elaborate program arranged by the general board the coast and Caribbean squadrons assemble at Hampton Roads this week. The coast squadron will make Key West the rendezvous, while the Caribbean will use Guantanamo as headquarters. The battleship and Caribbean squadrons will rendezvous at Culebra the first week of January, where they will coal and refit, ready for evolutions and exercises scheduled to begin January 12.

The European squadron, it is planned, will assemble at St. Vincent's, Cape Verde Islands, and arrive at Culebra a few days before the date set for the beginning of the evolutions. The South Atlantic squadron is to assemble at Para and reach Culebra about the same time as the European squadron. During the period between January 12 and February 6, the entire fleet will be occupied in tactical evolutions and a great variety of exercises.

Chief among these exercises will be the campaign of an expeditionary force of 400 marines from the "Dixie," which will be ordered to establish a base on the coast of Porto Rico to provide for its defense and to engage in operations leading up to some adequate objective point, probably the capture of one of the island municipalities. This expedition will be

away from the ships for a period of 15 to 20 days. The men will, therefore, have to transport all their supplies and ammunition of war as in an actual campaign.

For nine days prior to February 15 the fleet will be maneuvered at sea, arriving at Guantanamo February 18. From that day until March 1 is to be allowed the ships to refit and reach Florida bay prepared to go into the record-making competition which is to be held during the month of March. The competition will be first among individual gunners on each ship, then between gun crews on the same ship, then between ships and finally between whole squadrons. All the work that is done before March 1 will be but a preparation for what may be termed the final in this great shooting tournament.

In further recognition of the wide popularity enjoyed by King Edward's gracious consort the town of Norfolk will keep holiday and at Windsor and elsewhere the anniversary will be observed. In official recognition of the day royal salutes will be fired by all garrisons and ships. Queen Alexandra was born December 1, 1844, and consequently tomorrow will enter upon her sixtieth year.

THE STAMP OF TRUTH.

Salem Residents Know It Well.

There is the stamp of truth on a statement endorsed by people we know by our friends and neighbors. The following experience of a citizen is but one case of scores right here at home:

Charles Beadle, veteran of the civil war, member of Co. I, N. Y. Infantry, residing at 423 West Sixth street, Eugene, Ore., says: "I was afflicted with kidney complaint for a great many years. I might say, ever since I came out of the service in the sixties, I never knew the moment when any over exertion of the contraction of a cold would bring on an attack, and on more than one occasion I have been so bad that I was almost helpless. The last severe attack I had was about six months ago when the lameness across the small of my back set in in dead earnest and felt as though there was a heavy weight over each kidney. There was a weakness of the bladder and kidneys and the secretions were not under proper control. Some of the numerous remedies I used gave temporary relief but that was all. Learning about Doan's Kidney Pills I got a box. I felt their beneficial results after a few doses. I shall always keep them on hand to have in case of need. I met one of my old comrades, Mr. Stowell, who was complaining of his back and kidneys. I told him to get Doan's Kidney Pills. He took my advice and a day or so after I asked him about the pills. He said they were the finest thing he had ever used and that they straightened him up in a hurry." Plenty more proof like this from Salem people. Call at Dr. Stone's drug store and ask what his customers report.
