

SEVERAL SPECIAL TRAINS

Salem and Silverton Will Send Big Delegations

Republican Leaders From All Parts of Western Oregon Will Be Present

Woodburn, May 6.—Arrangements for the great rally at Woodburn tomorrow night are practically completed. A tremendous crowd of enthusiastic Republicans will, without doubt, come to the Queen City of French prairie upon this very important occasion. The citizens generally, regardless of party affiliations, are taking an active interest in, and will attend this meeting.

Chairman Walter L. Toose, of the congressional committee, has received a telephone message from Hon. F. A. Blackberby, who states the fact that a special train will run from Silverton to Woodburn tomorrow evening, and that a large crowd will come from that progressive Republican city. At Woodburn the business houses are conspicuously decorated with bunting and pictures of President Theodore Roosevelt are found in nearly every show window in the city.

Upon the arrival of the train from Salem tomorrow evening 21 guns will be fired by Marshal Amos Beach. The Chemawa band will come to Woodburn in the morning, and will remain during the day and evening. Hon. A. C. Marsters, of Roseburg, and Hon. Lawrence T. Harris, of Eugene, will come to Woodburn tomorrow morning. Collector I. L. Patterson and Hon. Frank C. Baker, chairman of the Republican state central committee, and other prominent men will be in attendance.

From Turner comes the news that a large delegation will be down from that thriving little town. Secretary Gale S. Hill, of the congressional committee, informs Chairman Toose that many Republican leaders of Albany and Linx county will come down on the special train.

opening gun of the national, congressional, judicial and Marion county campaign, promises to be a magnificent success.

All the leaders of the Republican party at Salem will be present, and from other parts of the district. All will be invited to talk, and there will be fun, music, patriotism and Roosevelt Republicanism for young and old. Several of the delegations of visitors will have parties of ladies with them, and the town will not begin to hold them all, if they should decide to stay over night, but most of the visitors will get off by the special and regular trains.

Home Entertainment.

The Berean class of the First Presbyterian Sabbath school will present an interesting program to their members and friends tonight at the home of Mr. and Mrs. George Pearce, on Winter street, between Court and Chemeketa streets. Among other features will be solos by Mrs. Hinges, recitations by Miss Byrn, and piano solo by Prof. Roberts, of the blind school. The remaining part of the program will be something of the old-fashioned sort. All invited. Admission 25c. Proceeds for carpet fund for primary class room.

Have Joined Mutineers.

Sheriff Rader, of Jackson county, brought three prisoners to the penitentiary this morning. Walter Schultz and A. Gager will serve five years and Ed. Seifert three years, all charged with burglary.

PERSONALS

Editor T. T. Geer is spending the day in Portland.

E. P. McCormack went to Portland this morning.

Hon. J. Weatherford and Hon. W. R. Bilyeu, two prominent attorneys, of Albany, are in the city today.

Lloyd Lewis, who has been sick at Kingsley, Wasco county, is reported to be improving and will be fully recovered within a few weeks.

Miss Lucille Jerrold, of Tacoma, Wash., who has been visiting friends in this city for the past week, left yesterday afternoon for Portland.

Miss Augusta Ruef has returned from Pasadena, California, and will spend a few months with her mother, Mrs. Julius Ruef, of the Garden Road.

E. H. Cowles, of Woodburn, who has valuable mines at Cowles, Montana, is home for a visit. He says Bishop Barkley has a \$10,000 mine there.

Supreme Court Reporter R. G. Morrow, of Portland, is in the city editing the index of the 43d Oregon Report. The work will be completed in about four weeks.

Frank M. Jack, of Brownsville, is in the city at the bedside of his wife, who will have an operation performed at the Salem Hospital tomorrow. Her condition is quite serious.

Miss Alice Knighton, of Buena Vista, was in the city yesterday visiting with her brother, J. H. Knighton and wife. She was accompanied by Miss Cusick, also of Buena Vista.

Hon. J. H. Ackerman will go to Portland tomorrow, where he will address the Multnomah county Grange on the subject of "The Relation of the Grange to the Public School System." Mr. Ackerman has been a member of the Grange for a number of years, and takes considerable interest in the work of that organization.

ELECTION QUESTION UNDECIDED

Whether Nomination Made by One County in Joint District Is Valid

A very delicate question concerning the election laws has been propounded to Attorney-General Crawford by a resident of Curry county. The point at issue is whether a nomination is legal for an office in a district embracing two counties, when the nomination was only made by the convention of one county, and not ratified by the other county or by the state or district conventions. It presents a new point, and one not called in question before, and will require some time for investigation. Mr. Crawford is out of the city today, and his deputy, Mr. VanWinkle, had not had time to look into the case. The opinion seemed to be, however, that the nomination was bad, although the law is very indefinite on that particular point.

EDITH LEWIS DEAD

Miss Edith Lewis died at the residence of her parents, Mr. and Mrs. John H. Lewis, this morning, aged 32 years. Deceased had been a sufferer with tuberculosis for several years, and last Tuesday returned from California, where she had spent two years in quest of health, all to no purpose. At 11:15 this morning she was relieved of her sufferings, and passed to the great beyond, where things material main or mar not the spirit's life. She was born in Benton county, and had lived for many years in this city, where her friends were only numbered by her acquaintances. She was a member of the Presbyterian church. Her mother and father survive her, together with three sisters and one brother, Mrs. James Willson, Mrs. A. Klein and J. W. Lewis, all of this city, and Mrs. L. C. McCoy, of Portland. The funeral arrangements will be announced tomorrow.

NOT AN ENGAGING PEOPLE. Few Americans Will Care to Live Among the Filipinos Just Now.

(Chicago Chronicle.)
If the description of the Philippines given by a writer in a geographical publication is anywhere near correct those accustomed to the ways of Americans will be in no haste to emigrate to that quarter of the globe inhabited by them. If the Caucasians, or the natives, for that matter, would avoid cholera and dysentery, he must either boil or perfectly distill all drinking water, and the government maintains a distilling plant in Manila for the benefit of the government employes. The slim diet of rice and vegetables which suffices for the native will not maintain the American, who must eke out an existence on canned goods and frozen meat from Australia or Chicago.

As there but a half-dozen milch cows in Manila, condensed milk must be used. Rents are almost prohibitive. Huts of four rooms, built of nipa, rent for \$36 American money a month, the annual rent being more than twice the cost of the building. Everything that the American wants and must have is extraordinarily dear, and the mere cost of a bare subsistence is at an unimaginable altitude. Manila is evidently not the place for the poor adventurer, because there are many places in this country where food is relatively cheap, the climate good and work at high wages plentiful. The man with capital may find opportunities in the Philippines, but the man with capital can find an opportunity anywhere.

Two-Year-Old Baby Died.
James Dell McMillan, the 2-year-old son of Mrs. Alice McMillan, of Victoria, B. C., died of tuberculosis, at the rooms of Mr. and Mrs. F. A. Wilson today, after an illness of several months. Mrs. McMillan was here visiting her sister, Mrs. Wilson.
The funeral will probably be held tomorrow.

SETTLERS COME TO OREGON

Several Thousand Immigrants Will Locate in The State This Spring

H. A. Townsend, a former resident of this city, but now immigration agent of the Harriman lines, with headquarters at Des Moines, Iowa, has been in Salem with a party of Eastern people who are looking over the country, with a view of locating. This is the fourth party Mr. Townsend has accompanied to the coast this spring, and he expects to make several more trips. In speaking of the great interest manifested by residents of the Mississippi valley in the Willamette valley, he said:

"The people of the Middle and Northwestern states are getting tired of the extreme cold in the winter season, and are looking for a climate that is more equal in temperature. A great many sought homes in the South, but conditions are not favorable for families to enjoy life like they are accustomed to in the North. The negro question has been a drawback to that region, and the dissatisfied inhabitants of the North have turned their attention for the present to Oregon. We get hundreds of letters asking for literature and information concerning Oregon and Washington, and we answer every inquiry.

"The Harriman lines will start thousands of desirable immigrants to the coast this spring, and Oregon will get more than its share of the settlers."

BEHIND THE HUMAN EYES. Invention Has Been Perfected for Photographing the Cavity.

(Chicago Chronicle.)
The difficulties ophthalmians have experienced in arriving at an accurate diagnosis of the complaints from which their patients are suffering have led to experiments in photographing the eye. For this purpose an instrument has recently been invented, affecting optical science in general, and the further development of the eye specialist's profession in treating eye diseases and faulty vision in particular. According to a German exchange the assistant of the university clinic of the Royal Charity Hospital, Dr. Walter Thorne, has succeeded in solving a problem which had received much attention from many others before him, but with little or no success. He has managed to photograph the background of the eye, and obtain good pictures of it, too. His invention represents a material improvement on the ophthalmoscope, invented by Helmholtz, in 1850. The latter, however, only admitted of viewing the background of the eye.

The fact that all attempts to photograph the interior of the background of the eye had remained fruitless so far was due to the peculiar construction of the eye. It is difficult to light up the interior to such an extent as to enable one to take a photograph of it, and even in the use of strong sources of light the exposure would require so much time that the eye would have to be fixed, which would mean inconvenience to the patient. Now Dr. Thorne has constructed an apparatus with which he first succeeds in photographing the eyes of animals, especially cats.

Court Considers Petitions - Railroad Assessment Case Dismissed

Frank Hilger, a native of Austria-Hungary, declared his intentions to become a citizen of the United States today.

Marriage license was issued today to Reuben Patty and Iva R. Sherwood. The county court considered several petitions today. The petition of the Corvallis & Eastern Company for a reduction of their assessment was heard and dismissed. J. K. Weatherford presented the argument for the petitioners.

The petition of O. I. Morris and others to change a road in district No. 26, and remonstrance of J. Q. Wilson and others against the proposed change were heard, and the case postponed until May 11th at 10 o'clock a. m.

The petition of J. F. Calbreath for permit to erect telephone poles in the county road from the Sol Durbin corner was granted.

Petition of Geo. Custer and others for a new road near Silverton was continued to June term.

Petition of district No. 7 for aid in building roads was granted.

Petition of residents on river road to Lincoln for aid in rebuilding road granted.

Petition of district No. 17 for aid in building road from Pudding river to Lake Labish bridge was granted, all road aid being the customary 40 per cent of the amount subscribed by the residents of the districts.

The court will go to Jefferson on Monday, and will consider the feasibility of building and improving several roads near that town.

It is remarkable what different results you get in putting a spoonful of either Economy brand, or any of its imitations into a cup of coffee. You will observe that the former goes almost twice as far. Besides Economy brand has always that smooth and appetizing appearance which is characteristic of a perfectly prepared Evaporated Cream. While it may cost a little more than other brands, it is certainly worth more.

Census Board Meets.
There will be a meeting of the city census board, and the enumerators recently appointed by the city council to take the census of the city at Justice of the Peace E. D. Horgan's court room at 8 o'clock this (Friday) evening.

Win Robertson, the drug drummer, is in the city for a few days.

Methodist Episcopal Conference at Los Angeles, Cal.

Account of conference, the Southern Pacific Company will make reduced rates on the certificate plan, from main line points in Oregon, south of Portland. Passengers will purchase tickets to Los Angeles, for which the agent will collect the highest one-way rate, giving a special receipt. On presentation of this receipt, duly executed by original purchaser, the Southern Pacific agent at Los Angeles will sell a return ticket at one-third fare. Sale dates from Oregon points will be April 19th to May 7th, inclusive, also May 9, 12, 16, 19, 23d, 26 and 30. The last day on which certificates will be honored for return at reduced rate from Los Angeles will be June 5, 1904. 4-15-6Pri
