

# SSS FOR THE BLOOD

The best known and most popular blood purifier and tonic on the market to-day is S. S. S.

There is hardly a man, woman or child in America who has not heard of "S. S. S. for the blood." It is a standard remedy and specific for all blood troubles and an unequalled spring tonic and appetizer. S. S. S. is guaranteed purely vegetable, the herbs and roots of which it is composed being selected for their alternative and tonic properties, making it the ideal remedy for all blood and skin diseases, as it not only purifies and invigorates the blood, but at the same time tones up the tired nerves and strengthens the general system.

Your S. S. S. in my opinion, is as good a medicine as can be had; it simply cannot be improved upon as a remedy to enrich the blood and to invigorate and tone up the system. This spring my blood was bad and I was run down in health, and having seen your medicine highly advertised I commenced its use. To-day my blood is in fine condition and my general health is of the best. Am I a man for a large concern here, and if I was not in good physical condition it would be impossible for me to fill the place. S. S. S. has been of great service to me. I do not hesitate to give it the credit it deserves. W. M. F. VAN DYKE, 815 Fifth St., Beaver Falls, Penn.

For Chronic Sores and Ulcers, Catarrh, Rheumatism, Blood Poison, Malaria, Anemia, Eczema, Psoriasis, Salt Rheum, Tetter, Acne, and such other diseases as are due to a polluted or impoverished condition of the blood, nothing acts so promptly and effectually as S. S. S. It counteracts and eradicates the germs and poisons; cleanses the system of all unhealthy accumulations, and soon restores the patient to health. If you need medical advice write us about your case, and your letter will receive prompt attention from our physicians, for which no charge is made.

**THE SWIFT SPECIFIC CO., ATLANTA, GA.**

side edition of Shakespeare, in handsome bindings. Mr. Glover's essay was the best one of the literature class. His subject was "A Study of Tennyson's Drama, 'Becket.'" He is to be congratulated on his achievement.

After the program the graduates went to the lecture room of the church, where an informal reception was held. Light refreshments were served, and a general social good time was had.

**Celebration at St. John.**

St. John, N. B., June 23.—St. John was en fete today in celebration of the 300th anniversary of the discovery of this section of the American continent by the French explorers, Champlain and De Monts. The tercentenary is being celebrated also this week at Calais, Me., and at various points in Nova Scotia and New Brunswick. Preparations for the celebration here have been going forward for months past and the result is one of the biggest affairs ever seen here. The celebration is under the general direction of the Historical Society of New Brunswick.

The various features of today's programme included a regatta in the forenoon and the formal opening of the new Carnegie library this afternoon. In the library has been placed a handsome memorial tablet to Champlain.

Tomorrow will be the big day of the celebration when warships will be in the harbor representing the navies of the United States Great Britain and France. There will be a military and naval parade and in the evening a general illumination of the harbor.

**GOT HIS HAIR BACK.**

Was Perfectly Bald When He Started to Use Newbro's Herpicide  
 Frederick Manuel, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Daniel J. Fry, Special Agent.

**There's Great Satisfaction.**

In wearing laundry work that you know is the very latest style.  
 We keep abreast with the latest styles in every department. We constantly keep our eyes open for anything new that will improve our work in the slightest degree.

**RETURN FROM THE EAST**

**Mr. and Mrs. Condit Are Home After a Six Weeks Tour**

Mr. and Mrs. A. O. Condit, who have been spending a couple of months in the East returned to Salem last evening, and are very happy to be back in their Oregon home. The trip was one of pleasure, and was a success in every way. They went East over the Denver & Rio Grande, making their first stop at Salt Lake, Denver and on to Chicago. After a few days in the great pork packing metropolis, they went by the Lake Shore to Buffalo, thence by the New York Central to Albany, and down the Hudson by steamer. Thus they traveled over some of the finest railways in the world, and down that historic stream which has so much of interest connected with it. After a short visit in New York, where they visited the great parks and other points of interest, they went to Boston, where they likewise had several pleasant days. Next they went to Philadelphia and Washington. On their return from the national capital, they visited different points in Ohio and Illinois, thence to St. Louis. Here they saw the great fair, which is a marvel. They had previously visited the remains of the Philadelphia, Chicago and Buffalo expositions of the past quarter of a century, and gained a magnificent idea of the great fair projects of the world. In New York they met Dr. Frank Matthews, a son of the late H. V. Matthews, of this city, who is now a hospital physician on Blackwell's Island. In Boston they saw Miss Hortense Kimball, who is finishing her musical education there, and numerous other old acquaintances were seen along the line.

After leaving St. Louis, they took the ride up the Mississippi river on the Burlington to St. Paul, which goes through a magnificent stretch of country. Mr. Condit confesses a disappointment in many ways concerning the East. In fact, he thinks there are many advantages out West over the conditions in the older sections of this country. From St. Paul they took the Canadian Pacific home, and thus closed a tour of 7000 miles in a most satisfactory manner.

It is unnecessary to say that Mr. Condit, who is a member of the school board, is more than pleased with the results of our late school election, as he is a firm champion of the high school. He made many observations while East, on educational matters. He was greatly pleased with the educational exhibits at the world's fair, and said the Oregon section is very creditable, except on account of the entire absence of manual training work. This department of work Mr. Condit has found to be of great value, and it is being generally introduced throughout the East. He thinks it is a mistake that Oregon has not taken steps toward the establishment of manual training departments in the

**Born So?** Is that why you are so cheerful? Or is it because you keep your liver active with Ayer's Pills? All vegetable, mild, sugar-coated. They act directly on the liver. Cure constipation, biliousness.

public schools, and points with interest to the results of this work for boys and girls who are receiving its advantages, where it is taught in the public schools. Boys and girls learn how to work. Boys are taught the mechanical arts, which will be of service to them in their everyday life. Girls are taught sewing, cooking, house keeping, and everything that pertains to the practical life in the home. These studies are introduced in such a manner as to be helpful to the pupils in their general school work, and the practical American mind is rapidly coming to the conclusion that these things must be adopted.

Mr. and Mrs. Condit feel that their trip has been a valuable one, and they return to Salem very much refreshed for their labors in our midst.

Mr. Geo. C. Will has kindly furnished a piano for the concert tonight at Marion square.

**Mardi Gras and Carnival at Portland**  
 A Mardi Gras and carnival will be held at Portland June 28 to July inclusive. Special attractions have been provided to make this the most successful carnival ever given in Portland.
