RELIABLE INFORMATION
 From Our Local Druggist, G. W. Putnam Co., Salem, Oregon.
 We want the people of Salem to know that we believe the most valuable preparation of cod liver oil—the best tonic, reconstructor, health-restorer and strength-creator known to medicine today is Vinol.
 Vinol, be it understood, is not a patent medicine, as everything it contains is named on the back label of every bottle. We guarantee Vinol contains in a concentrated form all of the medicinal, curative and body-building elements of cod liver oil actually taken from fresh cod's livers, but without a drop of oil to clog the system, upset the stomach and retard its work. This is why Vinol is so far superior to old-fashioned cod liver oil and emulsions.
 We do not believe there is a man, woman or child in Salem whom Vinol will not benefit at this season of the year.
 Vinol has become so well known and so highly regarded by the profession that it is actually guaranteed by over two thousand leading druggists of the United States to create health and strength for old people, weak, sickly women, and children, nursing mothers, and after a severe sickness, and for hacking coughs, chronic colds, bronchitis, and all throat and lung troubles, also to create an appetite and make those who are too thin, fat, rosy, and healthy. Try Vinol on our guarantee. It costs nothing if it fails. G. W. Putnam Co., Druggists, Salem, Oregon.

Cheated Death.
 Kidney trouble often ends fatally, but by choosing the right medicine, B. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain and suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." J. C. Perry, druggist, guarantees them at 50c.

Football Candidates.
 Russell Butler, the express messenger, after being on the West Side run for several weeks, returned to the Portland-Albany run yesterday. Ho, Reddy Rupert, J. A. Griffin and Dr. Leonard, all former Albany college football players, are now training on the Multnomah team, though the latter is not a candidate for a position. He has accepted the position of coach for the Hill Military Academy, and is keeping in practice. Several of the boys will probably make the team.—Albany Democrat.

TO MEET THURSDAY
 The thirteenth annual meeting of the Columbia River Branch of the Woman's Foreign Missionary Society, of the Methodist church, will convene in Salem, Thursday, October 5th, and continue through Sunday. A program of much interest to all has been prepared for each day and evening, and the public is cordially invited to be present.
 Delegates from Oregon, Washington and Idaho will be present and take part in all the meetings. The program will be interspersed with vocal solos by Mrs. Bean, Miss Bessie Cornelius, Mrs. D. F. Carnes, Miss Nellie Parsons, Miss Torea Benedict, Miss Ethel Cross and Miss Vera Byars, all of this city.
 The principal addresses will be given by Mrs. Willma House Keene, a returned missionary from China, which will be delivered Sunday morning, at 10:30 o'clock, at the First Methodist church. All meetings will be held at this church.
 President Goode was safely relieved of another address of welcome today.

Mrs. Alfred Coolidge, of Spokane, who has been the guest of Mrs. Amelia Miller for some time, went to Portland this morning to meet her husband, and the two will spend several days at the fair.
 Rev. E. B. Lockhart and wife left this morning for their new home in Elberton, Wash. They were stationed at Silverton last year, but, at their request, were transferred by the bishop to the Columbia River conference. Mrs. Lockhart was formerly Miss Jeanette Meredith, of this city.
 Clara Louise Thompson, who put on the "Huskin' Bee" for the benefit of the public library last year, is in the city again, and is endeavoring to arrange with the ladies' club to put on another play for the library. The play is called the "Katzenjammer Picnic," and has been very popular in Southern Oregon, where she has been giving it.

 The Baker City Democrat had the score reversed, and the Willamette University football players beat Stanford by 12 to zero in at least one newspaper of the United States. The press generally gave the Salem club credit for putting up a strong and scientific game.
 S. A. Lowell may have to be reckoned with by the political managers of Oregon. His plea for a "Square Deal for Oregon" made a deep impression on the Eugene convention. That is about what the whole convention and all the conventions of the Willamette Valley Development League stand for, now and hereafter, and Mr. Harriman and the rest of the magnates might as well get that through their cranians. The people of Oregon will back that idea, and any man who fairly and honestly stands for it to a finish.

A force of 25 men went to laying the street car track in the middle of the road on South Commercial street this morning. When the track is moved it will be in order to haul in the broken rock for that street. The contractors are to get to work this week. Then the car line is to be extended south a mile and a half to the rockpits.

In answer to some inquiries from Eugene The Journal is pleased to say that ownership of the electric lines and lighting plants of this city by Mr. Welch has been satisfactory to the people. Mr. Welch has put a great deal of money into the plants to bring them up to standard conditions, has put the street cars in better shape, and made the service more regular, and reduced the running time. The people of Eugene will not be able to get anyone in their town who will do much fairer or squarer work than Mr. Welch has done so far in Salem. "By their fruits they shall be known."

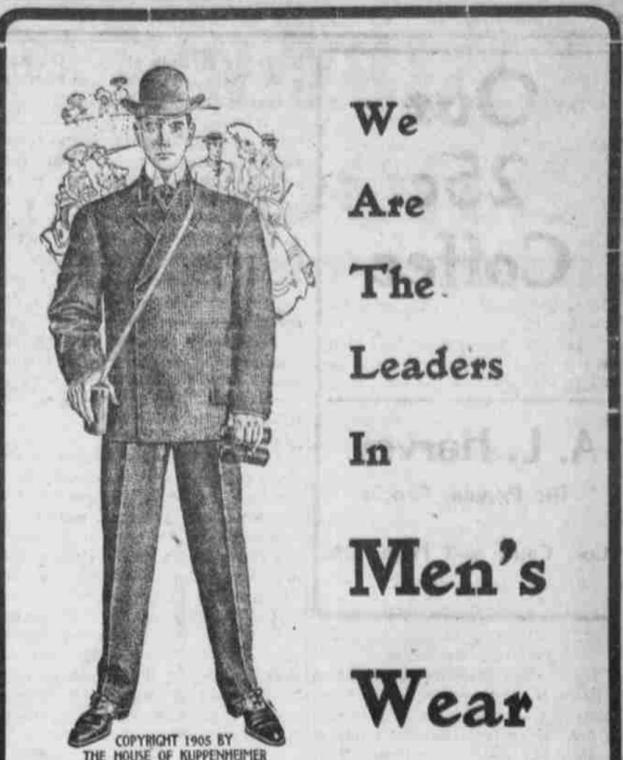

Most of the state newspapers reported the Eugene Development Convention very fairly, but the Salem Statesman editorial this morning overreaches the truth a little by saying:
 "The first speaker on the program opened the ball WITH A DEMAND FOR MUNICIPAL AND GOVERNMENT OWNERSHIP OF ALL SORTS OF PUBLIC UTILITIES, a very unwise recommendation where an effort is being made to induce men having

money to invest largely in this state." Now if he meant the reference to public ownership in the address of the editor of this paper, who, as president of the Willamette Valley Development League called the convention to order, and outlined its work here is what he said and what was published in all the papers:
 "Much development is possible through public ownership. Nothing should be done to discourage investment of private capital, or investments by corporations; but THE PEOPLE OF WESTERN OREGON SHOULD RESORT TO PUBLIC OWNERSHIP ONLY WHERE IT CAN BE EMPLOYED IN ESTABLISHING A NEEDED PUBLIC UTILITY."
 The editor of the Statesman, who is uniformly fair and courteous, should have read the paragraph more closely before giving it the violent twist he did, because it aims to be absolutely fair and just to all.

X-RAYS
 Five persons are on the missing list in Portland since last Saturday.
 The wise Chinese peasant these days says "me to the woods," and stays there.
 General Diaz, of Madrid, Spain, was killed in a duel this morning. It is evident some one furnished an unloaded gun.
 The fair management is pretty tedious and preternaturally slow. Having charge of the turn-stiles it couldn't make them count 100,000.
 J. J. Hill went up the Columbia yesterday to take a view of Cape Horn. It seems that both Hill and Harriman want to run a tunnel in a horn.

Offensive partisanship always seemed a far stretched nicety, but still Secretary of War Bonaparte, presiding at a political convention seems a trifle out of place.
 Portland is bragging about its growth, and estimates it from the increase in its postoffice business. And in the same breath talks about the number of fair visitors.
