WILLIAM F. READ, PHILADELPHIA.

## SALE OF Dress Goods

It is our intention that every customer shall receive full value for every dollar spent under our roof. We value the enduring appreciation of those who transact business with us. We sell good, reliable goods at just and honest prices. An examination of our stock will readily prove this. Any store can put big prices into the papers, but no firm can show such real values as we are showing in Dress Goods.

**15c a yd**

Real 25c values and 20c values are in this assortment to be closed out at 15c because we have an enormous stock on hand.

An assortment of real \$1.25 and \$1.50 plaids. Excellent for skirts, waists and misses' dresses.

**Gunn Makes Portraits for 87c**

Providing you purchase a dollar's worth of goods at our counters.

### TWO MILLION IN COIN.

Big Shipment to Shanghai on Pacific Mail Liner China. San Francisco, Nov. 23.—Nearly \$2,000,000 in money will be taken out for the Orient by the Pacific Mail liner China, sailing on Saturday next. Three-fourths of this, consisting of 50 tons of Mexican dollars, is already aboard the China, under a strong guard. Such a big shipment of coin has not been sent in a liner for many months. Most of this silver is consigned to Shanghai. The China is also to take a full cargo of freight and many passengers.

### Battleships or Gunboats.

Washington, D. C., Nov. 23.—Naval officers are looking forward with keen interest to the recommendations upon which Secretary Bonaparte is at work respecting the increase of the navy. He is known to favor battleships and torpedo boats, and it is expected he will be influenced by the naval sentiment, which seems now to be against any other type of ships, especially the old time commerce destroyers and gunboats. It is held among some of the Secretary's advisors that the service has enough of the ships of the armored cruiser and gunboat class, and as an evidence of this examples are given of the policy of sending to the navy yards the ships of such types which are considered as no longer available for duty. In nearly every case where it has been a question of the repair of a ship of war of the intermediate type the department has determined there shall only be such work done as will prevent the ship from deteriorating, and no provision is made for restoring the ship to active duty. With this state of affairs before the secretary he is likely to accept the view that the service shall be maintained by having battleships and torpedo boats provided for in the next naval bill. It is understood that Secretary Bonaparte, while he intends to follow this policy, will not adopt the numerical proportions suggested by the general board.

### Mules to See Daylight.

Seattle, Nov. 23.—Nine electric locomotives will be placed in the Black Diamond and Coal Creek mines of the Pacific Coast Company by the first of the year, displacing 36 mules at the former and 11 at the latter mine. Some of the mules that will be sent to the surface by the first of the year will see daylight for the first time in 10 to 15 years. The mules have been working all that time under ground by electric light and miners' lamps. The company will try to sell the mules after the electric locomotives are introduced.

A direct current will be used in the Black Diamond and Coal Creek mines for, for they are not gaseous. Experiments are being made with an alternating current for use in extending the same system to the gaseous mines owned by the company. An overhead trolley system will be used on the electric locomotives. Their introduction will do away with a force of mule-drivers, but higher-priced motormen will have to be employed.

### Chicago Markets.

Chicago, Nov. 23.—Wheat, 83¢@83½¢; corn, 43¢@44¢; oats, 29¢@29½¢.

### Sues State Over Water Rights.

The State of Oregon has been made a party to a suit instituted in the circuit court of Umatilla county, by reason of its ownership of school lands in a district where the water rights for irrigation purposes are in dispute. The case was instituted by the Little Walla Walla River Irrigation Company against the Flats Irrigation Company, and others. The complaining corporation asserted that the defendants were appropriating water to which they had no right, and asked the court to restrain the defendant company from infringing on the plaintiff's water rights. When the court looked into the matter it found affairs in a very tangled state, and decided to summon into court all parties who had any interest in the water rights of the Little Walla Walla river. The state, as owner of school lands that were affected, was therefore drawn into the suit.

State Engineer Lewis has just returned from the irrigation district, after preparing complete topographical maps of all the country affected by the suit. These maps will be presented in court, where the water rights of all litigants will be determined.

### Man's Unreasonableness.

is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican" of Leavenworth, Ind., was not unreasonableness, when he refused to allow the doctors to operate on his wife, for female trouble, "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by J. C. Perry, druggist, price 50c.

### Saved by the Net.

Lawrence, Mass., Nov. 23.—All but one of the 400 girls attending the parochial school of St. Anne's parish, whose lives were endangered by fire in the building Wednesday, escaped without injury, although 25 of them were caught in nets by firemen, as they were dropped from a third-story window by a teacher.

Rena Drouin, 12 years old, was taken to a hospital suffering from the effects of fright and inhaling smoke, but it is thought she will recover. All the pupils except those on the third floor, who escaped by means of the net, marched out of the building in good order when the alarm was given. The fire was caused by an overheated furnace.

Sister Mary, one of the teachers, and her 25 pupils, who were on the third floor, could not get down the stairs on account of the dense smoke. The teacher led the children to the windows beneath which the firemen stretched a net. Under the sister's direction the girls climbed over the sill and were assisted to drop, and were caught safely in the net held by the firemen. After the last child had been cared for Sister Mary herself reached the street by means of a ladder.

### The Meriwether Court-Martial.

Annapolis, Md., Nov. 23.—The second day's court-martial of Meriwether opened with the reading of yesterday's record. Lieutenant-Commander Zeigler, executive officer of the training school on the Hartford, testified that Meriwether was on last summer's cruise, during which the naval regulations were read to the midshipmen and posted on the gun deck for the perusal of all persons. The regulations prohibit fighting between persons in the navy. Dr. Stone, chief medical officer of the academy, would not swear that Branche's death was not caused by diseased tissue. He said Branche's father forbade an autopsy.

### Jews in Mourning.

New York, Nov. 23.—Jews on the East Side today are in mourning for the victims of the Russian massacres. Six thousand men and women passed through the streets of the Ghetto in a mourning parade, behind a band of muffled drums, playing funeral dirges. Letters from survivors in Russia were read, all declaring those who survive now envy those who are dead. —A

New Chinaware, new Glassware, new Purse, new Handbags, new Collars, new Belts, new Hosiery, new Ribbons, new Gloves, new Laces, new Toys, new Games. A full line of Holiday Goods, making ready for the holiday trade. The Variety Store.

### Money to Loan

THOMAS K. FORD, Over Ladd & Bush's Bank, Salem, Or.

**Norwich Union Fire Insurance Society.**  
Frank Meredith, Resident Agent.  
Office with Wm. Brown & Co., No. 129 Commercial Street.

### Big Dance

And supper at Liberty hall, November 29th. 11-23-1wk\*

## Mighty Cool Driving

Come in and get fitted out with a good, warm lap robe. They cost considerably less than a doctor's bill for curing up a case of rheumatism or other trouble, due to exposure. All weights and prices.

### GOOD STORM APRONS

Liberal sized aprons for both buggies and hacks in the good rubber carriage cloth, \$1.25 and up.

Buggy whips at all prices, and superior in value. Our 25, 35 and 50-cent values we think are exceptionally good.

Try a box of Dixon's graphite grease and if you don't like it, after using half, come and get your money back.

We've made this offer to our customers in scores of instances, and have never had to refund, and have always made a new customer.

It's mighty good for buggies or hacks, as well as wagons.

## F. A. Wiggins

Implement House, 255-257 Liberty St.  
Farm Implements, Wheels, Automobiles, Sewing Machines and Supplies.

## Salem's Greatest Growing Store

McEVoy Bros. Corner of Commercial and Court Streets

### Football at Corvallis Tomorrow.

The big excursion is assured, and more than 200 people will go from Salem to Corvallis tomorrow to see the game between the football teams of Willamette and O. A. C.

The rate is only \$1.35 for the round trip, and a special train will bring the excursionists back tomorrow evening. Going up the trip will be made on the regular trains leaving Salem at 11 o'clock.

A great deal of interest has been taken in the game by the people of Corvallis and the surrounding country. All business will be suspended in Corvallis, and the people for miles around, who have been talking about the game for months, will swarm into Corvallis by the hundreds. It is estimated that fully 2000 people will see the game.

While Corvallis people are loyal to their team, and will back them to the last ditch, nearly everybody in the valley thinks that Willamette will win by a close score, probably one touchdown. It is thus expected to be one of the greatest football struggles in the history of the game on the coast. The Willamette boys are in the very pink of condition, and while they are confident of winning, they are also putting in some of the best practices that they have had this year.

### Great Cut in Prices.

Let the little folks come and look over our counters for their Xmas purchases. We have many things their pennies will buy. Remember we conduct a regular "10-cent" store, with higher-priced articles. Then again remember everything is reduced in price—\$1 articles to 25c, 25c to 15c, 10c to 7c.

With every 25-cent purchase you get a ticket on our fine \$10 doll, to be given away Xmas. She receives her many friends every day, so don't fail to call and see her, at the Economy store.

Where are you sick? Headache, foul tongue, no appetite, lack energy, pain in your stomach, constipation? Hollister's Rock Mountain Tea will make you well and keep you well. 25 cents. Dr. Stone's Drug Store.

### Mrs. Lambson Very Low.

This morning's Albany Herald says: A telegram received in this city yesterday from her son, stated that Mrs. Nellie H. Lambson, state commander of the Ladies of the Maccabees, was lying in a dying condition at the North Pacific sanatorium, in Portland, having recently passed through an operation for appendicitis. The many friends of the lady in this city will regret to hear of her precarious condition. It has been known for several days that Mrs. Lambson was lying ill at the sanatorium, as the result of the operation, but her condition was not considered so dangerous as it was found to be yesterday afternoon.

### ADDITIONAL PERSONALS.

W. H. Averill, of Brownsville, who has been visiting his son, Edgar, for the past two days, returned home today.

### W. O. W.

Camp No. 18, meets tomorrow, Friday night. General Rapson, of the Uniform Rank, will probably be with us. Let the team and all others that can be present.

### BOEN.

PUTNAM.—Wednesday, November 23, 1905, to Mr. and Mrs. C. S. Putnam, on South Commercial street, a daughter.

### A Pleasant Way to Travel.

The above is the usual verdict of the traveler using the Missouri Pacific railway between the Pacific coast and the east, and we believe that the service and accommodations given merit this statement. From Denver, Colorado Springs and Denver there are two through trains daily to Kansas City and St. Louis, carrying Pullman's latest standard electric-lighted sleeping cars, chair cars and up-to-date dining cars. The same excellent service is operated from Kansas City and St. Louis to Memphis, Little Rock and Hot Springs. If you are going east or south, write for particulars and full information.

W. C. M'BRIDE, Gen. Agt., 124 Third St., Portland, Ore.
