

PICKERS ALREADY COMING

People From Eastern Oregon and California Gathering to Harvest Hop Crop

"People from several states are beginning to gravitate towards the hub of Oregon," said Walter Lyon, of Independence, this morning.

"Hop pickers have already arrived from Eastern Oregon, and have pitched their tents, and will await the beginning of the picking season, which this year will be September 1st. The Eastern Oregon people came by wagon, and traveled over the Barlow trail. Pickers are already on the grounds from the Sacramento valley, in California, and they are beginning to come in from different points in the Willamette valley. A great number of the pickers will come up from the city of Portland and some from Oregon City and Salem, but the growers prefer those from the country, as they work better, as a rule."

The biggest yards in the world and the biggest district in the world has Independence for its center, and that is the reason Mr. Lyon refers to it as the "hub" of Oregon.

The Horst yards and the Walker Brothers' yards are the only yards that have listed all the pickers they need, but there is no anxiety felt on the score of securing enough pickers. The pickers usually gather to this big hop center, because the large yards there insure full days' work, a long season and work every day until the season closes.

Mr. Lyon says that, while it is true that there will be a shortage in the Oregon hop crop, in the big yards around Independence there is no shortage, and many of the yards will yield more than a ton to the acre.

Very near Independence is the Horst yard, with 400 acres; Krebs, 400; Hirschberg, 350; Ottenheimer, 100; George Rose, 200, and 25 other yards containing from 10 to 90 acres each. In this district there is an aggregate of 3500 acres in rich Willamette river bottom lands in hops.

It is estimated that there will be spent this year in this district \$250,000 for picking alone. The prevailing price will be 50 cents a box.

It was in the L. Damon yards in this neighborhood last year that Richard Gaines, a grandson of former Governor Gaines, made a record of 18 boxes a day, making his wages \$9 per day for the season. Wagers were offered that he could pick 20 boxes. In this district women often make \$2.50 and \$3 per day.

There is nothing doing in the way of selling at Independence today. Offers of 20 cents are freely made and are refused.

H. Hirschberg has announced that as soon as the price reaches 25 cents a pound he will distribute \$100 in nickels among the small boys of Polk county.

Negro Mutineers Hanged.
Wilmington, N. C., Aug. 17.—Arthur Adams and Robert Sawyer, two of the three negroes convicted of mutiny and murder on board the Philadelphia schooner Harry A. Berwind, were executed today by hanging. Their accomplice, Henry Scott, was hanged last month.

PACK HORSES BURNED

A dispatch from Detroit yesterday says: The forest fire is still running on both sides of the Santiam river, near here, and it is difficult to estimate the amount of damage done. The railroad bridge on the C. & E. R. R. leading up Breitenbush creek to the logging works of the Curtiss Lumber Company was burned yesterday, also the flumes and all the buildings located at the Curtiss Lumber Company's dam.

Sixteen pack horses, belonging to different packers here, were burned to death Monday, and people encamped at Hot Springs are unable to get out. The fire is checked, however, between Detroit and the springs, and the campers are in no real danger.

Many cows and pigs belonging to the mill hands have met death along the path of the fire, and several families barely escaped from their homes with their lives. Mills and logging camps have suspended work, and all hands are fighting fire. One party was working at the dam a couple of miles below here when the fire closed in upon them, and the only means of escape was to wade up the river.

The fire on the north side of the river is about all extinguished, but is burning rapidly on the south side. Not much more damage can be done there, however, except to the timber, and this is falling fast as a result of the flames. It is said to be the most destructive fire ever known in this part of the state.

DUNN COURT MARTIAL

Vallejo, Cal., Aug. 17.—The court-martial was continued at Mare Island this morning, with a big crowd in attendance. Chief Seaman W. E. Richmond, the first witness, stated he saw the Churchill woman in Dunn's room at the time before stated by the other witnesses. She generally sat on the bed. Dunn signed all orders and performed the duties of executive officer. He was drinking heavily, but did not appear to be ill. Assistant Paymaster Mel testified he saw the accused officer drunk in Paymaster Nicholson's office at 5:30 p. m. Mel went to Dunn's room to awaken him to perform certain duties. Dunn was drunk and stupid. He next saw Dunn at 8:20; he was then leaving the room with the woman. Paymaster Nicholson stated he saw Dunn drunk, and later searched Dunn's room for liquor, and found both beer and whisky. Later he saw the woman leave the ship. He did not consider Dunn fit to conduct affairs of the ship. Captain G. B. Harber, commander of the Independence, stated that he was informed the woman was in Dunn's room, and sent word three times for the woman to leave the ship. She finally left. Next day the witness asked Dunn for the woman's address, and Dunn didn't know it. July 18th he again asked Dunn for the address, and Dunn replied he knew her phone number, but not the street number.

Herrera to Meet Neary.
Milwaukee, Wis., Aug. 17.—Under the auspices of the Badger club Aurelio Herrera, the Mexican boxer, is to fight Charlie Neary this evening. Herrera and Neary are to fight eight rounds and Herrera is to receive \$1000 for his trouble, whether he wins, loses or fights a draw. It is believed that Herrera will put up the fight of his life and that there will be no draw this time.

Neary and Herrera have fought three draws, two at the Panorama and one in Grand Rapids, Mich. The fourth time they were to have met in Butte, Mont., on July 4th, of last year, but the authorities stopped the battle in the first round. Herrera has lost a great deal of his popularity since the fracas with Nelson at Los Angeles, but he is still a hard hitting fighter and may be depended upon to give a good account of himself this time, particularly, as he has a personal grudge against Neary. As the Eagles are holding their convention here this week, a large attendance at the fight is expected. According to the arrangements with the principals the sixty per cent of the gate receipts will be divided between them.

SOME NEW BURBANK CREATIONS

Five new creations, the work of Luther Burbank, the plant wizard, have been prepared for market, and, according to a bulletin received by Prof. E. J. Wickson, of the department of agriculture at the state university, will be commonly grown within a year. The new plants are listed in a catalogue just issued by Burbank, and his experiments have been conducted on such a large scale that a stock of seeds of the new creations have been prepared, and will be at once placed on the market.

The first and most wonderful of the new creations is the Improved Australian Star flower. The variety just perfected by Burbank is of unusual beauty and color, and is of the nature of the old-fashioned Everlasting flowers. The Shirley poppy, which is commonly grown in California gardens, is larger and more beautiful than anything which has ever been offered, and the colors particularly are blended in a new manner. The California Wind poppy is another variety of the common cultivated poppy, differing slightly from the Shirley poppy. The Heuchera Christiana is a new foliage plant, which is considered by Burbank to be one of his most wonderful creations. It has large leaves of peculiar shape and brilliancy, and is one of the most striking foliage plants known.

The Patagonia vegetable squash is a variety of vegetable which has been imported from Chili by Burbank, and greatly improved. It is an apple shaped squash, very sweet to the taste, and is expected to be a favorite garden squash.

ZOLOCO'S FAST MILE.

Champion Exhibition Pacer Made a Quick Mile This Morning.
Zoloc, the champion side-wheeler, that is being trained at the state fair grounds, made a mile this morning in 2:07 1/2. Zoloc has a record of 2:05 1/4, and his trainer believes he will go the mile in 2:03 at the fair. Zoloc will not be a contestant in any of the races, as there will be nothing here in his class, but will give some exhibition heats to show his speed. This morning he started off slow, but warmed up presently and began to get in his work, and finished the last quarter in 31 1/2 seconds.

Object to Wirtz Monument.
Minneapolis, Minn., Aug. 17.—The G. A. R. adopted a resolution asking the Associated Confederate Veterans to use their influence to prevent the Southern women erecting a monument to Wirtz, who was commander at Andersonville. They tabled a resolution favoring the canteen for the soldiers' homes, and adjourned.

Jews Flee From Poland.
Bucharest, Roumania, Aug. 17.—In Warsaw a panic is following the killing of Jews, and hundreds of fugitives are rushing on to Roumania. Refugees say the anti-Jewish riots have extended until none feel safe.

HOPS WILL SELL FOR TWENTY

Dealers Believe There Will be Few Sales Before Picking Time

Conservative hop dealers in this city believe that there will be few more sales of hops in the Oregon market before the crop is gathered. That is, the dealers say, that offers will be made at 16, 17 and 18 cents, and some of them say they will give 20 cents for good hops, but it is the consensus of opinion that the growers will be cautious about selling, and most of them will be content to wait and place their hops on the market at the prevailing price at baling time. It is likely that some 20-cent purchases will be recorded today, as at least one firm has orders from the East last night by telegraph to give that figure.

Married Twelve Days.
Tacoma, Wash., Aug. 17.—After 12 days of married life, Ethel Roberts and Arthur Ashley, of the Allen Stock Company, who were married on the stage of the Star theatre July 28, separated, and Mrs. Ashley said yesterday that they would never live together again.

Mrs. Ashley is staying with a friend. Her husband keeps his old rooms at the Irving Hotel. Mrs. Ashley is careful to say nothing that might show where the blame for the separation might rest. Mr. Ashley declined to be interviewed, but admitted that he and his wife were not living together, but added: "It is only a trifling matter, and I hate to talk about it."

Asquam Lake Water Carnival.
Plymouth, N. H., Aug. 17.—The fifth annual water carnival under the auspices of the New England association of amateur athletic unions is being held on Asquam lake, Mount Livermore cove, today. The list of events includes boat races for boys, women and men, canoe races, swimming races for boys, men and women, launch races, a parade of decorated launches and in the evening illumination of the boats, launches and canoes on the lake. Prizes will be awarded to the winners in each event.

North America Shaken.
Washington, Aug. 17.—North America was shaken by the same earthquake which shook South America last night. The seismograph here gives a clear record, and shows that at 7:50 the earth swayed a quarter of an inch. It began at 7:29 and continued four hours. The record indicates that it must have been very severe at Valparaiso, but the recording pen was not so much agitated as during the San Francisco and India earthquakes.

Southern Pacific Dividend.
New York, Aug. 17.—The Southern Pacific this morning declared a dividend of two and a half per cent on common. The Union Pacific dividends are payable to stockholders of record September 15th, and the Southern is payable October 1st, to stockholders of dividend warrants. Dividends have been expected, as both companies have been showing immense earnings.
