

Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have become worn-out, and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nerve will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nerve, and used altogether eight bottles, and I became strong and healthy, and now weigh 170 pounds."

H. C. CUNNINGHAM,
109 Ellsworth Ave., Allegheny, Pa.

Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

REGARDING POLITICS

People Elected Them.

Governor Chamberlain was right in recommending in his message the election of Mulkey and Bourne to the United States senate. The people declared them their choice last June and no conscientious legislator can oppose the voice of the people.—Baker City Democrat.

"Hot Air."

While much is said under the head, "Railroad Commission," might be classed as hot air to the galleons he is careful to expressly insist that the commission be appointed by the governor. Everybody likes "George" and "George" makes a good governor? Besides all his other good qualities "George" is a way up politician. There is no doubt but good and true Democrats can be found to fill all the positions that the legislature will provide for, and give "George" the power to appoint.—Arlington Record.

An Open River.

Free locks at Oregon City will mean an open river to Eugene within four years.—Eugene Guard.

Any More Coming.

Republican Oregon has recently been entertained by its Democratic "representative" in the United States senate assailing a Republican President. This is not surprising, but how much longer is Oregon, possessed with such a large Republican plurality, to have Democrats in the senate? Is Gearin to be succeeded by another.—Woodburn Independent.

A Square Deal.

All that labor unions ask is a square deal, and when they overstep—if that were possible—the bounds of reasonableness in their demands the Labor Press will not attempt to bolster their erroneous position.—Portland Labor Press.

Spirit of Reform.

The corporations will be avid and exacting and relentless in their efforts to emasculate all that is done in the way of re-adjustment; all the wisdom of the house and senate must be alive to the thwarting of these attempts to defeat everything in this line. It is going to take bold and honest work, plain everyday business methods, and an unceasing vigilance to compass the desired ends but we believe the spirit of reform is in the air, and that every legislator knows his duty and the honor, and the peril, of its performance or its non-performance.—Astorian.

Most Important.

One of the most important matters of legislation which he urges is that of the creation of a railroad commission. Now that there is so much activity in railroad affairs in Oregon the need of a commission is pressing. The state has laws regulating railroads, but has no commission to see that they are carried out. There is no better suggestion made in the governor's message. This is only one of several good recommendations made by Governor Chamberlain.—Coos Bay Times.

The Last Blow.

And now we wish to again state that if Mr. Bourne is defeated we will simply glory in it as any Republican should, and if he is elected we will bow gracefully to the will of the members of the legislature; but in any event we expect to go on with our efforts to have the direct primaries law, as it applies to the election of United States senator, amended along the lines we have frequently pointed out.—The Dalles Optimist.

Plank from League Platform.

With only a few exceptions Governor Chamberlain's message could correctly be labeled "Platform of the Willamette Development League." The cause for this lies in the fact that the governor represents the progressive ideas that are responsible for the rapid progress being made by the state of Oregon. This, too, tells the whole story of his strength and popularity with the voters of all political parties.—Albany Herald.

A Big Thing.

State School Superintendent Ackerman has undertaken a delicate task in framing a compulsory education law but is deserving of the greatest credit for his attempt and will have accomplished the greatest of great things if he has successfully solved that difficult problem.—Baker City Herald.

All But One.

The governor's message has the ring of an honest man and one who endeavors to faithfully perform his duty and is solicitous for the welfare of the Oregon people. His recommendations are all good but one and should be favorably considered by the legislature. The exception is the

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—a thoroughly removes every taint or corrupting element. In this way it cures blotches, pimples, eruptions, s-rofulous swellings, sores, or open cutting ulcers, and all humors or diseases arising from bad blood. If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agent known to medical science for the cure of the above ailments, and for the cure of all the ailments of the digestive tract, is Dr. Pierce's Golden Medical Discovery. It is a simple, natural, and safe remedy, and is the only one of its kind. It is sold by all druggists, and is the only one of its kind. It is sold by all druggists, and is the only one of its kind. It is sold by all druggists, and is the only one of its kind.

Will Be Candidate.

Governor Chamberlain is anxious that the provisions of the direct primary nominating law, especially that part pertaining to the election of United States senator, be carried out to the letter. He will be a senatorial candidate next time.—Woodburn Independent.

Governor Should Appoint.

If a railroad commission law is enacted, the governor should select the members. He should also be given power to remove a member at will. This will place the responsibility for the acts of the commission upon the chief executive of the state and the people will hold him accountable for any malfeasance or neglect of duty on the part of the commissioners.—Eugene Guard.

Convict Built Roads.

The corporations which have been employing state convicts in their shops for so many years cannot be expected to remain passive while a measure compelling them pay the regular scale of wages for their employees is being passed. They will fight it to the last ditch. General sentiment, however, is so strongly in favor of the passage of the bill that there is little danger of the senators and representatives ignoring the will of the people and in all probability the bill will become a law despite the fight of the corporate interests.—Baker City Herald.

Not Spectacular.

The message of the governor is not nearly so spectacular as many supposed it would be. In most instances it is very commonplace while in others it is non-committal. The state being in splendid condition in every particular there is indeed, but little to say or recommend. Out of debt, as it has been for fifteen years, with the state institutions well managed, as they have been for many years past, and really, with little legislation necessary, there was not much for the governor to recommend to the law-making body that has not already been pretty well discussed by the people and the press.—Pendleton Tribune.
