

### OUR SPRING AND SUMMER STOCKS ARE COMPLETE AND NOTABLY LOW PRICED

EVERY SECTION OF THIS STORE IS NOW RADIANT WITH NEW SPRING AND SUMMER MERCHANDISE AND WEARABLES. With extraordinary care and discrimination our purchases have been made. Nothing doubtful is here—only the primest favorites of fashion—the eminently correct—the pronouncedly proper and the unanimously approved. And throughout these new gatherings there runs a charming note of distinctiveness—of exclusiveness—of general differentness and superiority if you please, which will place them in highest favor. And we are able to offer our customers a big price advantage. Through our eastern buying connections we have bought at lowest possible prices, and, furthermore, our orders were placed before the recent sharp advance which has taken place in the cost of all lines of merchandise. This gives us a distinct advantage over all our competitors and permits us to, in every instance, give you better values for the amount spent. You will find delightful and interesting to inspect the new stocks, and comparison will show what appreciable savings you can effect by filling every possible need here.

STYLISH READY TO WEAR GARMENTS.

There's a smartness of cut, a gracefulness of line, a freshness of look about the beautiful Spring Suits, Coats, Skirts and Waists we are showing to set a woman all a-tingle with desire to wear them.

Their prime vantage points over other garments offered are a certain aristocratic individuality and exclusiveness of design—a certain perfection of finish (impressive of our taste and care in selecting)—a particular fairness of price (expressive of our intelligent and fixed determination to get the very best for the very least that can be paid).

Another strong feature of the showing—its entire completeness. Garments for every age and figure are here.

There are trig and jaunty models showing ultra-fashionable features of fabric and trim for the miss who seeks dash and unusualness in dress—refined and dignified models for the matron—models notable for a beautiful simplicity of design for those desiring distinguished but unobtrusive styles. No taste but can find here its perfect fulfilling.

Out of all the many good garments shown, we believe you'll find our best in all the points that go to make superiority.

Such suits are worthy of closest study—and eager buying.

### A QUESTION

When Eating an Orange... You Thow the Skin Away? You immediately answer, "Yes," the skin is indigestible, and is useless.

This delicious and nutritious has a parallel in cod liver oil. The elements are to be found in the oil, and for centuries people have been swallowing the greasy, fishy, nauseating oil, with no raw form or in an emulsion, the benefit of these modern preparations.

Now it has been proven by celebrated French chemists that oil which envelops the curative elements found in the cod's liver is as useless as the skin of an orange and have discovered a way to separate all of these medicinal elements from the oil, retaining all the good and eliminating the bad, thus make Vinol.

This will explain what a valuable medicine Vinol is, and why it is so successful in curing various troubles, giving strength and renewed vitality to the weak, run-down and aged, and curing coughs, colds, and building up convalescent, and it is becoming known so well that Vinol is so that we unhesitatingly offer in return money in every case where fails. G. W. Putnam Co., drugists.

Note.—While we are sole agents for Vinol in Salem, it is now for sale at the leading drug stores in every town and city in the United States. Look for the Vinol agency.
