### DESPERATE FINLANDER IS FINALLY CAPTURED

Boise, Idaho, Nov. 19.—The Finlander who had held Harry Garrett prisoner at the Calkins ranch house, near Nampa, was shot and fatally wounded today after the boy had escaped by jumping from a window. As soon as the posse began to fire a fusillade of shots in the room from the outside and through the floor. The Finn responded with repeated shots, but hit no one. He was soon badly wounded and ceased firing and a cautious entry to the room was made. He was found in a dying condition. The name of the desperado is not known, but it is thought he is from Astoria, Ore.

Yesterday morning the desperado came to the Garrett home and without ceremony seated himself at the breakfast table and began to eat ravenously. A young son of Garrett, who lives on the Calkins ranch with his family, identified the man as being wanted at Nampa for shooting and seriously wounding Policeman Fleming several days ago and left the house to telephone the sheriff at Caldwell.

As soon as the Finn discovered young Garrett's intentions he fled to the upstairs of the house, taking Harry with him. He notified the father that any attempt on the part of the posse, which soon surrounded the house, to arrest him, would result in the death of the boy. Every means to capture the desperado was without avail.

This morning as soon as Harry Garrett succeeded in escaping, the posse began a fusillade on the house and the desperado was shot.
