For the first time in a good many weeks, the city jail was locked up again this morning after the regular roll call by Judge Moores, with but one lone man to serve time. The fellow gave his name as "Barney," and was booked with drunk and remaining on the streets at an unusual hour. Judge Moores fined him \$5, and in default of which he was given two and a half days. Barney did not demur, but slightly intimated that he would like to have an opportunity to secure more favorable quarters.

They came from the farm of Mr. Wallace, who resides about three and a half miles west of the city, and were of the Spitzenberg variety. After holding them a month Mr. Davis found a market for them in Portland.

## MILLIONAIRE'S DAUGHTER GETS INTO STRIKE GAME

New York, Dec. 20.—Mrs. Oliver H. Belmont and Miss Anna Morgan, daughter of J. Pierpont Morgan, today assumed active control of the strike of the shirt waist makers.

It is announced today that they are preparing to hire lawyers to defend any of the strikers' pickets who may be arrested, and to make a test case upon the first opportunity.

If this is done, it will be the first instance on record that the rights of the police to arrest strike pickets has been tested.

## Philadelphia Takes Hand in Strike.

Philadelphia, Dec. 20.—A general revolt against the conditions prevailing in local shirt waist factories was inaugurated today, when several thousand workers left their machines. Leaders of the Philadelphia unions predict the strike may rival the one now in progress in New York, in which nearly 50,000 wage-earners are involved.

Many a good resolution evaporates over night. Why not clap a "lid" on it?

## RACE WAR RAGING.

One White Man and Two Negroes Killed.

Grand Cane, La., Dec. 20.—Three men are dead and six seriously wounded as the result of a battle between parties of white men and negroes near this city early today.

The trouble started when a white man accused a negro of stealing his hogs. The negro and a brother-in-law resented the accusation, and opened fire on the white man. The two negroes were instantly killed, when Allen, the white man, and a party of friends returned the fire. Allen was fatally wounded and died an hour later.

## Ill Health Is More Expensive Than Any Cure.

This country is now filled with people who migrate across the continent in all directions seeking that which gold cannot buy. Nine-tenths of them are suffering from throat and lung trouble or chronic catarrh resulting from neglected colds, and spending fortunes vainly trying to regain lost health. Could every sufferer but undo the past and cure that first neglected cold, all his sorrow, pain and anxiety and expense could have been avoided. Chamberlain's Cough Remedy is famous for its cures of colds, and can always be depended upon. Use it and the more serious diseases may be avoided. For Ill Health Is More Expensive Than sale by all good druggists.

Durum Day in North Dakota fell flat, owing to the fact that the millers of durum flour made an effort to supply the public with their product. There are several inferences to be drawn, one of which is that there are more profitable ways for the millers to handle durum than to sell it for durum flour.

Tucson, Ariz., Dec. 20.—The wreck of Southern Pacific train No. 4, formerly known as the Goldenstate Limited, near Benson, today, which resulted in the death of two, the probable fatal injury of three, the serious injury of nine and caused two more to suffer minor hurts, was caused solely by taking Pay Car curve at a high rate of speed, according to the verdict of investigating board, made public today.
