### MEXICO MAY CUT LOOSE FROM UNCLE SAM

REASON TO BELIEVE BONDS OF INTEREST BETWEEN MEXICO AND UNITED STATES IN KEEP- IN PEACE IN CENTRAL AMERICA ARE ABOUT READY TO SNAP.

Washington, April 29.—Has Mexico decided to cut loose from Uncle Sam and follow its own course in supervising the political affairs of Central America?

This is becoming a serious question, not only in the United States, but in those republics which have heretofore kept their eyes on their big neighbors of the north before executing a political coup. There is reason to believe, too, that the bonds of mutual interest which United Mexico and the United States in keeping the peace in Central America and, possibly, with each other, are just about ready to snap. The particular occasion for this surmise was the Nicaragua situation. When the United States could no longer tolerate the impossible Zelaya, who committed just one crime too many in murdering the two Americans, Mexico hurriedly sent former Ambassador Creel to Washington to see if "something could not be done." It was shown very quickly that "something" could not be done and Creel went back to Mexico. Of course that should have ended the matter, but it didn't. Mexico and the United States had always joined hands on Central American affairs.

Together they had arranged the Washington conventions by which the five republics had agreed to keep the peace.

Despite this traditional friendship, when Zelaya fled, Mexico received him more like a fugitive king than a despicable tyrant whose career in Nicaragua would have made Calligula green with envy. He was taken aboard a Mexican war vessel and honor was paid him in every possible way by the government. But this was not all.

Zelaya having left, his office fell on the shoulders of Madriz, a more or less constant adherent and follower in his footsteps. The United States did not propose to accept Madriz any more than Zelaya, at least not until he had shown himself in a mood to give some heed to the constitution of Nicaragua. Mexico thought otherwise. Madriz was recognized almost immediately and Mexico did it with an air that indicated that if Uncle Sam didn't like it he could put it in his pipe and smoke. This was a vast contrast between the attitude of the two governments which worked together so harmoniously in arranging the peace conventions of Washington but a few years before.

When the Pan-American conference meets in Buenos Ayres next July it will be very embarrassing if Nicaragua should send delegates

who would be recognized by Mexico and ignored by the United States.

Penn's Big Relay Carnival.

Philadelphia, April 30.—Before thousands of spectators, the chosen representatives of over 200 schools and colleges of the country will meet under the auspices of the University of Pennsylvania on Franklin field, tomorrow afternoon, in the sixteenth annual intercollegiate and interscholastic relay race meeting. The entry list is an exceptionally fine one, comprising over 1,500 performers. Nearly all of the big colleges of the East and South will be represented. The institutions of the middle West also will have a good representation, including Michigan, Indiana and Kansas.

### FOR CONSTIPATION

A Medicine That Does Not Cost Anything Unless It Gives Satisfactory Relief.

If you suffer from constipation in any form whatever, acute or chronic, we will guarantee to supply you medicine that we honestly believe will effect permanent relief if taken with regularity and according to directions for a reasonable length of time. Should the medicine fail to benefit you to your entire satisfaction we promise that it shall cost you nothing.

No other remedy can be compared with Rexall Orderlies for the easy, pleasant and successful treatment of constipation. The active medicinal ingredient of this remedy, which is odorless, tasteless and colorless, is an entirely new discovery. Combined with other valuable ingredients, it forms a preparation which is incomparable as a perfect bowel regulator, intestine invigorator and strengthener. Rexall Orderlies are eaten like candy, and are notable for their gentle and agreeable action. They do not cause griping or any disagreeable effect or inconvenience, and may be taken at any time, day or night.

We particularly recommend Rexall Orderlies for children and for delicate or aged persons, because they do not contain anything injurious. Unlike other preparations, they do not create a habit, but instead they overcome the habits acquired through the use of ordinary laxatives, cathartics, and harsh physic, and remove the causes of constipation or irregular bowel action that are not of surgical variety.

We want you to try Rexall Orderlies at our risk. We know of nothing that will do you so much good. They are prepared in tablet form in two sizes: 36 tablets 25 cents, and 12 tablets 10 cents. Remember you can obtain Rexall Remedies in Salem only at our store—J. C. Perry.

### TO BUILD ASHLAND TROLLEY LINE

PLANS FOR SPEEDY CONSTRUCTION OF ELECTRIC ROAD FROM GRANTS PASS TO ASHLAND HAVE BEEN COMPLETED.

Bringing the money to construct an up-to-date interurban trolley line from Grants Pass to Ashland, John R. Allen, builder of the Pacific & Eastern railroad, has returned from New York City to complete details for the speedy construction of the electric road. He also announces that the work of constructing the Pacific & Eastern from Butte Falls eastward over the Cascades will be pushed with the same rapidity which has characterized the construction of the line. Mr. Allen will remain a month or so here, then go to New York for a brief trip, returning to make the Snowy Butte orchard his summer home.

"The proposed interurban trolley line has been entirely financed," said Mr. Allen, "and the money for building it is ready. Construction work will be started as soon as the city of Ashland grants a franchise. The people of Ashland, by a vote of two to one, amended the city charter so as to permit the council to grant a fifty-year franchise, so that it is evident they want the electric line, and I expect the council will soon grant one."

"I have not yet decided upon the route of the trolley line. It has

not yet been determined. I am here for that purpose and would like to meet the citizens of the various towns and the orchard owners who are desirous of having the line run through their property, and talk the matter over with them."

"The trolley line will be built with the latest equipment. It will be designed for both freight and passenger traffic. The rails will be heavy and the construction similar to that of the Willamette Valley line—a first-class, permanent road."

"As I stated before," concluded Mr. Allen, "construction work only awaits the granting of a franchise in Ashland. As soon as this action is taken work will be begun and pushed to a finish as rapidly as the Pacific & Eastern has."

"I will make my home in the Snowy Butte orchard, and brought my housekeeper and servants from New York with me for that purpose. Over half of the Snowy Butte tracts have been sold, and I am very well pleased with the experiment of cutting an old orchard into small tracts. I don't care whether the rest are sold or not, and am willing to hold them myself as a home."

"Fine progress has been made on the Pacific & Eastern. The road will be open to Butte Falls by the middle of June," says Medford Tribune.
