## Men to Fill Good Positions

Trained men are wanted everywhere; in fact, they are always wanted, for the demand is greater than the supply. This demand is not for the man who is able to earn only two or three dollars a day at hard manual labor and who can work only under the direction of some one else, but for the man who is able to plan and direct the work of others—the man whose training has qualified him to competently hold positions of responsibility.

The International Correspondence Schools, that great institution that has done so much in the past and is doing so much every minute for working men and women, offers you an easy way to become a trained man—to secure a good position in the trade or profession that best suits your taste and ambition.

The I. C. S. plan enables you to help yourself right where you are without losing an hour of work or a dollar of pay; without changing positions until you are ready to step into the one you desire; without obligating you to pay more than your present salary will afford, no matter how small it is. Thousands of men have secured life-long betterment through this great plan. Every month an average of 300 voluntarily tell us of such advancement. You can do the same as these men have done.

If you really want a good position, a larger salary, and a successful life, find out how you can secure it in the surest and most practical way in the world by marking and mailing this coupon. This puts you under no obligation. It is simply a request for further information. Clip, mark, and mail it NOW.

Of course, it is the principal stock in trade of a holy roller class to represent that Salem is a very iniquitous city, and that our young people are going to the bad in a hand basket. But recall the record of the Salem company of the Oregon National Guard at American Lake. There were about 100 companies there, and the Salem company not only never had a man appear on drill in any degree of intoxication, and not a man of them ever got into the guardhouse, and they were commended for their record by the inspection officers. Yet these same young men came from this city so severely condemned by the purification agents.

Small children are not the only ones who ask questions hard to answer. Not long ago a naturalist advanced the theory that the dog's ears lay over, instead of standing straight, as do a wolf's ears, because the dog has been domesticated and under the protecting influence of man so long that the necessity for keen hearing is less imperative. Now other dabblers in science are asking him why the ears of the donkey, which has been domesticated as long as the dog, show no signs of lopping over.

### Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by all good druggists.

## CONGREGATION WAS DISMISSED

PREACHER TOLD THE CHURCH WAS ON FIRE, TOLD THE CONGREGATION HE 'HAD JUST BEEN INFORMED THEY HAD BETTER VACATE THE BUILDING.

[UNITED PRESS LEAD WIRE.]  
Portland, Ore., June 6.—Workmen today started reeling the roof of the lecture room of the Third Presbyterian church on East Thirteenth street, which partially burned yesterday afternoon while Dr. William Parsons, the pastor, preached. The edifice was crowded with worshippers but all got safely to the street without undue excitement, owing to the cool headedness of the clergyman.

The flames were first observed by a little girl who had been passing the structure. She notified a church official and he in turn communicated with Dr. Parsons.

The minister stopped in the middle of his sermon: "My friends," he said, "I have just been informed that we had better vacate this building now. Please go out quietly." The people did so without confusion, not knowing the roof of the building was burning.

The fire was caused by a spark from the chimney.

### HAPPY RESULTS.

Have Made Many Salem Residents Enthusiastic.

No wonder scores of Salem citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Salem by Doan's Kidney Pills.

Mrs. M. E. Latham, Morning Side, Salem, Ore., says: "I was miserable for a long time and I think my trouble arose from disordered kidneys. My back ached constantly and there was a dull, grinding pain through my kidneys. I could not stoop or lift without suffering severely and my rest at night was badly broken. The kidney secretions also passed too frequently. Seeing Doan's Kidney Pills highly advertised, I procured a box and as they helped me from the first, I continued taking them until I had received a complete cure. I am glad to recommend Doan's Kidney Pills."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Ballard's Snow Liniment cures it. Mr. O. H. P. Cornelius, Turner, Ore., writes—My wife has discovered that Snow Liniment cures "Poison Oak Poisoning," a very painful trouble. She not only cured a case of it on herself, but on two of her friends who were poisoned by this same ivy. Price 25c, 50c and \$1. Sold by all dealers.

The writing on a fragment which is dated 200 years before Abraham left Ur to go into the land of Canaan has been deciphered, after months of hard work, by Professor Hilprecht of Philadelphia. It must have been even harder to read than the writing of a high school graduate.
