AND THROWS UP THE SPONGE

Indications are that the wave of insurgency will sweep Oregon at the Primary election September 24, and in November.

The election in Maine shows what the Republican party gets for monkeying with Prohibition for forty years,

The nomination of Poindexter in Washington for United States Senator is a plain rebuke to the Taft administration. The Oregonian today editorially confesses defeat for the Standpatters

and Machine Republicans, Read the following editorial and paragraphs in the Oregonian today and draw your own conclusions:-

What is the remedy?

There is none. The Democrats are playing both ends against

Maybe two to one.

What about Oregon?

The worst duck in the puddle. The partnership heretofore existing between the free-silver-Populist-sore-head Republican wing of the dominant party and the unbroken Democratio party, whose fruits are Bourne and Chamberlain, has not been dissolved. The firm is still doing business at the old stand.

Will Oregon elect a Democratic Governor in November? Possibly. That party's candidate is likely to poll more votes than the assembly candidates or the anti-assembly candidates. Up to Monday night 4911 electors in Multnomah had regis tered as Democrats. Watch that number multiplied by two
