Paul Staley and Leon Culberson form the committee that has charge of the details of the boys' tennis tournament on the courts of the State Tennis Association next Saturday. It is expected about 20 entries will be made, as there are a number of young men who are not proficient enough to enter more strenuous matches yet, who wish to pit their strength and cunning against other tennis enthusiasts of the city. Paul Wallace is offering prizes to the winners. There will be a silver cup awarded to the winner of the boys' singles. Only those under 10 years of age are eligible.

Mary V. Madigan, superintendent of the eugenics department of the Oregon state fair, has sent a pamphlet to the Commercial club in which she suggests that before babies are sent to the state fair contest, local contests should be held to determine whether they come up to standard. She says no first-prize cow or horse could cause as much pride as a prize baby in a home. She stated that scoring of babies, whether they win first prizes or not, shows parents what to do to make them better. A gold medal for the state championship will be given by the Woman's Home Companion and diplomas to first prize winners.

Throughout Eastern Oregon where many public schools are now in session and wherever school children were assembled in the valley today they sang the Star Spangled Banner at noon in commemoration of the 100th anniversary of the day upon which it was written. Such was the information received at the office of State Superintendent Churchill today from a number of the county superintendents. In many of the schools the pupils held short patriotic exercises and repeated this pledge: "I pledge allegiance to my flag and the republic for which it stands, one nation, indivisible, with liberty and justice for all."

BAY RUM IS NOT AN INTOXICATING BEVERAGE

Jamaican ginger is not an intoxicant unless it is mixed with alcohol, it is said to contain sufficient alcohol to produce intoxication and is sold as a beverage, according to an opinion handed down by the attorney general today. The inquiry came from Ernest Haskell, of Gardiner. The search of the statutes relative to this inquiry revealed an opinion from a learned judge who said that Jamaica ginger and bay rum, though containing alcohol, were not generally regarded as beverages and were seldom if ever used for this purpose. One notable example, however, was at the Oregon state pen, where the prison barber took aboard a cargo of bay rum and became gloriously drunk. The prison officials eliminated the soothing influences of bay rum from the prison barber shop as a result.

That the canning of jack rabbits is a vital question is the opinion of W. E. McCoy, of Hay Creek, president of the Oregon State Farmers' Association. Mr. McCoy wrote to the governor some time ago relative to solving the high cost of living by canning jack rabbits and thus serving the double purpose of removing the pests and feeding the people. The governor promised to take the matter up with the packers of the state. Mr. McCoy's letter today thanked the governor for the interest taken in the enterprise.
