

How to Save Over \$2.00 Watch for Thursday Paper

CLOVER SEED WANTED

Clover Cleaning

D. A. White & Sons 251-261 State St., Salem, Ore.

Those wishing to place individual exhibits of fruit or vegetables at the state fair in the Marion county exhibit, should leave them at the Roth grocery or at the Marion county exhibit at the fair grounds not later than next Saturday.

OFFICERS SAY FOUR MAY BE DISCHARGED

Admit Evidence Against Most of Alleged Blackmailers Is Weak

Chicago, Sept. 19.—Federal officers admitted today four of those held here in connection with operations of an international blackmailing syndicate might be released because of lack of evidence.

CHARGES INDIFFERENCE TOWARD MILITIA

Portland, Ore., Sept. 19.—A committee of five is being organized today by the Portland chamber of commerce to handle national guard affairs.

Hayesville News

(Capital Journal Special Service.) Hayesville, Ore., Sept. 19.—Programs are out for Hayesville district Sunday school convention which will be held at Hayesville church instead of the regular place selected, this change being necessary because Kaiser Bottom school house is incomplete.

The following program is scheduled for Sunday September 24: Devotional services—Rev. F. M. Jasper.

A plea for the children—Miss Alta Patterson.

The Sunday School in Its Relation to Good Citizenship—By Governor Withycombe.

Vocal Solo—Mrs. D. X. Beecher.

The Sunday School as Preventive Agency—Rev. Harold C. Stover.

A great basket dinner will occur at the tennis court adjoining the church.

The afternoon session will consist of a report of Sunday schools, followed by music. The next number consists of a general discussion of Sunday school methods, followed by a vocal solo by Mr. A. A. Schramm.

The elements of a good lesson will be ably presented from many angles by Miss Gladys Carson.

Mrs. Anna Vlerie concludes the program with discussion, "The Relation Between the Young People's Societies and the Sunday School."

Governor Withycombe, whose address occurs at 10:35 in the forenoon, will not doubt prove a drawing card.

This is the first convention held under President Lloyd T. Reynolds, of Woodside Orchards. Much interest is being manifested over the end of the county as Hayesville district embraces 24 Sunday schools.

Wilbur Daily, who has had a recent operation for throat trouble under Dr. Thompson, is improving and hopes to be in school soon.

Mr. and Mrs. Roy F. Shields spent the week end at the home of Mr. Shields' mother, Mrs. Patty, near Amity.

Mrs. W. F. Fargo entertained Sunday with a dinner in honor of Mrs. Monty Minard, of Coos county. Pink sweet peas and Gypsophila centered the dining table where covers were laid for eight.

This is Mrs. Minard's first trip to Salem. She has been much pleased with this part of the Willamette valley and hopes to make another visit before long.

All of the invited guests were old friends of Mrs. Minard, having known her in past years when all were Coos county residents.

Mrs. Edna L. Daily will talk to the North Salem Woman's club next Wednesday on "Treatment of Tuberculosis in a Modern Sanatorium." Mrs. Daily is now on her vacation and will return to the open air sanatorium at Milwaukie, Oregon, where she has been nurse for the past year, in about a week. Mrs. Daily brings with her photographs which will illustrate her talk.

Club will meet with Mrs. John Dubois, 1275 East street, Mrs. Merlin Harding will sing.

The dahlia exhibit is expected to be the most complete this year at the state fair that it has been for some years.

Several from Portland, Beus and Salem have already spoken for a space. For the first time there are prizes offered for junior amateur class and several boys and girls are planning to enter.

Mrs. Edith T. Wethered has charge of the floral department this year.

In the North Salem woman's floral contest which closed September 1, prizes will be given as follows, if the prize winners will call at Mrs. E. L. Pluvine's, 1009 Fifth street:

Delbert Cooper, \$5. Dorothy Cooley, \$4. Wm. Frazier, \$3. Harold Debord, 1 dozen rose bushes. Malcolm Graber, 1-2 dozen rose bushes.

Perry Pickett, dahlia bulbs. Louis Knys, seeds value \$1. Addison Lane, bulbs value \$1. Kenneth Mosier, dahlia bulbs. Irvina Roberts, seeds value \$1. Willie Silverman, seeds value 50 cents. Marvin Darby, seeds value 50 cents. Mrs. Purvine is chairman of civic committee.

Marion News

(Capital Journal Special Service.) Marion, Sept. 19.—On last Wednesday afternoon, Sept. 13th, occurred the marriage of Miss Lola Hall to Mr. John Palmer, Jr. They were married in Salem by the Rev. Carl H. Elliott. Mr. Palmer is an elder in the Presbyterian church here and also clerk of our school district. Both the bride and groom are members of the choir in the above named church and a large circle of friends wish them a life of happiness.

Hershey Cooley and family have moved to eastern Oregon. They traded their place here for a sheep ranch there.

Miss Lenora Loretz returned home from Eugene last Friday evening. Mrs. John Loretz and daughter, Miss Zella, are visiting relatives in Albany.

Marion Christman left here by train last Thursday for Grande Ronde where they expect to make their future home.

Mrs. A. Schweinforth and little son Courtney of Eugene are visiting her parents, Mr. and Mrs. Loretz, this week.

School opened here this morning. We expect a successful year with the excellent corps of teachers that the board has obtained. Prof. Druettes, former county supervisor is principal, with Miss Moritz as intermediate and Miss Rosebarr primary teachers.

Miss Viola Kephart and Miss Daisy Bonek returned from near Beuna Vista yesterday where they have been picking hops the past two weeks.

The First church is receiving a new coat of paint, which will complete the repairing the church has been undergoing the past year.

Many Affidavits That There Is No Cement Trust

Portland, Ore., Sept. 19.—Fifteen affidavits are on file in the United States district court today, denying allegations of Aman C. Moore, official of the Oregon Portland Cement company who charges the existence of a cement trust which is hampering his business.

Moore sued the "trust" demanding \$1,500,000 damages from 14 different cement corporations, alleged members of the combine.

SACRAMENTO HAD SMALL RACE WAR

Timely Arrival of Police Alone Prevented Soldiers Rushing Negroes

Sacramento, Cal., Sept. 19.—The negro section of Sacramento is practically under martial law today following an attempt last night by members of the Fifth California infantry to avenge the beating administered three of their members at the hands of a gang of negroes Sunday night.

A provost guard is maintained and no soldiers allowed to enter the "colored zone."

The timely arrival of the police and a company of the Fifth prevented a clash last night. Four hundred soldiers were congregated near the negro section and were about to rush three negro saloons when the police and the provost guard interfered.

Despite the foiling of their attempt last night the soldiers maintain they will "get" the negroes and a clash is imminent. Three members of the Fifth were severely beaten up by negroes Sunday night when they refused to cease dancing with white girls in a dance resort. The soldiers say they were ridiculed and sneered at by the negroes until they "just had to scrap."

The negro saloons are closed and as special precaution to quell a riot a couple of machine guns are conveniently near.

A MEDICINE OF MERIT

The great sale of Lydia E. Pinkham's Vegetable Compound all over this land is the result of genuine merit. The reason is that this good old fashioned root and herb medicine actually helps those suffering from the ailments peculiar to women.

If it did not, would not the women of America have found it out in forty years, so that few of them would buy?

SPECIAL TRAIN FOR DALLAS TOMORROW

Round Trip Tickets Only 60c, and Dallas Hangs Out Latch String

"Now that Dallas and the Polk county fair officials have invited the 'Cherrians and everybody in Salem to spend an afternoon with them, it is up to us to show the proper spirit and show our appreciation of the invitation," said F. G. Doeckebach, King King of the only Cherrian organization on earth.

At first it was planned to have just the motor run over to Dallas as a special, but there has been so much interest taken that arrangements have been made for a special train.

This special will leave Commercial and Union streets at 12:30 o'clock tomorrow and return to Salem about 5:30.

The Cherrians will go in uniform, and the Cherrian band will furnish the music. Ladies belonging to the Cherrians will be given guest badges, and to their guests, the Polk county officials will give the freedom of the fair.

Then the Cherrians will put on their famous military drill, the one that landed the first prize at Marshfield.

The fare for the round trip is 60 cents, just one dozen jitneys. There will be plenty of room for all.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, some bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply cannot get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

OUR FIRST AND GREATEST Fall Opening Sale AN UNDISPUTED SUCCESS

THE popularity of our Opening Sale is established. The prevailing low prices combined with the excellent quality and latest style of merchandise, presented a wonderful opportunity that no one could afford to miss. Interest centers in the superb showing of the Newest in Fall Merchandise, loads and loads of which are added every day. GALE & CO. (Formerly the Chicago Store) Corner Court and Commercial Street. Salem, Oregon

COMMISSION TAKES UP MAIN QUESTION

Will Discuss Withdrawal and Protection of Border Among First Things

By Carl D. Groat, (United Press Staff Correspondent.)

New London, Conn., Sept. 19.—The threatened rift in the Mexican-American conference appeared today to have been closed, at least temporarily.

The American committee has consented to give immediate consideration to the withdrawal of troops and to arranging for border protection. In this matter the Mexicans have pledged to send a force to replace Pershing's men.

On the whole, the Americans feel that there is no actual break ahead. But the Mexican temper is such, manifestly, that the border patrol and withdrawal questions must be decided definitely, at once, else there will be trouble ahead for the commission.

The Mexicans have pledged themselves to hunt Villa "to the bitter end." The attack on Chihuahua simplifies the problem, they say. Witherto it has been a problem of locating the bandit leader rather than fighting him, and now he believes he has revealed his whereabouts.

One big problem upon which the world in general must pass is the subject of the Mexican declaration of "equal rights" to Mexicans and foreigners in Mexico. The Mexicans say Mexico will be more peaceful by reason of becoming "less subject to outside contentions," hence, Carranza will put both Mexican and foreign interests "on the same footing."

Judge Webster's Decision Popular

The publicity given Justice of the Peace Daniel Webster's decision in the case of Fray, the colored evangelist who was tried several days ago on a charge of vagrancy, has resulted in an increase in the judge's mail. He received this morning a letter from Spokane enclosing a clipping of the Associated Press report of the verdict.

The letter says: "I take my hat off to you, Mr. Webster. I consider you a man when you say that Sunday uses slang. If Billy Sunday made a trip to my home town in Bonnie Scotland he would get a noble reception with rotten eggs. God bless you, Mr. Webster. Reconsider you a gentleman."

Wedding Invitations, Announcements and Calling Cards Printed at the Journal Job Department.

A BUFFALO INSTITUTION Known All over the United States.

Dr. Richard C. Cabot, who is head of the Massachusetts General Hospital, has been writing for the American Magazine, April and May, on the subject of "Better Doctoring for Less Money."

He says that "A new era has come in the practice of medicine, but most people do not know it yet. We have begun to emerge from that stage of medical work in which the doctor was a peddler selling goods from house to house, into the more advanced and sensible era in which the doctor stays at his place of business, like anyone else who has goods to sell, and the people who want these goods come to him. The shop where he has his goods to sell is generally called a hospital and he has associated with him there a body of men and women similar to work people, foremen and managers of any industrial plant or dry goods store. He has there some beginnings of a satisfactory division of labor and specialization of function. Therefore, he can give the public a much better article for less money."

"The article I refer to is sound medical advice and treatment."

This is just what Dr. Pierce has been doing at the Invalids' Hotel in Buffalo, New York. Dr. V. M. Pierce has associated with him Dr. Lee H. Smith, who is vice president and head surgical director and operator, and there are a dozen other physicians and specialists, as well as four chemists, and the poor and the very rich get the best medical attention. As Dr. Cabot has properly said, "When you go to a doctor's office you may complain of nothing more abstruse than a headache or a stomach-ache, yet for the solution of the problem represented by your suffering there may be needed an X-ray examination, chemical tests such as very few experts are capable of making, the consultation of experts in diseases of the eye, the ear and the

throat, and the study of the improvement or aggravation of symptoms at different times of day and under different diets and temperatures. This study demands the conditions found in just such a hospital, and nowhere else to be had without great expense." It is also true that the "family doctor does the best that he knows how, and considering the difficulties under which he works, makes a wonderfully good estimate of the nature of the patient's disease and the treatment to be administered."

"But as an accurate diagnosis simply cannot be made in a considerable number of cases without the co-operation of a number of men, each expert in his own field, what we ask the family doctor to be is an 'all-around' specialist. This he attempts, but one cannot truthfully say that he succeeds, for the attempt is obviously an impossible one. Medicine is today far too large and complicated a field for any one man, no matter how wise and experienced, to cover."

"We have not the space to speak individually of the professional men composing the faculty of this old, world-famed institution, but will say that among them are many whose long connection with the Invalids' Hotel and Surgical Institute has rendered them experts in their several specialties."

Advantages of Specialties. By thorough organization and subdividing the practice of medicine and surgery in this institution, every invalid is treated by a specialist—one who devotes his undivided attention to the particular class of diseases to which the case belongs. The advantage of this arrangement is obvious. Medical science covers a field so vast that no physician can, within the limits of a lifetime, achieve the highest degree of success in the treatment of every malady, incidental to humanity.
