

Good Cake Every Time

You should never have failure because of the shortening if you make your cakes with

Crisco is always the same.

It is made of strictly vegetable oils, treated in such a way that the resulting

product is always of the greatest richness. Your cakes will be uniformly rich and delicious if you use Crisco.

It is 100 per cent shortening, containing no water as butter does, so that you can depend upon a cupful of Crisco always producing the same results.

It is mild and delicate in odor and flavor; your cakes never will have a strong "taste" if you use Crisco.

Crisco makes you more certain of success and, at the same time, costs only half as much as butter.

Get a package and try it in any recipe. No cake is too delicate for Crisco. Use a fifth less than you would of butter and add salt in the proportion of a level teaspoonful for each cupful of Crisco.

A GAY YOUNG MAN
Oakland, Cal., Sept. 20.—Arthur N. McAdams, under arrest for the theft of an automobile robe, today stated he is a son-in-law of Tiffany, New York jeweler. Clippings found in his pockets show he created a stir in Los Angeles society by an elopement with a social favorite and by reason of "all-hoquette dances" performed by nightly, clad misses before the windows of an exclusive seminary's windows in the glare of the spotlight of the young man's automobile.

Railroad Poverty and Destitution

PRESIDENT WILSON

In answer to the charges made by Hughes, in regards to the attempted settlement of the railroad controversy the following figures from the New York World are submitted:

The net earnings of the principal railroads of the country increased only 26.6 per cent, during the last fiscal year. The total net revenue of these roads was only \$1,176,804,000, an increase over last year of only \$305,969,000.

These are the railroads that are about to be ruined by an eight-hour day which will add to their operating expenses \$60,000,000 a year according to the railroad president and \$20,000,000 a year according to the brotherhood chiefs.

Taking the railroad figures as a basis, an eight-hour day would decrease the net revenue to a paltry \$1,116,804,000, which in turn would be barely \$245,969,000 in excess of the total net revenue of last year.

It ought to be plain enough to anybody that the railroads are sure to be ruined by an eight-hour day. No wonder they appealed to the unfortunate shippers to intervene and prevent the Government from pressing this crown of thorns upon the brow of Wall Street. Such a picture of railroad poverty and destitution as the reports to the Interstate Commerce Commission present ought to furnish a new inspiration to the Hughes eloquence. (Pd. Adv.)

PENDLETON ROUND-UP TO BEGIN TOMORROW

Indications Are It Will Surpass All Previous Gatherings

Pendleton, Or., Sept. 20.—Tender feet and how legged cowboys in all the splendor of hairy chaps and brass-studded wristlets thronged Pendleton today on the eve of the annual "round up."

Tomorrow the big show starts. But today the lodging house keepers had their innings. "Rooms for rent" smote the eye from every point of the compass. Beds were as pearls beyond price and beany managers moved into Rockefeller's class over night.

On every train swarms of visitors arrived from San Francisco, Seattle, Portland, Spokane, Boise and many smaller cities. Sixty thousand are expected. Some came from as far away as New York. Pullmans disgorged them in herds.

Governor Alexander of Idaho and Governor Withycombe of Oregon arrive tomorrow. Other distinguished visitors will be Senator Chamberlain, Representatives McArthur, Sinnott and Hawley and a number of state officials. A. P. Proctor, noted sculptor, is here from New York looking for local color for wild western busts. Charles W. Farlow of Boston, a novelist, has been on the ground several days.

Every feature of a typical frontier town is to be found, except saloons. Soft drink palaces replace them.

A number of bets were reported today on the relay strings stabled near the arena. The Boise polo string has many backers. Others that seem to look good are the Drumheller string of Walla Walla and the Irwin outfit from Cheyenne.

Lee Caldwell, who won the broncho bucking contest last year, has a large roll yelling right out loud that he'll grab it again. Denny Dobbins, winner of the bucking contest at Elko, Nev., recently, may crowd Caldwell. Happy Canyon, a sort of frontier midway, opened today. Miss Muriel Saling is to be crowned queen of the round up Saturday.

BULL MOOSE VOTE

(Continued from Page One.)

les S. Whitman, republican, captured the progressive endorsement for governor of New York from Justice Samuel Seabury, democratic gubernatorial nominee, in the feature fight of the state primaries yesterday, incomplete returns indicated today.

Whitman was easily renominated in the republican primaries where he led William M. Bennett by a majority that may exceed 150,000. Seabury won the democratic nomination for governor without opposition.

The nip and tuck fight took place in the progressive primaries with both candidates battling for the bull moose vote. Whitman was supported by the Perkins-Roosevelt faction of the progressive party, advocating a return of the progressives to the G. O. P. and Colonel Roosevelt had written a letter opposing the nomination of Seabury.

Justice Seabury was backed by the anti-Hughes element among the progressives, composed of those who wished to hold the party together, and those who are supporting President Wilson.

Only 46,000 progressives were enrolled in the state and the vote was extremely light.

Governor Whitman had a majority of 2,700 in 3,192 election district, out of a total of 5,719. The democratic candidate, however, was gaining some strength as delayed returns arrived from upstate and there was a possibility that Whitman might be nosed out.

Reports to republican state headquarters late this morning showed William G. Calder leading Robert Bacon in the hot senatorial fight. Returns with 1,274 districts missing gave Calder 116,403 and Bacon 112,129. Calder claimed his nomination, over Bacon by between five and 10 thousand.

FINE COLLECTION BURNED

Newcastle, Ind., Sept. 20.—Worth's museum, a private collection of relics and curios, said to be the most extensive of its kind in America, was destroyed by fire today with a loss impossible to estimate accurately. An overturned alcohol lamp exploded, setting fire to the star shaped building which was located at Springsport, seven miles north of here.

The loss was placed at nearly \$1,000,000 by relatives of the owner, who said it could not be replaced.

BLACKMAILING WILL BE PROBED TO BOTTOM

Difficulty Is In Getting Victims Who Paid for Silence to Tell of It

Washington, Sept. 20.—Drastic plans tending toward learning from victims of the nation-wide blackmailers' syndicate all they know regardless of the fact that testimony might publicly soil reputations of scores of wealthy men and women, was one of the chief objects of the conference here today of heads of department of justice bureaus in Chicago, New York and Philadelphia.

Department officials admitted today that the very nature of the criminal system by which wealthy persons were forced to submit themselves to blackmail made in obvious that obtaining consent of witnesses to testify publicly regarding incidents which they paid heavily to keep secret, would be the most difficult feature of their fight to send blackmailing ringleaders and their confederates to jail. It was explained the conference called today would therefore spend most of its time considering how results may be obtained with the smallest degree of notoriety for the witnesses to be called.

That the cases against the blackmailing syndicate will be pushed, however, without consideration of reputations, if another way cannot be found was positively stated at the department. As evidence of the determination of the department to "see the thing through" Attorney Gregory, with A. Bruce Belaskie, his chief of investigation as his lieutenant, took personal charge of the case.

Besides the matter of witnesses today's conference was to devise plans for combining as much as possible all prosecutions pending at Chicago, Philadelphia and New York.

Investigator Is Busy.
Chicago, Sept. 20.—Hinton G. Claiborn, federal investigator in the national blackmailing syndicate is on his way to Washington today for a conference that may uncover dozens more suspected of extortion.

At the conference in Washington, heads of the secret service bureaus at New York, Philadelphia and Chicago will lay plans for additional arrests.

W. C. Woodward for whom the police have been searching since Saturday gave himself up, on advice of C. E. Erbstein, his lawyer. "I have done nothing," he said to the district attorney. "But if the government wants me, here I am." He was released on \$3,600 bail.

James Finnan, a New York detective, said today evidence that the syndicate had attempted to blackmail a United States senator in the east out of \$20,000 had been collected, but that prosecution was given up when the senator refused to become a witness in the case.

Finnan said that if the prisoners were not taken back to Philadelphia on the kidnapping charge, they would be taken to New York.

Jim Ham Lewis Will Not Speak in Oregon

Portland, Ore., Sept. 20.—Portland democrats who were disappointed when Senator James Hamilton Lewis failed to arrive on schedule time today received another jolt when democratic state headquarters received telegraphic word that the distinguished campaigner would not come to this city at all.

A re-arrangement of his plans the message said, made it necessary for Lewis to jump from Seattle to San Francisco eliminating Oregon from his itinerary.

Preparations had been made to give Lewis a big reception this morning, and have him speak tonight in behalf of President Wilson. When he did not arrive it was announced he would get here September 27 and a few hours later the cancellation report emanated from democratic headquarters.

DIED

MEYERS—In the city, September 18, 1916, W. C. Meyers in his 46th year. He is survived by a widow and child living in Portland. Funeral services were held this morning from the chapel of Webb & Clough the services being conducted by the Rev. F. T. Porter. Burial was in the Old Fellows cemetery.

BLASCHKE—At the Oregon Institute for the Feeble minded, September 18, 1916, Emil Blaschke, in his 12th year. His parents live near Astoria and the body is at the undertaking parlors of Webb & Clough. No arrangements have as yet been made for the funeral.

BORN

MARSHALL—To Mr. and Mrs. Arthur Marshall, living in the Kaiser school district, Tuesday September 19, 1916 a daughter.

LABOR INDORSES WILSON

Cleveland, Ohio, Sept. 20.—The first broadside of a campaign to throw the labor vote of the country to the support of President Wilson and the democratic party for passing the Adamson eight hour law, was fired today by officials of the four railroad brotherhoods. A bulletin sent out by W. G. Lee, president of the Brotherhood of Railway Trainmen, reads: "Surely it is the duty of not only our own members but all persons who work for a living to support our friends, and if possible, defeat our enemies at the coming election. Therefore, it is urgently requested that the position taken by President Wilson and both branches of congress be not forgotten and that all members use every honorable means to retain in office regardless of partisan beliefs, those who have proven their loyalty to the cause of labor."

GENERAL MANAGER SCOTT IS CHEERING

Says Car Shortage Is Evidence of Prosperity and Not a Calamity

Portland, Or., Sept. 20.—Criticism of Oregon shippers and unfavorable comparisons of their spirit of co-operation with that of California shippers were voiced today by W. R. Scott, general manager of the Southern Pacific in his opening statement at the state public service committee's investigation into the northwestern freight car famine which threatens ruin to many Oregon lumbermen.

"In California there is also serious shortage," said Scott, "but the people there seem to look upon it in a different way. They regard it as an evidence of prosperity rather than a calamity."

He asserted the California shippers listed the shortage causes as: unprecedented activity in eastern manufacturing; deficiency of ship tonnage on both coasts; closing of the Panama canal; congestion of freight cars in eastern terminals and failure of car builders to fill an order for 3500 new box cars.

Joseph N. Teal, counsel for a number of interested shippers, asked Scott if the opening of the northern gateway would not relieve the situation. Scott refused to answer, on the ground that he was an operating official and that a traffic official was qualified to reply.

"That's the trouble we've had all along," retorted Teal. "When we want to know what the facts are, we have to ask many experts in many different lines of service."

Scott estimated the famine would continue until the end of October unless the balanced cars should be delivered with unexpected speed.

PHILLIES GOT DOUBLE HEADER

Philadelphia, Pa., Sept. 20.—The Phillies gained in the National league pennant race this afternoon, when Demaree turned in an "iron man" stunt, winning both games of a double header from the Pirates, 7 to 0 and 3 to 2.

The Phillies landed on Cooper in the sixth inning of the first game for all their runs. In the second Mammoux and Demaree had a pitchers' duel with honors slightly with the Pirate but the Morans hit more opportunely.

DENIES ROBBERING OMAHA BANK

San Francisco, Sept. 20.—Edward Van Walden, youthful Mission bank robber, today vehemently denied connection with the robbery of a bank in an Omaha suburb early in August, of which he is suspected by Omaha authorities. He states he can prove he was in Los Angeles at the time.

To Overcome Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 25c. Extra large bottles, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of pimples, black heads, rash, eczema, tetter and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, zemo is an exceptional remedy. It is not greasy, sticky or watery and it does not stain. When others fail it is the one dependable treatment for all skin troubles.
