

Mosher's Removal Sale

Now in Full Force and will CONTINUE ALL NEXT WEEK

Great reductions on every suit sold during this sale. Radical reductions on some patterns to close out. My only object of a sale during this time is to keep my men busy during our moving and remodeling activities. As the price of woollens is going sky ward and goods cannot be replaced at prices they will be sold. I guarantee every suit in color and workmanship to give more service than any sold in Salem.

To Resume Sunday Evening Services

The pleasant Sunday evening service at the First Congregational church which during the past season pleased and helped hundreds of Salem people will be resumed Sunday evening, October 1, at 7:30 o'clock. The pastor of the church announced a delightful and interesting program for that time. The subject of the brief practical address will be "Behold the Dreamer Cometh," and the address will be illustrated by the beautiful historical and religious drama "Joan of Arc," in motion pictures. Every effort will be made to make these services more interesting than they have ever been before. A strong program for Sunday evenings extending from October 1 to January, 1917, has been carefully worked out, a program that will surely be of interest to the throngs that pack this church every Sunday night. Strangers and visitors in Salem are cordially invited to attend. Come early and get a good seat. The music, first served. You will find it a most delightful way in which to spend Sunday evening.

Tanner Jumps Job As Cook at the Pen

Another cook escaped from the penitentiary yesterday, and he managed it so adroitly that he was not missed until roll call last night. The missing prisoner's name is Willard R. Tanner. He was serving a term of from 1 to 15 years for killing Ray Wallace in a Portland rooming house on the night of June 19, 1912, and has been working as a cook at the penitentiary. When last seen he was clad in a white suit.

There is a theory that some one of the multitude of visitors at the prison yesterday left a suit of clothes in Tanner's cell. During the afternoon Tanner complained of illness and asked for leave to go to his cell and lie down, which permission was granted. The theory further worked out is to the effect that Tanner changed his clothes in his cell, and later mingled with the visitors, ultimately passing out at the front gate.

Superintendent Minto still clings to a belief that Tanner is hiding within the walls. This belief is given strength by the fact that the man has attempted several times to hide, and in each instance has been caught at it.

Clubs Protest Filing of Election Certificates

Protests from the republican club of Oregon, through its secretary, Charles E. Lockwood, against the addition of the word "independent" opposite the names of G. W. Allen and W. N. Gaten, democratic candidates for circuit judges, Fourth judicial district, and also against the certifying of the name of Emmet Callahan to the county clerk as a candidate at the coming presidential election, have been answered by Secretary Olcott as follows: "It is without the province of this office to inquire beyond the face of the certificates of nomination presented for filing and certification to the county clerks. If you consider that the action of this office has not been in keeping with the law we will welcome any friendly action in order that a judicial determination may be speedily had. The secretary of state is required to certify to the county clerks not later than October 2, consequently if any action is to be had it must be taken immediately."

Board Extends Time of Payment for Moore

The state land board yesterday voted to grant Jason Moore one more extension of time in which to pay the \$15,000 still due on his bonds of \$25,000 to insure the performance of the terms of his lease on Summer and Albert lakes in Lake county. Mr. Moore, accompanied by his attorney, A. C. Sheppard, of Portland, and E. B. Black, an engineer representing Kansas City interests, was present at the meeting and assured the board that certain financiers whom Mr. Moore has interested in the Summer and Albert lakes proposition will furnish the required bond as soon as tests of the lake waters are completed. Both Treasurer Kay and Secretary Olcott told Mr. Moore that the present extension to December 15 will be the last one, and he was given to understand that if the matter was permitted to drag until the meeting of the legislature the deal would be off entirely. Governor Withycombe was not present. A new contract was submitted to the board, which has been referred to the attorney general.

Mrs. George Weirich Died Sunday Morning

After a short serious illness, Mrs. George Weirich passed away at her home in Stayton, Sunday morning, Sept. 24, 1916, at 10:30. She was a pleasant, motherly woman, a good neighbor, kind mother and true friend, and will be much missed by all who knew her as well as the immediate family. Dorothy Kotke was born in Germany, December 10, 1846, and was married to George Weirich, August 8, 1871. They emigrated to America in 1886, and located in Nobles county, Minnesota, where they lived two years, coming to Oregon in 1888. They first lived at Annesville, then on a farm in Linn county near Kingston, moving to Stayton about six years ago. Besides the husband she leaves five grown children: Mrs. Gus Brand of Gold Creek, Montana; August Weirich of Alberta, Canada; Mrs. Frank Detrich and Miss Theresa Weirich of Portland, and Mrs. Albert Neitling of Stayton. All the children except the son in Canada were present at the funeral. The funeral services were held September 27, at 9:00 a. m. and interment was in the Catholic cemetery of Stayton, Rev. Fr. Lineck officiating.—Stayton Mail.

American Athletes On Way to Scandinavia

New York, Sept. 30.—That the five American athletes, Robert Simpson, Ted Meredith, Joe Loomis, Fred Murray and Andy Ward, who sailed Thursday on the steamship Oscar II for the Scandinavian countries, probably will get to do some training on route was the statement made today by Frederick W. Rubien, of the A. A. U. The ship will be held up two days at Kirkwall, England, while officials make an inspection and the athletes have applied for permission to land a few hours each day for training. Secretary of State Lansing has instructed the American embassy at London to ascertain if such permission might be given. The regular 4 o'clock meeting will be held in Ramp Memorial hall Sunday. You are invited to be present.

HOME FOR GIRLS ASKED BY COLLEGE

Effort Will Be Made to Raise Money for First Unit of Building

Lebanon, Or., Sept. 30.—The fourth day of the Oregon Methodist conference opened with an address by Dr. Larkin of San Francisco, on "The Christian Doctrine of Human Life," and later the conference heard the reports of the pastors on the progress of the work for the year. These showed substantial growth. Dr. George H. Parkinson of Eugene delivered the conference missionary sermon at 2:30 which was followed by a lecture by Dr. Blake on "How to Hold the Young People to the Church." At 5:30 the annual seminary men's banquet was given in behalf of Kimball College of Theology, to impress upon the members of the conference the importance of this school of the church. W. W. Youngson of Portland presided as toastmaster and the address of welcome was given by D. Lester Fields, of McMinnville, in response to Dr. H. J. Talbot, president of the college; and by Dr. A. M. Fisher, C. R. Carlos and M. B. Paroungian. The night session was given over to an illustrated lecture on the European war by Rev. John Lewtas of Tacoma.

Laymen Open Session

The Laymen's association convened in annual session at 9 o'clock in the Presbyterian church with A. M. Hammer, the president of the association, presiding, with T. S. McDaniels of Portland as secretary. Mrs. Marsters of Roseburg and Mr. McDaniels were appointed to convey the greeting of the association to the conference and they brought back an invitation from the ministerial body for a joint session which was addressed by Dr. Blake of Chicago, with responses by the president of the association and Mr. McDaniels and others.

Girls' Dormitory Wanted

One of the actions of the laymen's meeting was the adoption of a resolution calling for the appointment of a committee to raise funds for a girls' dormitory at Willamette University, the building to be erected and completed if possible, before the opening of school for another year. This proposition met with strong approval from many of the laymen as one of the chief needs of the university and it is believed that the laymen can soon raise sufficient funds for the first unit.

The following officers of the association were elected or re-elected: President, A. M. Hammer, Albany; vice presidents, J. W. Day, Portland; Dr. B. L. Steeves, Salem; J. S. Van Winkle, Albany, and H. L. Gilkey, Grants Pass; corresponding secretary, T. S. McDaniels, Portland; recording secretary, F. Baker, Portland; treasurer, J. L. Hartman, Portland; trustee of conference, claimant's fund, Dr. Theodore Fessler, Portland.

Dr. Lane May be Superintendent

Since yesterday some developments have taken place that may make changes in one of the leading pulpits of Portland. There is now strong talk that Dr. Lane of Centenary church, may go on the Portland district as district superintendent, and Dr. E. E. Gibson of St. Paul church, Spokane, will be assigned to Centenary. This change may not take place if Dr. Avison will take the Portland district superintendency. If he does Dr. Gibson may go to First church in Salem. The Eugene district superintendent still remains as undetermined as heretofore.

Among the prominent visitors at the conference are Dr. Thomas Elliott of Puget Sound conference, now district superintendent of the Vancouver district; Dr. O. H. Perry, district superintendent of The Dalles district in the Columbia River conference; H. T. Atkinson of Alaska, a former minister of this conference, who will return, and Dr. W. B. Hollingshead of New York, a former district superintendent of the Portland district.

Market Was Irregular and Prices Shade Off

New York, Sept. 30.—The New York Evening Sun's financial review today said: Early operations were active, realizing sales were decidedly in evidence and the professional traders worked for lower prices. Cross movements in the market brought about irregular tendencies, in the course of which some rather fair sized recessions from the closing of the preceding day were reported. Bear pressure against United States Steel was successful for brief periods, at one time the issue being forced down more than three points from Friday's final, but in each instance of this sort of speculation the stock came back with considerable vigor. Commission houses were buyers on the downward movement. Demand for the railway equipment shares was active, this group showing decided strength when most other stocks were selling off. Firmer tendencies developed in the late trading especially in the rails with Lehigh Valley and Norfolk and Western features.

Janitors Salaries Adjusted by Board

The salaries of the janitors for the 10 school buildings in the city were adjusted at a call meeting of the board of education last night. Heretofore, there has been no schedule of salary for the different janitors and as a result the work and salary was not always in proportion. Acting on the suggestion of Superintendent Todd, a scale of salary was fixed on a four month basis, and each janitor will be allowed a salary in proportion to the established basis, the salary of the janitors will be as follows: McKimley, \$50; Englewood, \$52.50; Park, \$55; Richmond, \$55; Highland, \$57.50; Garfield, \$57.50; Lincoln junior high school, \$67.50; Grant junior high school, \$70; Washington junior high school, \$82.50. High school, three janitors: one at \$75, and two at \$60 a month.

800,000 Shares Sold In First Half of Day

New York, Sept. 30.—Advances in the equipment list featured early trading on the stock exchange today. United States Steel sold at 119 5/8, a full point under the new high record made yesterday. Pressed Steel Car sold up nearly three points at 69 1/2, and locomotive issues gained. Rails registered some recessions. Profit taking sales and a bear raid based on reports of resumption of submarine warfare sent several stocks down during the first hour. Republic Steel slumped five points, later recovering 3. United States Steel sold down to 116 1/4, then rebounded to 119 5/8. Crucible lost four points, recovering half on the upturn. Sales were 472,000 in the first hour. Recoveries were general in late trading and the close was steady. Sales for the half day were over 800,000 shares.

The decision to stop work pending a referendum vote was reached here yesterday afternoon when representatives convened at the Labor Temple. District number 10 includes all mine-workers in the state of Washington. A five per cent wage increase has been asked but operators have agreed only to raise the pay of certain classes of workers.
