PURE RICH BLOOD PREVENTS DISEASE

Bad blood,—that is, blood that is impure or impoverished, thin and pale,—is responsible for more ailments than anything else.

It affects every organ and function. In some cases it causes catarrh; in others, dyspepsia; in others, rheumatism; and in still others, weak, tired, languid feelings and worse troubles.

It is responsible for run-down conditions, and is the most common cause of disease.

Hood's Sarsaparilla is the greatest purifier and enricher of the blood the world has ever known. It has been wonderfully successful in removing scrofula and other humors, increasing the red-blood corpuscles, and building up the whole system. Get it today.

Important Meeting at Corvallis Oct. 7. There is to be an important meeting held at Corvallis, Oregon, on Saturday, October 7, at 10 o'clock in which every farmer in the Willamette Valley is vitally interested.

It is the Lime Convention, called by State Grange Master Spence, and representatives of the Grange, Farmers' Union, Equity Societies and tax payers, for the purpose of organizing the farmers of the Willamette Valley looking toward the best means of procedure to procure lime at a price within the reach of farmers. That there is a great need for lime on most soils in the Willamette Valley is beyond dispute. The only difficulty has been the price asked by dealers. There is an abundance of lime tributary to the valley that can be obtained if legislative action is taken. This meeting promises to be one of the most important held for many years in the valley. All farmers should consider themselves invited to attend. Make it a point to be at the meeting in the courthouse at Corvallis on October 7, next.

GIRL BURNS UNDER MACHINE. Bloomfield, Ia., Oct. 2.—Helpless to drag her from beneath a burning automobile five young girl friends of Miss Clara Barnes, high school instructor, saw her fatally burned on a road near here Saturday. She died in Bloomfield hospital today. August Post, president of the Moulton National bank, was still in a critical condition today, having several ribs broken and other internal injuries. In trying to pass a buggy Post's machine overturned. The other members of the party escaped serious injury.

STATE NEWS

The Southern Pacific company has filed a supplementary application with the public service commission stating that it wishes to place the Utah-Idaho Sugar company of Grants Pass on a parity with the California refineries by establishing the same rates for Grants Pass to points in Oregon as are in effect from California. In the original application the railroad company named a 15 cent rate for a minimum weight of 60,000 pounds, and it now desires to establish under like conditions a rate of 20 cents per hundred on sugar in packages, minimum carloads of 36,000 pounds.

Port Umpqua Courier: Everyone has fish these days. Trolling in the Umpqua at present is the favorite pastime, and it is no trouble in the least to get a large string in a very short time. Some good sized salmon are being caught, as well as fine trout. Some of the old residents say that they never knew trolling to be more successful than at present. The only trouble is to get hooks and lines strong enough to hold the fish after they are once hooked and to prevent one's self from being pulled overboard into the river by the fish.

Sutherland: Two car loads of railroad grading machinery arrived in Sutherland from Portland Saturday, and the grading on the Sutherland line to the Ronch company's timber, 15 miles east of here, commenced today. The grade stake was set the first part of last week by a crew of Roseburg engineers. Workmen were busy Sunday establishing a camp six miles east of town.

Baker, Oregon: The first fox farm as a business enterprise in eastern Oregon, is being started by P. A. Snyder, of John Day. He has secured a special use permit from the Whitman National forest to launch the enterprise near Dixie mountain, northeast of Prairie City. He is now erecting buildings and fences, and will start with three pairs of genuine black foxes from Prince Edward Island, which he purchased for \$600 a pair.

Byron Taylor, of Corvallis, was taken before the city recorder on Sunday, Oct. 1, on a charge of running his automobile on a public highway. The ordinance passed in 1881, the ordinance, which is said to be still in force, prohibits keeping open numerous places of business, including places of amusement.

Oregon City Enterprise: R. J. Zivney, of Hazelia, has returned to Oregon City from his hunting trip, bringing back carcasses of a five and a four pointed buck and the hide of a large black bear. Her cub also met its fate at the hands of Zivney, but owing to the weather conditions in the mountains it was impossible to bring the cub's pelt back.

According to the Reno Gazette, Lakeview, Oregon, is soon to receive a carload of unappropriated blessings. J. A. Shifflett, of Abingdown, Ill., in a communication to General Manager Ramsey M. Cox, of the N.C.O., promises the shipment. "I am doing my best to get that carload of old maids," he says in his letter, "and have no doubt of results, as there are plenty of them here." Shifflett visited Lakeview some time ago, and while impressed with the earning power of the territory in eastern Oregon, was inclined to view with more or less alarm the condition in the Eyesless Eden where the sheep-herders live and where no children live, love, laugh and play about the doorway.

Roseburg Review: That an irrigation system will be constructed in the vicinity of Riddle that will furnish water for approximately 2000 acres of alfalfa land, and thereby setting a long felt want to the farmers of that section, was the statement of John C. White, who returned here last evening after conferring with a number of the most interested parties.

Gambling Ring Discovered in Chicago. Chicago, Oct. 2.—Men supposed to stand high in the race gambling ring that was accidentally uncovered by Judge Landis in federal court here Saturday will be called before the judge today to testify concerning the workings of the news bureau and betting ring with sub-stations in all parts of Chicago.

Evidence already uncovered is said to show absolutely that the professional limited funds, have been working a gigantic game with complete immunity from the Chicago police. Charges against high officials are expected. Police Chief Healey will be questioned today by Judge Landis. Police captains say they have made arrests but that municipal judges refuse to convict the gamblers. The judges reply that the police do not get sufficient evidence. Vice workers say gambling is worse than in 10 years.

NAVAL FORCES. (Continued from Page One.) Invaded Bulgaria for the first time since Rumania entered the war. An official statement from the war office this afternoon announced that the Rumanians succeeded in crossing the Danube south of Bucharest, gaining a footing on Bulgarian soil.

The Bulgarian fortress of Rustchuk, the strongest Bulgarian position on the Danube, lies directly south of Bucharest and the Rumanian crossing was made near this point.

The Berlin dispatch does not indicate how large a force of Rumanians crossed the Danube. A crossing by a large force would threaten the rest of the Teutonia army in Dobrudja and force their retirement.

Halts Rumanian Invasion. Berlin, Oct. 2.—General Falkenhayn's victory over the Rumanians near Hermannstadt has halted the whole Rumanian invasion of Transylvania, said Budapest dispatches today.

The Rumanian left wing was so badly demoralized by the blow that it has become necessary to re-group all the forces on the Transylvanian front. The fighting in the region of Hermannstadt has practically ended with about 4,000 prisoners and large quantities of booty in the hands of the central allies.

Sailors Called Out. Home, Oct. 2.—Sailors of the class of 1896 were today called to the colors.

Lewis To Be Given Royal Reception

San Francisco, Oct. 2.—Two demonstrations are scheduled for the appearance of Senator J. Hamilton Lewis, of Illinois, when he speaks at Dreamland rink tonight—an enthusiastic welcome by Wilson supporters and a silent protest by members of the Women's party. The latter demonstration is for the purpose of showing the organization's disapproval not only of Wilson but also of Lewis' alleged threat of democratic opposition to national suffrage if the women oppose the democratic party. Lewis this morning laughingly doubted the ability of women to make a "silent" protest. He stated though, that he would rather have the women come inside the rink, and hear his message on behalf of democracy. The women, however, have made extensive plans for their protest and intend to carry it through.
