ored women, the first of its kind, was held in Boston in 1895. Out of this grew the National Association of Colored Women. The club is likewise the guiding spirit of the Northeastern Federation of Colored Women's clubs.

Mrs. Ruffin has been president of the Woman's Era club since the organization was formed. She was born in Boston, and when she was sixteen years

of age, married George L. Ruffin, who was one of the handsomest and ablest colored men in Boston. He was a graduate of the Harvard Law school, served several terms in the city council, two terms in the legislature, and when General Benjamin F. Butler was Governor he appointed Mr. Ruffin to a judgeship in the municipal court in Charlestown, Boston, giving him the distinction of

being the first colored man to occupy a position on the bench north of Mason and Dixon's line.

At the presentation of a set of colors to a company of the Fifth-first Massachusetts colored volunteers in 1863, Mrs. Ruffin was the first person to publicly recite "The Black Regiment," a famous war-time poem. She was one of the first workers in the Associated Charities of Boston, which did a far-reaching work in the negro exodus of 1879. For a number of years she has been a member of the Moral Education society, and has also been strongly identified with the Massachusetts Woman Suffrage association. She is a member of the New England Women's Press association, being editor of the Woman's Era, published in the interests of the colored women of America, and is the founder of the Association for the Promotion of Child Training in the South, the aim of which is to aid in kindergarten work in southern cities.

Mrs. Ruffin was recently elected an alternate delegate to the Milwaukee convention by the Woman's Press association and a delegate by the Massachusetts Federation of Women's clubs, but both of these places she declined in order to be a delegate of the Woman's Era club.

Mrs. Florida Ruffin Ridley, a daughter

of Mrs. Ruffin, is one of the prominent members of the Woman's Era club. She is a graduate of the grammar, high and normal schools of Boston, and was the second colored woman to teach in the public schools of that city. She was one of the founders and the first secretary of the Woman's Era club, and did much to aid her mother in making the first convention of colored women of the country the success it was.

Mrs. Ruffin is described as a woman of fine personality. Her complexion is very light and clear, and she has a deep color in her cheeks. Her hair, which is prematurely white, is worn in a pompadour. She dresses with taste and her presence is stately.

Tecumseh Sorosis right royally entertained their husbands and friends at the residence of Mrs. J. A. Dillon, one of the charter members of the club, on Wednesday evening, June 13th, the event being the greatest social function Tecumseh has witnessed for many moons. The beautiful lawn was artistically lighted and decorated with tri-colored Japanese lanterns. At the door the guests were directed by Helen Davies, and each one in turn was introduced to the officers of the club, who received in the front parlor. These were Mrs. Scott, president; Mrs. Lattan, vice
