**LOCAL AFFAIRS.**

Corn is looking well.  
When you want a Nobby hat call at Robinson's Cash Store.  
R. R. Taylor is now comfortable settled in his new dwelling.  
Of course you are coming to Kimball the 4th to see the eagle soar.  
Try our California Canned Fruits we have everything at only 30 cents per can. Weeks & Wells.  
Henry & Orcutt have erected an elegant gold lettered sign on their new bank building.  
Hutchison & French have placed in their drug store an elegant soda fountain. Go in and see it work.  
We acknowledge a pleasant call from Miles E. Tully the genial correspondent of the Press and Dakotian.  
Lawton & Woodman opened up their new meat market yesterday, and are now prepared to furnish all kinds of fresh and dried meats.  
We acknowledge an invitation from the managers of the Mitchell agricultural and driving association, to attend their second annual racing meeting to be held in that city July 3rd and 4th.  
Kimball, Brule county is arranging for the "biggest and best" 4th of July celebration in southern Dakota.  
Press & Dakotian. Correct, such a celebration we are going to have. Kimball never does anything by halves.  
It was a rather small trick to run a bill of \$14.80 for cigars and have it charged to Edd Cooper while he was at Chamberlain last week, but Edd takes it all in good part smiles, and says its the prettiest girl in Dakota.  
The school election for this township will be held at Louis Richard's feed store next Wednesday the 26th between the hours of nine and four o'clock for the purpose of electing a township school board and to select a name for the school township.  
Masset, Hunting & Co. from McGregor, Iowa, are going to build an elevator here and be ready to handle grain as soon as it is ready for market. Those gentlemen have elevators in nearly every town on this line of road and are competent and thorough grain men. R. R. Taylor will have charge of the elevator when finished.

—And still new buildings continue to go up.  
—Headlight Coal Oil 150 Test, at Hutchison & French's.  
—Our farmers say they never saw small grain look better at this time of year.  
—Judge Edgerton will hold a term of court for this county at Chamberlain commencing July 10th.  
—Summer clothing will be sold for thirty days at greatly reduced prices at Robinsons Cash Store, Kimball.  
—Mens' and Boys' Summer Hats ranging in prices from 0 up to 5 cents each at Robinson's Cash Store.  
—Real Estate is having a larger boom at this time, than it has ever before realized in Kimball.  
—Hutchison & French keep Chandeliers, Library, Bracket and all kinds of Lamps. Call on them for Bargains.  
—Plainfield the recently established post office six miles east of here has a blacksmith shop, and a grocery store is being put up.  
—D. B. Robinson has just received a splendid line of Gents' furnishing Goods which he is selling at prices away down. Robinson's Cash Store.  
—The committee on fire works for the 4th have made their selections and sent in their order. They will make an enchanting display.  
—The Dakota Register one of the best papers in all Dakota has started out this week on its third volume. Long may it continue to prosper.  
—Hutchison & French make a specialty of furnishing large Glass for Store Fronts. If you are intending to build, call on them and get prices before buying elsewhere.  
—F. M. Cooley editor of the Buffalo County Herald was in town Saturday, and reports everything booming up at his town. Sulphur Springs he says is growing rapidly and is destined to be the town of the county.  
—The Trustees of the County Agricultural Society, with the Township committee men will meet at Ochsner Bros. Store on Saturday June 30th at 2 o'clock a. m. to complete arrangements for the coming county fair to be held early in September.  
—There is a story here to the effect that Fosco Conklin has become somewhat alarmed at the idea of a history of recent politics by James G. Blaine, and that he is decided to defend himself in advance by writing a similar treatise. It is suspected that his book may contain some incidental references of a highly uncomplimentary character to the gentleman from Maine.  
—Brule county is growing so rapidly in population that we believe it would be to the interest of all concerned to have township organizations, with the townships named instead of numbered and the proper officers elected to each organized township. For several reasons, we believe such a movement should be presented to the commissioners and would be glad to hear other opinions expressed in the matter.  
—That was a profound philosopher who compared advertising to a growing crop. He said: "The farmer plants his seed, and while he is sleeping the corn is growing. So with advertising. While you are sleeping or eating your advertisement is being read by thousands of persons who never saw you or heard of your business, and never would had it not been for your advertising."  
—Time after time has the editor of our cotemporary the Index threatened to make an enlargement and increase, but till the present we never thought of the matter with any seriousness. But now that he has got married its hard to tell what he may do. We extend to you Bro. Willis however, our hand of friendship in your journey of matrimonial life, and trust your voyage will be one of continual happiness and pleasure both to yourself and lady. Its our opinion you have been somewhat cash though we forgive you this time providing you will never do it again.

—Strangers are numerous, and getting more so every day.  
—Look at those Nobby all wool suits at Robinsons. Only \$10.  
—According to reports England will have a flying ere long.  
—Do you want a pair of Slippers for 25 cents? If you do call on Weeks & Wells.  
—Tramps are a scarce article in Dakota. None but the industrious thrive here.  
—Minneapolis Flour can not be beat. Only \$3.40 Per Hundred, at Weeks & Wells.  
—Workmen have commenced laying the foundation for the new Methodist church.  
—Did you know that Weeks & Wells are selling 8 pounds of roasted Coffee for \$1.00  
—Small grain of all all kind is looking fifty per cent better than it did last year at this time.  
—The southern Dakota creamery association has been organized at Lennox, with O. D. Hinkley, Lincoln Centre, president. All creamery interests in southern Dakota are invited to cooperate.  
—Don't be enticed to spend your 4th any other place but in Kimball where the only legitimate celebration will be held. For every ten cents it costs you, you will get a dollar's worth of fun in return.  
—As an evidence of how Dakota's stock interests are fast assuming proportions, one has only to keep watch of the cattle, horses and sheep being brought into the territory daily, to say nothing of those already here.  
—The Huron convention passed off very harmoniously all adhering to the purpose of division and statehood. A constitutional convention is called to meet September 4th. In our next, we will give the proceedings in full.  
—The Bank of Kimball have put down a side walk in front of their building this week, have built a good stone foundation under the building and at present are building their vault and making other suitable improvements.  
—The organic act creating the Territory of Dakota provides that the supreme court shall assemble "at the seat of government," but does not fix the time for such session. An un-repealed section of the laws of Dakota says there shall be two terms of the supreme court each year at Yankton, and fixes the dates thereof. The question now arises which place should the supreme court be held. At Bismark the new capital or at Yankton?  
—Rev. Joseph Ward, who has been appointed by Delegate Raymond one of the exominers of applicants for the Annapolis naval cadetship to which Dakota is entitled, asks us to announce that the examinations will be held at Fargo on the 27th of June and that all applicants are expected to present themselves at that city upon the date mentioned. Dakota is entitled to one cadetship and the appointment must be made prior to July 1st by the delegate. Capt. Raymond has left the choice to the recommendation of the examiners, after competitive examination of the applicants. Each applicant must be over fourteen and less than eighteen years of age.  
I am prepared to haul sand and stone in any quantity from one cord to fifty, and delivered to parties on short notice at reasonable prices.
