Pay your dog tax.  
Thanksgiving next week.  
Old papers at this office for 50c per hundred.  
Two new ordinances in this issue. Read them.  
The boys appreciate Hutchinson & French's new stove.  
Maj Jones returned from his northern trip yesterday.  
D. E. Robinson left Kimball on Sunday night last for Dubuque.  
A. F. Cilley and wife and George Hutchinson were in Mitchell this week.  
Frank Smith proved up on his claim last week and set up the cigars to all the boys.  
Our Kimball girls should not forget that Goliath died from the effects of a bang on the forehead.  
White Lake, Pukwana and Kimball joined in a dance at Warner's Hall (?) on Wednesday night last.  
The Band of Hope will meet Sunday afternoon at three o'clock.  
Mrs. B. F. Humphrey Pres.  
The two quarter sections lying south of the town site of Kimball have been swept over by a prairie fire.  
Mr. and Mrs. Gilman, Mr. Larrivay and Miss Henniger, of Pukwana, attended the dance here on Wednesday night.  
WANTED—Dogs, breed, sex, color and previous condition of servitude of no account. Apply for 30 days at the Index office.  
Will the city fathers enforce the ordinance regulating the building of proper chimneys on all buildings within the corporation?  
The Index says: "A warm stove is a handy thing to have in the house nowadays."  
We would much prefer a cold (coal) stove.  
The Misses Pettit, Clark, Lane, James and Farrington, and Messrs Hooper and James, were up from White Lake to attend the dance on Wednesday night last.  
Mr. Thos. M. McDonald has proved up on his claim and left on Tuesday night's train for his old home in Avenue City Mo., where he will remain until spring.  
If it had not been for the White Lake people the dance on Wednesday night would have been rather slim. Come again girls. Will try and make it pleasant for you always.  
The Chamberlain Register says we have clipped one of that paper's articles and credited it to the Democrat. We clipped the article from an eastern paper and found it credited to the Democrat.  
While fierce gales are tearing up and down the Great Lakes, and New York and Michigan are in the midst of snow storms, South Dakota is enjoying the finest of weather with the mercury up to 70 degrees.  
It was an Ohio minister who arose in the pulpit and announced the text: "We are all in but cannot stay. What shall we do?" When one of the leading brothers, in the back end of the church, arose and said: "Let's pass it for a jack pot."

If the post-office was kept open Sunday morning until nine o'clock or half past, it would greatly convenience many of our business men, as some of them object to getting up in the night and going down after their mail and returning home and going back to bed again.  
Mr. Chas. N. Walker, of the Chamberlain Register, was in town last week on business connected with his paper. He brought his blooded pointer and his gun with him, and with the GRAPHIC editor created a great havoc among the geese (in our mind). Mr. Walker makes hosts of friends wherever he goes and is always a welcome visitor to Kimball.  
When a young man says his girl is "worth her weight in gold," he is not putting a very high valuation upon her unless she is a very heavy girl. At this rating, 120 pounds of girl would be worth only about \$30,000, and any young man who doesn't think his best girl worth more than \$30,000 ought to be kicked clear across the claim by an infuriated parent and have the family dog set after him.  
This is a baby. It is a girl baby. How sloppy its chin is! How red its eyes! What horrid contortions it makes with its face! See how savage-ly it kicks! How sour it smells! How like a demon it yells! Yet in a few short years some man will be lacerated with wild suspense, worshipping the very air this being breathes, devoutly kneeling at her feet and frantically begging for one word, one pres- sure of the hand, even a look, which will give him hope. Such is life.

**PLAINFIELD.**  
Two antelope were seen in this vicinity this week.  
Mr. Joseph had a good horse die last Friday night.  
Mrs. Garlock saw a large wolf near their house one morning last week.  
Mr. Surprise is digging a cellar, which looks as though he was expecting his family.  
Mr. Ed Leach was down here fighting fire with the rest of us last week. He leaves the Territory to-night, we understand.  
Mr. Wells has made quite an improvement in his place by digging a cellar, moving his house and enlarging his windows.  
Mr. E. O. Fitch and Mr. Barrett were down here last week planting a tree claim when the mercury was 10 degrees below zero. When will the seeds grow?  
Wanted, a car load of old mads for the benefit of the unmarried men who were disappointed in their younger days and came to Dakota to seek a fortune before trying again.  
A certain divine in our vicinity started out the other evening to fight fire when he thought he discovered the Indians almost upon him. He being frightened call his neighbors and they marched up to them and discovered a team of oxen with a pony hitched to the wagon.  
**GERTRUDE.**

**BLOOM HILLS.**  
J. R. Lowe is banking up his store preparatory to cold weather. Thought you were going to move "up on the hill," J. R.  
Meeting of Idle Hour Club at Lowe's to-night. Come and listen to our "Glee Club," debates and reading of Bijou Hills Siftings etc.  
Christ Johnson, the new blacksmith and wagon maker, has arrived and is busily engaged in building his house and shop. Now for a harness shop.  
Several farmers in the neighborhood are just finishing their threshing. Pretty cold to handle a fork etc, though the large yield makes us all happy.  
The dance held at Coats & Loyd's drug store Tuesday evening, 19th inst. was a pleasant affair, but owing to the severity of the weather there was not a large number present. Among those in attendance were the Misses Hoxie, Hare, Arnold, Prescott, Fet- tealy and Mrs. J. S. Baker and Messrs. Frontman, Evans, Harrison, Ander- son, J. S. Baker, A. L. Baker, Lane, Miller, Mr. W. Heaton and Jeff Stanley drew the bow. We think the boys should have managed to have a supper, but they promise to do better next time.  
YOURS TRULY.

**Goose Dog For Sale.**  
Bro. Willis, after many vain at- tempts to slaughter a few geese, arrived at the conclusion that the only effectual way to obtain a goose dinner was to, in some way, procure a dog that would point them. Hearing of a dog in Iowa that was offered for sale, he immediately wrote the owner of him inquiring if the dog would "point geese." An answer came to the effect that his present owner had never tried him but as he was an un- common dog he would probably do it. For days afterwards the boys heard nothing from Willis but "Oh you wait until my goose dog comes, I'll show you how to get geese." On Saturday last the dog came with 13- 75 express charges, and after Willis had liberated him from the crockery crate in which he was shipped and got a good square look at him, he ex- claimed "Angels and ministers of Buffalo county \$350 claudes de- fend us, doth mine eyes deceive mine earsight or am I lame."  
It was a bull dog, one of the old fashioned pug-nosed, hollow-backed, lantern-jawed and bow-legged kind and homelier than an old maid when she first crawls out of bed. ("I have never seen one crawl out but "they" say they look pretty tough). Anyone in need of a first class "goose dog" will get a bargain by calling at the Index office.
