After thirteen years of experience under the credit system, The News finds that it is not best for its well being to further experiment along the line of promises and will, beginning January the first, 1911, go to a cash proposition. From that date no one's name will be placed on the subscription book unless accompanied by cash. Due time will be given to allow all subscribers to adjust their subscriptions before any one's paper is discontinued. There are hundred's of accounts from one to two years in arrearage and the loss to the office every year along this line is heavy. There will be no favorites and no one need expect us to purposely violate the new rule. If you want the paper pay up arrearage and advance your subscription and it will do the best it can for you and this section.
