

JOHN DREW THE EVENT OF THE WEEK

Norfolk Turned Out in Full Force to See Him. THE PICKETT-BUCHANAN TEA

Daughters of the Confederacy Give a Most Enjoyable and Brilliant Evening of Pleasure and Confederate Interest and Association.

(Special Dispatch to The Times.) NORFOLK, VA., January 24.—The social event of the week occurred Monday. It was the appearance of John Drew in the play of "Mummy and the Humming Bird." That was distinctly a society event because all the members of the club had made preparations to attend it, and, to the best of their ability, to enjoy it. By common consent it was understood that the men who really wished to compliment a girl should provide to take her to the theatrical event of the season and that the girl should have a special gown for the occasion. The women, who arrange such things by some occult agreement not comprehended by men, had someone in mind for the occasion. The fact that it was on Monday, was to be an opportunity for the men and a spectacular exhibition for the women. The men opened their purses and the women looked on some, beautiful or charming, according to some, beautiful or charming, according to some, in the best or the most becoming gowns they could command. Thus it was that a play here, like a grand opera in New Orleans or a horse-show in New York, became the most notable event of the social week of some of those fortunate ones who realized on it, the social event of the season. The reputation of John Drew, as the leader of society plays and the rumors of the gorgeous pretty women of the play would wear, attracted the women who manage such things, to pass the word that everybody was to take his very best girl and that every girl was to wear her very newest or her most effective gown—and so it was.

The tea which was given Monday afternoon by the Pickett-Buchanan Chapter, Daughters of the Confederacy and the Auxiliary, was brilliant. Pickett-Buchanan Hall had been decorated with Confederate colors, palms and lamps. A special programme was prepared.

First was a paper on "The Status of the Southern Education," by Mrs. R. L. Payne. It was thoroughly prepared and most interesting.
