## NEWS OF THE VICINAGE.

The aged father of Samuel Hamlin died in Casey Tuesday.

A child of Green Lowrey, in Madison county, was burned to death.

Mercer county paid \$4,000 last year for repairing 45 miles of free turnpikes.

Dr. O. H. Witherspoon, of Lawrenceburg, was perhaps fatally injured by a fall.

Price Smith, a Mercer county farmer, killed a red fox with an empty paint keg.

There were 343 births and 120 deaths in Adair county last year, says the News.

Judge Fontaine T. Fox, of Louisville, narrowly escaped asphyxiation by gas while taking a bath.

Judge W. L. Brown has called a special term of court to begin at London Jan. 28 for the trial of a large number of criminal cases.

The livery firm of Yeager & Rice, of Danville, has dissolved—W. R. Rice retiring. He will go to Kansas City and engage with a street railway company.

A train of the Louisville & Atlantic was wrecked Thursday night near Valley View. The mail car was burnt but no lives were lost. Traffic was delayed several hours.

Milo Shanks has sold the Pentagraph plant at Richmond to his brother, Steve Shanks. T. C. Adams will continue to edit the paper, notwithstanding he has been given the job of storekeeper-gauger at Millon's distillery.

The trustees of the C. S. railway have drawn a lease for the road which requires that the lessee shall make the road double track from Cincinnati to Chattanooga, including tunnels, and that the whole shall be first class work.

Dr. John G. Fee, the founder of Berea College, now in his 80th year, is dangerously ill at his home at Berea. He was one of the original abolitionists in the Union, and with Gen. Cassius M. Clay and other celebrities advocated freedom of slaves as far back as the forties.

Those who remember J. R. Rice, the "cowboy preacher," who, with a woman, styled the "Mountain Maid," preached on the streets here some years ago, may be interested in a dispatch from Parkersburg, W. Va., saying that Rice had been picked up in a gutter there dead drunk, with plenty of cash and jewelry on his person.—Richmond Climax.

## CHURCHES AND PREACHERS.

The residence of Rev. G. N. Cundiff, Hardin county, was blown with dynamite by moonshiners, against whom he preached.

There will be communion services at the Presbyterian church Sunday, with the usual preparatory services beginning tonight.

Rev. G. A. Mills, who was called by the Hubble congregation, will preach his first sermon Sunday morning, Mr. C. C. Withers asks us to state.

A. A. Warren, treasurer, asks us to say that a full attendance of the members of the Christian church Sunday is earnestly desired. Important matters are to be attended to.

The colored Baptists report in the United States State conventions, 25; publications, 42; colleges, 61; associations, 114; ministers, 14,253; churches, 15,147; members, 1,852,334.

Of each dollar of Southern Methodist mission money, 32 cents goes to missions in Asia and Africa; 14c to missions in South America; 45c to missions in North America, and 8c to expenses.

Mrs. Margaret Elsher, an old resident of Covington, dropped dead during the services at St. Patrick's church. She was kneeling in prayer during the mass when she suddenly fell forward on her face and expired.

Dr. F. H. Kerfoot has gone to Havana to establish two new Baptist churches in Cuba, instead of one, as originally contemplated. The present plan provides for one in Havana for English-speaking Baptists, and one for Cubans, in the province of Pinar del Rio.

## BRAVE MEN FALL.

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Maryland. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. I did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at Fenny's Drug Store. Every bottle guaranteed.

C. M. Patterson, a farmer of Lowndes county, Ala., was loading shells from a keg of powder, when a spark fell into the keg, causing an explosion, Patterson's wife and father and one of his children—a girl—receiving injuries from which they died. Patterson was fatally burned.

## WORKING NIGHT AND DAY.

The busiest and tightest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, listlessness into energy, brain-feeble into mental power. They're wonderful in building up the health. Only 25c per box, sold by Fenny, Druggist.

## MATRIMONIAL MATTERS.

Harry Haley, aged 16, and Miss Josie Wilson, 13, were married at Gatorie.

Henry Gibbons, of Centralia, Mo., broke a blood vessel while quarrelling with his wife.

Miss Elizabeth DePauw and J. B. Tucker, both of Garrard, were married at Danville.

J. F. Shaw and Miss Annie Payne, both of the East End, were married at Frank Likens' Wednesday.

Miss Louisa Grigsby, formerly of Danville, was married in New York to Bartell Arkell. The bride is a daughter of Col. Warren Grigsby.

Dr. Thomas Welch, of Florida, came to his old home in Jessamine, Wednesday and took back a bride in the person of Miss Beesie Chrisman.

John Rowland, of St. Louis, and Miss Bettie Harris, of Quincy, Ill., were married at East St. Louis in two hours after they were introduced to each other.

Miss Antoinette Ewell Smith, daughter of J. D. Smith, formerly of London, was married at her home in Louisville to Maj. M. B. Jones, who also used to live in Laurel county.

Announcements of the marriage Jan. 4th of Mr. Boyle Owsley Rodes, of Danville, to Miss Susan Carroll Cromwell, have been received by friends here. The groom is a capitalist and a most excellent man, while his bride is wealthy, attractive and accomplished.

Well! well! well! Who would have thought that the apparently confirmed old bachelor, Hon. George E. Stone, of Liberty, would have ever become a Benedict? But stranger things have happened and Mr. Stone being a man has at last succumbed to the smiles of

woman. He was married at Monticello Tuesday to Miss Mary E. Hall, of that place, and they are now on their bridal tour as happy as the days are long. Years ago, when both were younger than they are now, they were lovers, but a slight misunderstanding estranged them and they were for years as strangers. The old love still burned in the hearts of both and when Mr. Stone renewed his suit he found that his Peggy was like himself and Barks, "willin'." The bride is said to be a comely and attractive lady, while every body who knows Mr. Stone is aware that he is big hearted and big brained. May he and his be very happy and never know other regret than that they put off till now what might have been done long ago.

The meekest man that the new year has shown up is L. R. May, of Tennessee. He was engaged to marry Miss Hattie Wood, when they had a quarrel and she broke it off. Afterwards he sought and obtained a reconciliation. The wedding was set for New Year's, the dinner was spread and the bride was in her wedding gown and everything was ready for the nuptials when the scamp sent a note that he would not be there and that his only object in saying he would was to humiliate the woman who had crossed him. If she has a brother and he doesn't kill the fellow, he is unworthy of the name of man.

MILLIONS GIVEN AWAY.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on Penny, Druggist, and get a free trial bottle. Regular size 50c, and \$1. Every bottle guaranteed, or price refunded.

Fire broke out Tuesday in the big Main Street building, Richmond, Va., used as general offices by the Chesapeake & Ohio, and which covers the site of the old Spotswood Hotel, which was burned with considerable loss of life, Christmas Eve, 1870. The loss on building is about \$70,000, fully covered by insurance. The railroad suffered great inconvenience and loss in the destruction of papers that can not be duplicated.

Sight was restored to a Chicago boy by the use of X-rays and a delicate surgical operation for removal of a tumor on the brain.

## LANCASTER.

The fiscal court convened on Tuesday, settled with the sheriff and adjourned to Jan. 19 to attend to some unfinished business.

The regular compositor must be off on a visit as the type made me use "Roman" without a capital and spell immaculate with one m.

At the examining trial of John and William Fowler, for shooting Carey Robison on Dec. 25th, Judge Brown dismissed John and held William in a bond of \$200.

W. L. Lawson shipped a car of cattle to the Cincinnati market on Tuesday. J. I. Hamilton and Jason Walker are buying mules for the Southern market. R. E. Thompson sold to H. B. Northcutt a cow and calf for \$50.

The National and the Citizen's National Banks are both in a flourishing condition and there are not two more reliable and better managed institutions in the State. As usual they declared a semi annual dividend of 3 per cent.

Dr. B. F. Walter, who attended my school, has solved the INTERIOR JOURNAL puzzle. He takes 13 and under it he writes, in units place, 3, 3, 1 and 1. This takes six of the figures, although one is in tens place, and when added they make 21. Is this correct?

Judge Walker is on the sick list, and Joe H. Arnold is doing his work as gauger at the Pilgrimage distillery. One day's mash, which would have yielded 15 barrels of whisky, was lost at that distillery on Monday on account of a defective hoop or stove.

The "Western Stars," a popular, up-to-date musical troupe, will appear here on Jan. 26, under the auspices of the W. C. T. U. Some of the characters have a National reputation and our ladies would be safe in proposing to refund the admission fee to any honest, intelligent person who is dissatisfied with the performance.

At the meeting of the city council on Monday night, a quorum not being present, they adjourned subject to a call meeting at any time, the call to be made by Mayor Kinnaird. There are several candidates for town marshal and city attorney. J. M. Higginbotham, Rice Benge and J. A. Beazley, newly elected trustees, took the oath of office.

Dr. B. F. Walter has moved his office into the Thompson building and Joe Niellass will move his barber shop into the room vacated by the doctor. Messrs. Crone and Gastineau will move into the Lancaster Hotel building on Danville street. The all around firm of Harris, Hatcher & Hughes now occupies the room between Theo. Currey's grocery and the Best Hotel. Dr. Acton is boarding and officing with Rice Benge at the Best Hotel. Dr. W. S. Beazley is pleasantly located on Danville Avenue. Mrs. M. A. Fox has moved into the Franklin Institute building. Jesse Doty has moved to town.

In 1899 there were 131 executions by hanging in the United States, an increase of 21 over 1898. Of these the Southern States had 100 and the North 31. Fifty-eight of those executed were white men, 72 Negroes and one Indian. The total number of suicides was 5,340, as against 5,920 in the preceding year. There were 107 lynchings. Of these 103 were in the South and four in the North. Of the sufferers 84 were blacks and 23 whites. Forty-four persons were lynched for murder, 11 for complicity in murder, one for arson and murder, 11 for assault, six for alleged assault and one for assault and murder.

"A young man came into our store yesterday suffering from a severe attack of cramp colic," writes B. F. Hess, miller and general merchant, Dickey's Mountain, Pa. "He had tried various home remedies without relief. As I had used Chamberlain's Colic, Cholera and Diarrhoea Remedy I gave him a dose and it soon brought him out all right. I never saw a fellow so-rejoiced." Sold by Craig & Hoeker, Druggists.

At a turkey shooting match in Breathitt county, Jerry and Jack Noble on one side, and Jim Palster Noble and Irvine Fugate on the other, exchanged several shots. Both Jim Noble and Fugate were killed. Jerry Noble was shot in the mouth.

RED HOT FROM THE GUN.

Was the ball that hit G. B. Steedman, of Newark, Mich., in the Civil War. It caused horrible ulcers that no treatment helped for 20 years. Then Bucklin's Arizer Salve cured him. Cures Cuts, Bruises, Burns, Boils, Felsons, Corns, Skin Eruptions. Best Plaster cure on earth. 25 cts a box. Cure guaranteed. Sold by Penny, Druggist.

Jim Williams, the Louisville bruiser, was fined \$5 for assaulting a young attorney at Frankfort.

## TO THE DEMOCRATS OF LINCOLN COUNTY.

AN APPEAL TO SECURE RIGHT AND JUSTICE.

At the last November election, R. L. Hubble and J. M. Alverson were respectively the democratic sheriff and judge in Lincoln County No. 1. Sam'l J. Embry, Jr., was the democratic challenger. Each one of these gentlemen, as I verily believe, discharged his duty faithfully and intelligently, and within the limits of the law as was the right and duty of Embry. He challenged the right of several persons offering to vote, whose qualifications he had reason to doubt. His offending bath this extent and no more. Hubble and Alverson only passed upon challenges made either by Embry or the republican challenger. This is the extent of their offense; yet in a few days after the election, all of these gentlemen were indicted by a Federal grand jury, were arrested, placed under heavy bond and are required to appear next February in the U. S. court at Louisville to answer the charge of confederating and banding together to prevent Negroes from voting.

This is a procedure, the like of which has not been known since the carpet-bag reconstruction days of the South.

The best lawyers of the democratic party are of the opinion that the law under which the indictments were found has no application to State elections. They are also of the opinion that the acts done by these gentlemen are not inimical to any law, State or Federal. Nevertheless, they will be subjected to expense in making their defense. As a citizen, as a democrat and as chairman of the democratic committee of Lincoln county, I think it is the duty of every democrat to save these gentlemen the burden of defraying their expenses. They should not be allowed even to bear one cent of it. They did only what the law of their State required them to do. They served their people practically without pay, and they did it according to the law made by and for the people. It would be a shame for the democratic party of Lincoln by refusal, neglect or inattention, to suffer a farthing of cost, legal or extraordinary, to come upon them.

Therefore, as chairman of the democratic committee of Lincoln county, I hereby call upon every democrat of the county to contribute any sum he may see proper to a general fund for defraying their expenses. I call upon them to do it openly, boldly and freely. The object is right; the purpose worthy. If you cannot give more than 50cts, give that much. When you come to your next county court, make your deposit with E. C. Walton, who will receive and account for all sums deposited with him. JNO. W. HOLMES, Ch'm. Dem. Co. Com.

Commonwealth's Attorney Allen, of the Fayette criminal court, has a gold mine. During the last session of the court \$7,505 were paid in fines by persons operating gaming devices and slot machines, of which he got \$3,707.50.

The fund for the relief of the widow of Maj. Gen. Lawton already exceeds \$50,000. Of this, \$44,122 has been officially reported to Adjt. Gen. Corbin.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one cured disease that science has been able to cure in all its stages, and that is Cataract. Hall's Cataract Cure is the only positive cure known in the medical fraternity. Cataract being a constitutional disease, requires a constitutional treatment. Hall's Cataract Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: E. J.
