Democratic Call.
Hon. F. A. Lyon, Sr., chairman of the Tenth District Democratic Congressional committee, has issued a call for a meeting of the committee to be held in Beattyville, Tuesday, June 23, at one o'clock p. m., for the purpose of fixing the time and manner of selecting a Democratic nominee for congress in this district.

To Democrats.
It is generally believed that the next House of Representatives at Washington will be Democratic if there is united and harmonious effort on the part of Democrats everywhere.
The Democratic National Congressional Committee is charged with such responsibility in furnishing a campaign book and other literature, directing speakers, and doing the general work of organization. We need your active support, especially in a financial way. Please send to the Democratic National Committee, Washington, D. C., a check at once, as we are greatly in need of funds to push Democrats to triumph. Our committee is sustained by voluntary contributions. We are reliably informed that the Republican committee is already generously supplied with money. Will you not aid us?
JAMES T. LLOYD, Chairman.
JOSEPH E. RANDELL, Chairman Finance Committee.

The Summer of 1816.
Every now and then some one discovers that our winter and summer seasons are not what they used to be; that the thermometer nowadays is prone to capricious reverses, and that, as the rustic poet sings:
December comes in June
June comes in December.
Those who deplore the passing of the old-time summer, should look up the records of the year 1816, and note what happened then. 1816 was called "the year without a summer." There was a frost every month of the year. January and February were mild; March was blustering and raw; at the end of April snow fell abundantly and the brooks were ice imprisoned as in winter. In May the wondering buds and young plants were nipped ere they were aware and the corn was annihilated by an ice sheet that formed to the thickness of half an inch. In June snow fell three inches deep in New York and Massachusetts, and the destruction of growing things began in May was almost completed. On the

5th of July ice as thick as window glass was a common phenomenon in Pennsylvania, and in August there was ice half an inch thick. Pennsylvania farmers were compelled to pay \$4 and \$5 a bushel for corn for the next spring's planting. Winter seemed to set in during the latter fortnight of September; from that time forward ice and snow were at no time lacking.—Philadelphia Ledger.

Says Wives Spend Husbands' Money.

Mrs. Fred T. DuBois, wife of the United States Senator from Idaho, attracted the attention of the fourteenth annual Congress of Mothers' and Parent-Teachers' Association, recently held at Denver, Colo., by declaring: "The man of America is the real homemaker, not the woman. Who pays the rent, who buys the provisions, who sees to it that every need of mother and child is gratified? It's the father and husband."
"Men unconsciously, and many of them too silently carry out the kindergarten principle of the male bird story. They build and forage, while too often the woman demands more and more."
"The average American girl grows up and thinks only of marriage as a means to an end which is greater personal independence and liberty, which comes from assurance that all the bills will be promptly paid. The evil the Mothers' Congress must efface."
The bridge whist mother was denounced by Mrs. Edwin A. Yarnall, of Philadelphia, and Mrs. Orville T. Bright, of Chicago, as the worst enemy of the child.

Miss Cora Murphy and brother, Isaac, spent Saturday at the home of Virgie Havens.

All farmers are invited to be at Stamper's store next Saturday night. The meeting will be in regard to tenants and will be an instructive one. The object will be to plan to choose only good tenants. Every farmer should attend.
Bro. Sebe Nickell preached at Old Grassy church Sunday and was ably assisted by Ellis Ward, a graduate of Hazel Green Academy, who made one of the best lectures we have ever heard. His language was beautiful, his text being "Sowing the Tares," and his explanation has never been equaled by any divine.
June 20. YES BUD.

During the severe storm on Wednesday last week lightning struck two oil tanks on the farm of Isaac Tolson, near Campton, belonging to the Dinemore Oil and Gas company, burning the two tanks and the oil they contained. The loss was about \$500.
Pat Kelly, an old-time minstrel man and traveling Irish comedian, struck our town Friday and Saturday and Saturday night treated some of our citizens to an exhibition of his dancing and Irish wit.

All Appreciate It So Much.
BEMENT, ILL., June 20, 1910.
Spencer Cooper, Hazel Green, Ky.

Dear Sir: The sample copy of THE HERALD was received last week and we all read the news with so much interest. It seemed like a letter from home, and we appreciated it so much.
We are now living in Bement, Ill., a nice little town of about 2,000. We have four churches and the finest public school in the county.
Enclosed find \$1 for subscription to THE HERALD.
Wishing you much success, I am, yours truly,
ROSIE LAWSON,
Bement, Ill.

For more than twenty-five years we have lived in Hazel Green and principally on hope. At times prevailing circumstances have made us a pessimist, but in the main we have been optimistic in our views and always had faith in the future. We now make the prediction that Hazel Green in less than six months will prove our faith. Oil will come in such quantities that we will have the oil field of Kentucky.

The lightning, hail and thunder storm of Sunday evening did considerable damage in this section. Among other things the lightning hit the pipe line telephone wire between this place and Campton and burned the wire in two. Line walkers were here Tuesday and yesterday trying to locate the damage and repair same, but up to yesterday evening had not been able to do so.
Ellis Boyd, of Honaker, Va., who married Mattie Evans, of our town, and is the father of little Raymond, the bright little boy visiting here with his mother for a week or so past, came in Friday evening to see his wife and her folks.
Mrs. Belle Godsey, who has been visiting friends and relatives at Frankfort and other points below for a week or so, came home Tuesday, very much pleased with the outing.

HERE'S THE POINT

If you are a business man, did you ever think of the field of opportunity that advertising opens to you? There is almost no limit to the possibilities of your business if you study how to turn trade into your store. If you are not getting your share of the business of your community there's a reason. People go where they are attracted—where they know what they can get and how much it is sold for. If you make direct statements in your advertising see to it that you are able to fulfill every promise you make. You will add to your business reputation and hold your customers. It will not cost as much to run your ad in this paper as you think. It is the persistent advertiser who gets there. Have something in the paper every issue, no matter how small. We will be pleased to quote you our advertising rates, particularly on the year's business.

A BARGAIN IN BUSINESS.

DESIRING to change location two of the firm of Kash, Johnson & Kash are determined to withdraw, even though they sacrifice the stock. It is the opportunity for people who need goods, as everything will be sold at less profit than any other merchant in Eastern Kentucky can afford. HIT NOW, WHILE THE IRON IS HOT!
Preferably, however, we will sell the entire stock, invoiced, house and fixtures at a great sacrifice.
This is the opportunity of a lifetime for any one who wishes to engage in the mercantile trade, as our health will not permit us to continue. Being on the corner of Main and Broadway it is the most desirable location in Hazel Green, for YOU CATCH TRADE "Gwine An' Acomin'." It is on the spot where once stood the old Pieratt Hotel, a celebrated hostelry in its day, famous all over Eastern Kentucky.
We want to sell in bulk, and if you'll meet us half way we can make a dicker.
Respectfully yours,
KASH, JOHNSON & KASH.

SELIM.

This finely bred combined harness and saddle stallion will make the season of 1910 at my barn in Daysboro, at the low price of \$5 TO INSURE LIVING COLT.
Money due when the mare proves in foal, or bred to another horse or jack, or traded away, and a lien on the colt will be retained to secure service money.
SELIM is a dark chestnut sorrel, 16 hands 3 inches high, with white stockings on hind feet. He is 7 years old this spring. He was sired by Pat Washington, a celebrated saddle stallion of Fayette county, and out of a mare by Golden Chief, combined horse.
This fine young jack will make the season at the same barn at \$5 TO INSURE A LIVING COLT, on same conditions as those of the horse.
DEMPSEY is a red sorrel, 14 hands 3 inches high, 4 years old August coming. He is out of a Black Mammoth Jennet, and by Sam Brown's Red Dempsey. Breeders who have seen him pronounce him a model jack. All possible care taken to prevent accidents, but I will not be responsible should any occur.
