Womans Christian Temperance Union.
The W. C. T. U. of Madison meets at the Methodist church every Friday afternoon at 5 o'clock, until further notice.

Stimulants and cigarettes are forbidden a place on the grounds or within a radius of two miles of the Alaska-Yukon-Pacific Exposition at Seattle. Calamity howlers predicted that this spelled failure, but as every one knows who has kept up with the great Fair this prophecy has not been realized.

June 9th was W. C. T. U. Flower Day at Seattle, the thousands of visitors being presented at the gates with white flowers by relays of white ribboners.

Florida Unions are enthusiastically pushing the Silver Medal contests which, in turn, are to be followed by Gold Medal contests, the fortunate competitors in these last to be competitors for the State gold medal at Plant City in November. Madison's Union will soon complete arrangements for such a contest to be given early in September.

The International Sunday-school Association is now definitely committed to Temperance, having very recently issued a platform calling on all Sunday-school officers, everywhere, to endorse their action. Their platform includes, briefly:

1. Temperance education along the lines of alcoholic drinks and cigarettes.
2. Regular international dates for Temperance teaching.
3. Organization.
4. Enrollment of Sunday school pupils as signers of anti-liquor and anti-cigarette pledges.

Intense Colicky Pains Relieved.

"For some years I suffered from intense colicky pains which would come on at times and from which I could find no relief," says I. S. Mason, of Beaver Dam, Ky. "Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me by a friend. After taking a few doses of the remedy I was entirely relieved. That was four years ago and there has been no return of the symptoms since that time." This remedy is for sale by W. B. Davis and B. F. Moseley.

Pinetta News.

Cotton picking will soon be the order of the day, as we see the fleecy staple is beginning to open. But we fear the crop will not be as good as was expected some time since owing to the recent heavy rains.

The annual revival meeting at Oak Grove Baptist church is in progress now and we trust much good will be accomplished before it closes.

Mr. Oscar Terry who, for the last eighteen months, has been the valued employe of his uncle, Mr. W. H. E. Terry, left last Monday for Bethune, S. C., where he has accepted a position as salesman. We regret very much to lose Mr. Terry from our midst but our loss will be that town's gain.

Miss Josephine Dozier spent from Thursday night until Sunday in Madison and attended the Teachers' Institute Friday and Saturday.

Mr. W. H. E. Terry has the brick work on his house complete and now has a force of hands at work on the inside, and he expects to be ready to occupy the house by September 1st.

The Methodist people expect to start a revival here the fourth Sunday in this month. Everybody invited to attend.

At a recent meeting of the Trustees of Pinetta school the following preamble and resolution was adopted:

Whereas, the Trustees of Pinetta Sub-district School, having the interest of the school at heart and being desirous of accomplishing something that shall benefit every child and patron of the school, do unanimously adopt the following resolutions:

RESOLVED: That the Trustees agree to furnish free Text Books to all legal pupils within the district provided a three mill tax is continued.

W. H. E. TERRY,
J. P. KINSEY, Sec'y.

Miss Kate Beasley arrived from her home in Jacksonville Saturday and is the guest for some time of her sister, Mrs. James I. Smart.

On last Thursday at the home of the bride at Aucilla, Mr. William A. Stanley and Miss Trudy Hawk were happily married. The young couple came to Madison and immediately set up house-keeping in the Smart cottage on North Boundary street. The happy groom is a young man well known and highly esteemed in our city and is a successful life insurance agent. We wish him and his fair bride great happiness and prosperity.

Mrs. John Catledge of Jasper is visiting her sister, Mrs. C. D. Tuten.

Mrs. Frank Martin returned Tuesday from a pleasant visit to Jacksonville.

B. B. McCall and Archie Livingston enjoyed a short business and pleasure trip to Jacksonville and St. Augustine last week.

Mrs. Matt Thornton and little Gladys are at home again having greatly enjoyed their visit of several weeks with friends in Chicago.

Miss Kate Torbert arrived from her home at Miami on Monday and will spend several weeks with her sister, Mrs. W. P. Thompson, at her charming country home.

For the first time in many months fire was put under the boilers at the old municipal pumping station yesterday morning and the machinery put to work pumping water into the standpipe. At the electric plant connection is being made with the new well, just completed to a depth of 400 feet, and this is the reason for using the old pumping machinery.

To night at the opera house there will be given by the Madison Orchestra another of their delightful concerts. And in addition to the concert there will be a program consisting of vocal music, recitations and drills under the direction of the Daughters of the Confederacy. This entertainment will be for the benefit of the Confederate monument fund as well as for the benefit of the orchestra, the two organizations dividing equally the proceeds. With two such worthy objects to be benefited the opera house should be crowded with our people, and we doubt not but that the attractive program will accomplish that result.

The Teachers' Institute held at the auditorium last Friday and Saturday was an unqualified success. It was attended by a large number of the teachers of the county who must have profited by the discussions of questions of interest to themselves and to the cause of education. The several papers by different teachers were splendidly prepared and submitted, and the zest with which the teachers entered into discussion of the questions submitted proved that they are alive to the cause which they represent. The addresses by Prof. Charles Lane of Georgia, Dr. Tribble of Lake City and Prof. Cate, were timely and instructive, and we have no doubt but that the teachers of our county gleaned valuable information and encouragement from each of them. We like these Teachers' Institutes. In our opinion they are calculated to materially advance the cause of education and if we had our way about it an institute would be held in this town at least twice a year.

Disagreeable at Home.

Lots of men and women who are agreeable with others, get "cranky" at home. Its not disposition, its the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbiac and put your liver in shape. You and everybody around you will feel better for it. Price 50 cents per bottle. Sold by W. B. Davis.
