### The Barbecue.

The barbecue in Palatka last Wednesday was attended by a large crowd of people from all sections of the County, and the great dinner, the speeches, the music and the fine cool day was genuinely enjoyed by everyone.

Under the large oaks along the river bank was the place selected for the good time, and from long tables 1500 people feasted upon barbecued beef, mutton and pork, good bread and strong coffee while the band played.

The coming bond election, which, if successful, promises so much for all our people, was discussed and clearly explained in addresses by Mr. Geo. B. Selden, Hon. Sam J. Hilburn and Judge E. N. Calhoun.

The speakers who have been going through the County talking for bonds have been the recipients of such kind treatment and have been fed so well, that they insisted that a big dinner should be given in Palatka for everybody in the County. And this was the barbecue, and it was a big thing well done.

### The Jacksonville Carnival.

Jacksonville is to have a Carnival celebration lasting for an entire week, from October 26 to 31 inclusive.

This will be good news to our readers, for the thousands of people who attended the Jacksonville Carnivals in past years have pleasant recollections of the splendid attractions presented by the Jacksonville Carnival Association. The same gentleman are in charge of the Carnival this year and they promise to give the very best Carnival ever seen in the South.

Very low railroad rates for the round trip, from all points in Florida, are assured, and that the city of Jacksonville will be thronged with visitors from all parts of the State is a certainty.

Jacksonville is growing faster than any city in the entire country, and this will be an excellent opportunity to see the Metropolis of the State.

Four cars of shell were unloaded Monday and Tuesday. The shell road is growing slowly. About one mile has so far been laid. Three cars more of shell arrived and were hauled yesterday.

The Times-Union had a cut in that paper this week that people actually could make out by the picture, instead of by title, what it really was meant to represent. Wonder was it "Made in Jacksonville."

The dance Thursday evening at the depot was attended by about 25 couples. The music was violin and guitar and dancing was kept up until midnight. A pleasant time was reported. Mr. Matthew Solana had charge of the arrangements.

Sands, Furber & Co., of Boston, will have an ad in our Commission House Directory next issue. This house is one of the very best in Boston and are hard to beat for returns for fancy fruit, as many Putnam County growers can testify. They are reliable.

Hastings is soon to have a bank. The promoters are from Georgia. About one half of the capital stock has been subscribed locally. There seems to be some question whether the Hastings neighbors want a bank in which to deposit funds or borrow from.

The Editor still has a birthday now and then as was evidenced last Saturday evening when about twenty-five of his friends gave him a genuine surprise party at the home of Mrs. M. W. Crosby. Progressive "500" and other games were played. Ice cream and cake were served for refreshments.

Editor T. B. Hartig, well known in Putnam County, was whipped with a new buggy-whip at Jesup, Ga., recently, by a former Representative from Wayne County. The representative and editor have been political enemies for the past two years and the present difficulty is the outgrowth of alleged statements that Mr. Morris claims the editor has made derogatory to the former's character.
