QUIET AT CROTON LANDING.

Order Restored by Troops, but Work Is Suspended.

CROTON LANDING, N. Y., April 17.—Dressed in the uniform of the Eleventh separate company of Mt. Vernon, the dead body of Sergeant Robert Douglas, lay in a little wooden shed in the Croton valley today. The body will be sent to his home in Mt. Vernon under a guard of his comrades.

The soldier's camp, which has been christened Camp Mully, presented a dreary appearance today after an all night's soaking rain. The strikers kept to their homes during the early morning and no attempt was made to resume work at 7 o'clock.

To Arrange For Separate Cars.

RICHMOND, Va., April 18.—The officers of the Virginia Traffic Association are holding a meeting here today to consider the Jim Crow bill. It is proposed to meet the present difficulties in complying with the provisions of the bill by compelling all white persons to travel first-class. Of runs of much length this will cost white people something more and will save the expenses and trouble of providing other cars.

Ample Must Pay.

WASHINGTON, April 18.—It was learned in the state department this morning that the Red Cross property which had been sent to Turkey to help the Turkish army in its fight against the Bulgarians will follow. This only transportation so far as the Red Cross is concerned for the part of the United States.

Boer Controversy.

LONDON, April 18.—Lord Roberts' withdrawal from the Boer war has been the subject of a full discussion in the House of Commons today. The House was divided 100 to 100 on the subject.

Democratic Monetary Dinner.

BROOKLYN, April 18.—The dinner of the Brooklyn Democratic Club in observance of the centenary of the birth of the democratic party will be held here this evening. President J. E. Eastmond will preside. The principal speakers will be ex-Governor Cramb of Ohio and Judge Joseph J. Willott of Alabama.

Kentucky Indictments.

LOUISVILLE, April 18.—The indictments in the Goebel assassination case returned by the grand jury last evening will be followed by more true bills Saturday, one against Governor Taylor said to be among the number. The confessions of Yontzey and Colton are directed at Governor Taylor.

The Siege of Wepener.

LONDON, April 18.—The Boers have not abandoned the siege of Wepener. Lord Roberts himself sends word that the town is still surrounded.

Cotton Quotations.

NEW YORK, April 18.—Cotton is quoted to-day as follows: April and May, 9.46; June and July, 9.41; August, 9.23; September, 8.43.

Indigestion is the direct cause of diseases that kill thousands of persons annually. Stop the trouble at the outset with a little PRICKLY ASH BITTERS; it strengthens the stomach and aids digestion. Sold by Hannah Bros.

Circuit Circuit.

The case of Myrover vs. Pensacola E. T. Ry. Co. ended yesterday in a verdict for the defendant. Counsel for the defense desire THE NEWS to say that a statement in a morning paper to the effect that the defense introduced evidence that the plaintiff was intoxicated at the time of the accident is erroneous.

The cases of Maude Robinson and Mary Louise Robinson vs. Pensacola E. T. Ry. Co., set for trial today, were settled out of court.

The case of Carney Lumber Co. vs. Rix M. Robinson, also set for trial this morning, was disposed of by a non-suit.

Searing Completion.

CONWAY, S. C., April 17.—The Conway and Seaboard railroad, a short line connecting Conway and the beach, is now within one mile of being completed. Great difficulty is experienced in getting a sufficient number of hands to do the work properly, but the road will be finished in time for summer travel.

Georgia's Fruit Crop.

FORT VALLEY, Ga., April 17.—J. H. Hale, president of the Hale Orchard company, who is looking after his orchard of 300,000 trees, says the crop is a sure one now and that Georgia will ship at least 3,000 cars of peaches and 200 or 300 cars of plums during June and July.

Plague in Turkey.

TEHRAN, April 17.—An outbreak of bubonic plague is reported in the Javard district near the Turkish frontier. Since the disease appeared three weeks ago, 195 deaths have occurred.

A GRIPPE coughs often continue for months and sometimes lead to fatal results after the patient is supposed to have passed the danger point. FOLEY'S HONEY AND TAR affords positive protection and security from these COUGHS. W. A. D'Alemberte.

BRITISH PREPARE TO MOVE NORTHWARD

Roberts Will Start for Pretoria at Early Date.

BRING WAR TO AN END

British Commander Has everything in Readiness for An Aggressive Campaign—Boer Troops Withdrawn from Vicinity of Bloemfontein.

LONDON, April 17.—Lafayette's dispatches confirm the report that the Boers have retired from the Elmsburg position to their Purgersburg position. No raiding operations southward have been reported and it is now clear that the Boer campaign was not a feint for the purpose of luring the British into a trap. The British activity in one direction is probably a sign that demoralization is at hand.

An official bulletin issued at Pretoria contains a review of the military situation in the various sections and states that the Boers have retired all along the line. The Boers have only a few units of men and arms in the vicinity of Bloemfontein. The British are now in a position to move northward at any time.

The Boers have been well rested during the few weeks' stay in Bloemfontein, and unless the British proceed northward now the strategem of the Boers will make itself felt. The advance will probably be made in parallel columns with an advance guard sweeping northward to the east and west, the force amounting to 75,000 men.

From the Hague come the news that the Boer delegates refuse to make public the object of their mission. They hope to be received by Queen Wilhelmina, but nothing in this direction has yet been decided upon.

The Boers, for two days past, have been displaying great activity along the Reddersburg and Rouxville road. Their scouts report them advancing on those places to the relief of Wepener, and the burghers, consequently, are divided whether to remain or retire. A majority of them desire to abandon Wepener, fearing to be cut off, while the minority, led by Commandant Olivier, are reluctant to move as long as there is a chance to capture Colonel Dalgetty's garrison.

Scouts have just reported recent firing in the direction of Thabanchin.

TELEPHONE GIRL IS DYING.

Was Victim of Peculiar Accident in Chicago Exchange.

CHICAGO, April 17.—Prostrated by an electric shock, received while at her desk in the offices of the Chicago Telephone company, two weeks ago, Maud Turnbull now lies at the point of death.

Physicians have been unable to relieve the continuous twitching of the girl's muscles, while the derangement of the nervous system has caused violent heat convulsions. These result in sinking spells, when the pulse ceases to beat until injections of strychnine are administered.

Miss Turnbull was in charge of the board where connections are made between the various offices of the company. She had just made a connection, holding the plug in her left hand and the receiver in her right, her fingers chanced to close over the metal attachment, which sent the current through her body.

Anarchist Plot Frustrated.

ROME, April 17.—An anarchist plot has been discovered at Anconia, a city and free port of Central Italy, on the Adriatic, 185 miles by railroad northeast of Rome. The police seized a number of letters from Paris and America and arrested the recipients of these missives.

BATTLE WITH TAGALOGS.

To Be Hundred of Them Assault Case's Headquarters.

TAMLA, April 17.—Twelve hundred Tagalogs attacked Case's battalion headquarters of the British regiment, at Camayan, Island of Mindanao, April 7. The Americans had 15 casualties, while of the attacking party 50 were killed and 30 wounded or taken prisoners. The enemy, numbering 150 riflemen, the remainder being bolomen, archers and mounted spearmen, swooped down in a howling mass at daylight, surprising and killing three of the sentries.

They swarmed the streets in small parties, some bearing scaling ladders, by means of which they attempted to enter the houses. The Americans riddled out of the barracks and formed in the plaza and companies began sweeping the town. The subsequent street fighting lasted 30 minutes. Twelve of the wounded Americans are now on board the hospital ship R-107.

The enemy withdrew to the mountains in great confusion.

ELECTION IN LOUISIANA.

First to Be Held Under the New Constitution.

NEW ORLEANS, April 17.—Today is the first day of the election under the new constitution and the new suffrage law, which contains an advanced and progressive modification, which will enable all the negroes to vote about the same time as the whites, whether in the city or in the country.

The registration of voters shows 11,000 white and 10,000 negro, a slight increase over the last election of 200,000, nearly equally divided among white and negroes. In 14 parishes a new voter registration is in progress at the rate of 100 per cent. Registration is not yet complete in 150.

As a result of the election of state and parish officers, the entire state of Louisiana will also vote on a constitutional amendment authorizing the city of New Orleans to issue \$10,000,000 bonds, based on a poll tax, the money to be used in draining and sewerage the city.

EXPERIMENT WITH A SUCCESS

South Carolina Farmers Will Raise More Tobacco.

CONWAY, S. C., April 17.—Last year several farmers in this county were induced to plant tobacco as an experiment, the merchants of the town erecting a large warehouse which was placed at their disposal, and under the management of an experienced man. The transactions through this house last season amounted to nearly 100,000 pounds, the price averaging about \$2.50 per 100 pounds.

The product was of a high grade and the results so satisfactory that this year tobacco will be the leading crop among the farmers. The soil is excellently adapted to the culture of high grade tobacco, and the farmers are pleased with it, because it is the best ready money crop they have yet found.

To handle this year's product the old warehouse will be run under the same management, while a new one of equal capacity is now being built.

TRUST MAY BE DISSOLVED.

National Wall Paper Company Cannot Control Prices.

NEW YORK, April 17.—At the annual meeting of the National Wall Paper company it is said a strong effort will be made to dissolve the company, better known as the wall paper trust. A party of directors working to this end is headed by Jacob F. Janeway of New Brunswick, former senior partner of the firm of Janeway & Carpenter, whose factory is now owned by the trust.

The directors say that the organization is not a trust because it has not uniformly raised the price of wall paper and because it has competition. They say it has been able to control only a small percentage of the output as it embraced 17 per cent of the factories, while there are more than 80 anti-trust factories in the United States.

Sale of Georgia Pine Land.

DAVIS STATION, S. C., April 17.—C. M. Davis, president of the C. M. Davis Lumber company of this place, is in South Georgia, where he is arranging to develop a 10,000-acre tract of long leaf yellow pine stumps which he bought some time ago.

Cowie Goes to Philippines.

SAN FRANCISCO, April 17.—Commander Cowie, U. S. N., has sailed for the Philippines, to take charge of the machine shops at the Cavite navy yard.

An Honest Medicine for La Grippe.

Geo. W. Walt, of South Gardner, Me., says: "I have had the worst cold, cold chills and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one 50-cent bottle and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by Hannah Bros. and all medicine dealers.

IS NO CHANGE IN STRIKE SITUATION

Telegraphers Still Remain Firm in Their Demands.

TRAINS ARE ALL ON TIME

Railroad Officials State That Business Goes on as Before Trouble—Conductors, Engineers and Firemen to Meet. Labor Troubles Elsewhere.

ATLANTA, April 17.—There is nothing new in the strike situation here. All the strikers remain firm, according to President Powell of the Order of Railway Telegraphers, but according to the Southern railway officials all trains continue to move on schedule time.

Many meetings at various points where it is possible according to the telegraphers, are being held either in the Southern States. These claim that the strike is in no way affected by the fact that the strikers are not being paid. They expect to continue their strike until the best of their demands are met.

The telegraphers' strike has caused the cessation of all telegraphic communication between the cities and the country. The telegraphers' strike has caused the cessation of all telegraphic communication between the cities and the country.

WILL MEET IN ASHEVILLE.

Conductors, Engineers and Firemen to Discuss Strike Situation.

ASHEVILLE, N. C., April 17.—All passenger and freight trains on the Asheville division of the Southern are running on time. Freight is being moved in sections of fast time trains. All wires east of Asheville are out between here and Old Fort, 20 miles distant. The Western Union authorities believe this cutting is due to striking operators and their sympathizers at Ferrell, the station on the Blue Ridge and at Old Fort. There has been considerable wire cutting near Marshall in Madison county, but all wires in that direction are now working.

Out of 69 operators on the Asheville division 25 have gone out. It is rumored that a meeting will be held tonight by conductors, brakemen, firemen and engineers who sympathize with the telegraphers for the purpose of discussing the situation, but the railroad authorities know nothing of such a meeting and discredit it. Railroad and Western Union authorities declare that arrests will be made on the Asheville division on the charge of wire cutting, though no warrants have yet been issued.

PUBLISHING A DAILY PAPER.

Striking Telegraphers Issue The Journal of Labor.

ATLANTA, April 17.—Arrangements have been made whereby the telegraphers will issue a daily edition of The Journal of Labor, to be known as the "Southern Railroad Telegraphers' Daily Strike Edition." The paper will be under the supervision of President Powell, and will be issued daily for an indefinite period. Its columns will be devoted to a fuller exposition of the telegraphers' side of the existing trouble with the railroad than afforded by the daily press in Atlanta and elsewhere.

The first edition under the telegraphers' management was issued this morning.

THE CIGAR MAKERS' STRIKE.

Five Thousand Men Are Out—All the Large Factories Closed.

NEW YORK, April 17.—By the closing of nine additional cigar factories the number of striking and locked out cigar makers in this city has been increased to 5,000.

From the strike of employees of Korbs, Worchheim & Schiffer a month ago the trouble among the cigar makers has grown until nearly all the large factories in the city are involved, and several concerns have announced their intention of moving from this city. It is the dull season and others of the manufacturers have decided to take advantage of it to suspend operations until their employees are employed.

The average rate of weekly wages paid is \$1. The strikers demand an increase of \$1 a week for ten hours' work.

Tailors Return to Work.

CHICAGO, April 17.—Tailors who were locked out Feb. 15 have returned to work, the contract between the Journeymen's union and the Tailor's and Drapers' union having been drawn up and signed by members of both sides last night. The only point conceded by the bosses was in regard to the bushelmen, who are allowed to remain with the union. A point lost by the strikers is the retention of men employed in their places by the various shops.

MORGAN'S FRIENDS REJOICE

He Receives Many Letters and Telegrams of Congratulation.

WASHINGTON, April 17.—The more definite news from Alabama, showing the overwhelming character and extent of his victory in the senatorial primaries, has brought a great volume of congratulatory telegrams and letters to Senator Morgan. These have come from all parts of the Union, many from Georgia friends, but more, of course, from Alabama.

It is not exaggeration to say that almost everybody in official life here is glad of Senator Morgan's victory. His vigorous career has secured the respect of his political opponents and the expression of congratulation which he has received of late has been equalled by the number of addresses expressions of hope that things would turn out his way.

SHOOTING AT GAINESVILLE.

Will Evans Empties His Revolver Into Ed Merick.

GAINESVILLE, Fla., April 17.—Will Evans shot and perhaps fatally wounded Ed Merick an ex-convict, last night. The shooting occurred in the gateway of Latham & Son's meat market. Merick had just stepped from the doorway when he was met by Evans, who shot him five times, several of the bullets striking his left arm.

The two men had a vicious fist fight in which Merick was wounded, and it is thought that the shooting was a result of the fight. Evans was arrested immediately and placed in jail by the authorities. Merick was removed to an hospital by a medical aid summoned. Later he was removed to his home where his wounds were more fully examined and the physicians think they are fatal.

HAS PASSED THE SENATE.

Work Will Soon Begin on Atlanta's Federal Prison.

WASHINGTON, April 17.—The senate has passed the Livingston resolution providing for the consolidation of the various funds at the disposal of the attorney general for the Atlanta prison and there is nothing now standing in the way of letting the contract for that work. Of course this is purely formal, it having already been decided that with the necessary funds placed at his disposal the attorney general will award the contract to Griffith & Wells.

Following the award of the contract there will be the appointment of the local superintendent of the construction. There are several candidates for this appointment, but the race seems to be between Walter Harrison and J. H. Duvvill.

THEY DIED AT THEIR POSTS.

Engineer and Fireman Killed in Wreck on Southern.

HUNTSVILLE, Ala., April 17.—Fast freight No. 52 on the Memphis division of the Southern railway jumped the track near Brownsville, ten miles east of Huntsville, Sunday afternoon, and piled up at the foot of a high embankment.

Engineer Perry Armstrong of Stevenson and fireman Sandy Osborne, negro, were instantly killed. Several members of the freight crew were seriously injured. The train was composed of 30 cars and was going to Stevenson. Eight loaded cars piled up on the top of the embankment and caused immense damage.

Traffic between Chattanooga and Huntsville was delayed all night.

REJOICING AT LOUISVILLE.

Horse Men Pleased With Florizor's Win at Memphis.

LOUISVILLE, April 17.—In local turf circles there is considerable rejoicing over the victory of Hiram Scoggans' colt Florizor in the Tennessee derby. Mr. Scoggans is a Louisville man, who has always been noted for the honesty with which his turf career is marked. It is a well worn saying here that when one of Hiram Scoggans' horses starts he'll win if he can.

Florizor's victory makes it practically certain that he will start in the Kentucky derby and that he will be a real contender in that classic event.
