

FRANCE AND UNITED STATES

Reciprocity Treaty Submitted to the French Parliament.

BILL IS INTRODUCED IN THE CHAMBER

Elaborate Preamble Sets Forth the Kindly Disposition of the American Government Toward the French Nation.

PARIS, Dec. 20.—A bill submitting the Franco-American reciprocity treaty to the approval of the French Parliament was introduced today in the Chamber of Deputies.

The preamble in an elaborate preamble makes a point of setting forth the kindly disposition of the American government which has enabled the negotiations to be brought to a successful conclusion.

The preamble goes on to explain that the treaty is the result of two years' work. It says that while pressed to retaliate against the restrictions of the Dingley tariff the government deemed a resort to diplomacy preferable in view of the traditional sympathies for the republic of the United States and due consideration for our true economic interests.

It then recapitulates the provisional arrangements of the treaty, which opened the way for further negotiations, as French imports into the United States relieved from the tariff increased 80 per cent. Such American products as machine tools, in which American product is superior and constitutes a danger to French industry are the preamble continues, still excluded from the minimum tariff.

After particularly calling attention to the important fact that the concessions obtained by France are exclusive and should tremendously increase French exports while at the same time the treaty is so arranged as to prevent an American invasion of French markets, the preamble concludes as follows: "The government at the White House, in signing with us this treaty, has shown its desire to reserve to French commerce the first fruits of the tariff concessions which the United States has authorized to be granted to foreign powers."

"This action gives the treaty a value it would be impossible to misunderstand and makes this document a work which should draw closer at the same time the economic relations of the two peoples and the political affinities of the two republics."

TWO YEARS FOR DEROULEDE

President French League of Patriots Denounces Senate and President Amid Uproar.

PARIS, Dec. 20.—In the senate, sitting as high court of justice, today counsel urged that the charges against M. Marcel-Habert be joined to the present proceedings, but the prosecutor general declared this would be illegal.

M. Deroouledé, president of the League of Patriots, who, though ill, was present, virulently denounced the senators and law officers for being "subservient to the government's orders." Amid immense uproar Deroouledé added:

"I wish to be condemned. I will say what I think of these scoundrels. This assembly is infamous and dishonors France and the republic."

"During the infamously dishonorable session of the senate and the president of the republic," the prosecutor with difficulty made himself heard in the tumult which ensued and demanded the prompt punishment of Deroouledé, who continued to hurl insults at the high court, coupled with the assertion that he desired punishment.

The session was eventually suspended and the court retired to consider the situation. The prisoners acclaimed Deroouledé.

Deroouledé, who was one of the prisoners on trial for conspiracy against the government, was shortly after sentenced to two years' imprisonment on the charge of libeling senators composing the high court of justice.

On November 18 Deroouledé was sentenced to three months' imprisonment for insulting the president of France.

STEAMER OCEANIC OVERDUE

New Ocean Liner Which Sailed from New York Has Not Reached Its Port.

(Copyright, 1899, by Press Publishing Co.) QUEENSTOWN, Dec. 21.—1:30 a. m.—(New York World Cablegram—Special Telegram.)—At this hour nothing has been heard of the Oceanic, which sailed from New York on December 13 for this port and Liverpool; neither has it been reported sighted by any other vessel. Everyone here is on the lookout for the big ship. Some of the friends of the Oceanic's passengers are passing an anxious night. The steamer that crosses the channel from Liverpool to Cork was nothing of the Oceanic. The general opinion here is that a derangement of machinery is delaying the new ocean queen.

SPEAK OUT.

The Searchlight of Publicity is Pleasing to Omaha People.

Publicity is what the people want. Let the public speak on the subject. There has been too much claim—too little proof.

There is only one kind of proof for an Omaha citizen. The experience of people we know. When friends and neighbors endorse. No question about such evidence.

This kind of proof backs every box of Doan's Kidney Pills.

Here is a case of it: Mrs. O. A. Earl, of 1203 1/2 South 14th street, says: "Doan's Kidney Pills cured me of trouble with my back which bothered me for two years. I tried different remedies but none gave me relief until I procured Doan's Kidney Pills at Kuhn & Co's drug store, corner 15th and Douglas streets.

All Must Be Vaccinated. ABERDEEN, S. D., Dec. 21.—(Special Telegram.)—The County Board of Health has issued an order requiring that all school children and teachers in the county must give good proof of vaccination by January 1 or be refused admittance to the schools.

TO LIMIT THE RACING SEASON

WANT CHICAGO-ST. LOUIS DATES FIXED

Object of Promoters is to Benefit Racing Men at Latonia, Newport and Louisville—Long Seasons an Injury.

CHICAGO, Dec. 20.—The Times-Herald tomorrow will say: An attempt will be made by a faction in the American Turf congress to pass legislation limiting the racing season in Chicago from June 15 to September 15.

A special meeting of the congress will be held at Covington, Ky., January 15, for the purpose of revising the circuit plan and allotting dates to each track. William F. Schulte, president of the turf body, and Ed Corrigan are supposed to be the men behind the deal. St. Louis and Oakland will also be affected should the Schulte-Corrigan faction succeed in the January meeting.

The object which the turf promoters have in naming dates for Chicago and St. Louis is to benefit the racing men at Latonia, Newport and Louisville. It is claimed that the long season in Chicago and St. Louis has done much to injure the sport along the Ohio river where the purses are smaller.

Corrigan's particular interest is to get a knock at the California Jockey club, of which his particular enemy, Tom Williams, is proprietor.
