GEORGETOWN AGAINST DUMBARTON TODAY

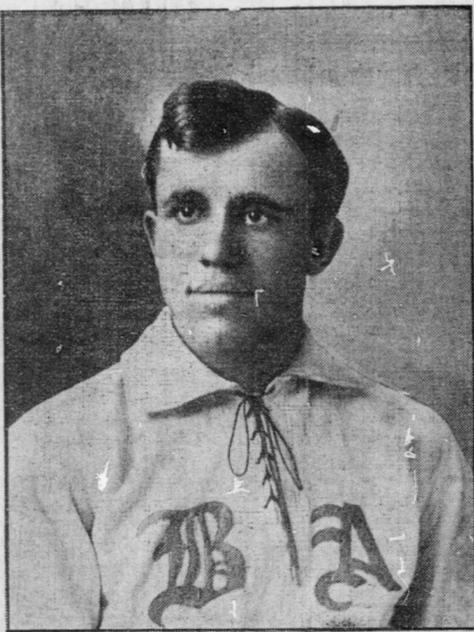

The Georgetown varsity nine will cross bats this afternoon at 4:15 o'clock with the strong Dumbarton Club, composed of ex-college players, assuming it does not rain. Titus or Drill will be on the slab for the varsity, while Nicholson will probably do the writing for the club men, with Drake, the ex-Georgetown player, catching.

Last season Dumbarton, under the captaincy of Sutor, the ex-Princetonian, had a fine record among local teams, and this year has a very formidable aggregation.

Tech Wins by 6 to 5 From Western High

Close Game Won in Fifth Inning--500 Rooters Present--Tech Demonstrated Its Superiority--Rain Stopped Game.

Technical High School won the opening game of the inter-high school championship series yesterday, when it downed the hustling crowd of ball players representing Western High School by 6 to 5 at Van Ness Park. The game was close and interesting, and fully 500 rooters from the different schools were on hand to cheer on their favorites. Had the weather been a little more promising the attendance would have been doubled. Rain began in the middle of the sixth inning and put a stop to further playing. Technical had demonstrated its superiority over the Western players, however, and the score would probably have been less close had the game gone the limit.

Technical lost the toss up and went to the bat first. Gletzner swung viciously at two high ones, and then popped up an easy fly to Rumbough. Bohne gave the Western second baseman another chance on for third base, and he was thrown out at first. Kohler struck out. Morse sent a hot one to Haring, which the smiling shortstop could not handle, and he was safe on first. Church caught one of Kohler's swift ones on his back, and with two on base and none out the Western run scored. Two runs were scored on a break for home. Gletzner fumbled Ballinger's return of the ball, Morse and Church scoring on the misplay. Rumbough ended the inning, Gelb taking his long fly to center.

Deciding Match Seems Unlikely
Corcorans and Carrolls Cannot Come to an Agreement About the Game.

It looks as if the chances of pulling off the deciding game for the basketball championship of the District between the Corcoran Cadets and Carroll Institute are slim. Representatives of both teams have conferred over the advisability of playing the third game of the series and cannot come to an agreement. Carroll Institute first wanted the game to take place in the Young Men's Christian Association gymnasium, but the Corcorans would not agree to that, saying that it was too small and that the Carrolls, who have often played there this year, are familiar with it, while the Corcorans have never played there and would be under a disadvantage. Capt. C. E. Edwards, manager of the Corcorans, proposed Washington Light Infantry armory as the scene of the deciding battle, but insisted that the Carrolls stand the responsibility for the rent of the hall for that night and evenly divide the receipts, as the Corcorans were the challenged team. To this James A. Cahill, representing Carroll Institute, would not agree.

The Corcoran Stars had an easy victory added to their many by defeating the Cochran Stars by 23 to 2. The pitching of Keane of the winners and the catching of E. Bromley were the features. Corcorans went games with teams averaging thirteen years. Address J. Keane, 207 Olive Avenue northwest.

"WHAT'S IN A NAME?" ASK YOUNG EAGLES

Teams Play With Name for Stake.

THE ORIGINALS WON OUT

Usurpers Defeated 15 to 14 in Game That Got Everybody Mixed--Committee Decided the Case.

Complicated, indeed, is the story of two amateur baseball teams of Washington, both of which until a few days ago were added with the important name of Young Eagles. The original Young Eagles had won several games this season, and were well advanced on the road to fame in amateur baseball circles, when--horror of horrors--the discovery was made that their name had been stolen by unscrupulous contemporaries, who received challenges addressed to the lost and original Young Eagles, and only several games. The original Young Eagles came to the conclusion that the Young Eagles had no right to the title of Young Eagles, and the Young Eagles challenged the Young Eagles to a game of ball, the team losing to drop the name of Young Eagles.

Fierce Struggle.
A few days ago eighteen Young Eagles averaging eleven years of age lined up on the commor, rolled up their sleeves, and prepared for the struggle of their lives. When noses were counted after the close of the long-to-be-remembered contest, it was found that the Young Eagles had scored sixteen runs to fourteen, made by the Young Eagles. None of the spectators, who were moved to no small degree of enthusiasm by the game, appeared to know where they were at, and several of the players were of the same befuddled condition of mind. As no chess master or other person equally capable of deciding seemingly impossible arguments was on hand, a committee of five of the older spectators was selected to decide which of the teams bearing the same name had won.

A Solemn Moment.
With as much solemnity as if a President were being impeached, it was decided that the original Young Eagles had defeated the Young Eagles, who had stolen their name, and the latter agreed to drop their title and play under a new handle. In view of their glorious achievement, the only original Young Eagle to challenge any team in the District averaging eleven years old. For games address E. Reynolds, 1227 Potomac Street northwest.

CHURCHMEN PLAY DESPITE SHOWERS

St. Stephen's Easy for Gunton, Sixth for Wesley.

WEATHER CAUSED ERRORS

Infield Fairly Strong Except at Third. Gunton Battery in Old Form--Eleven Errors in Monument Game.

The Gunton Temple "Champs" in the Sunday School League had an easy thing of it with the boys from St. Stephen's yesterday, and chalked up the score of 11 to 2. Rain and mud bothered the boys, and the good fielding which was not in evidence can be laid to this cause. Errors were scattered throughout the game and a good many were costly. Very few hits were made off either the game out of reach of St. Stephen's boys down to four, and Gunton secured seven from Ashley. One of these was a three-base hit by Asquith and another a two-bagger credited to Langley. The boys from St. Stephen's pastorate were out of the game from the first yesterday. They took first crack at the ball, made a fizzle, and were retired in one, two, three order by the mighty Sea. The Guntons then proceeded to run the bases and made seven runs off of two hits in their half. That practically put the game out of reach of St. Stephen's. The St. Stephen's outfield is weak. The infield does fairly well, except at third base, where five of the errors that were chalked up were marked. Sea and Speakman, last year's battery of the Gunton Temple team, were in their old positions and laid St. Stephen's down to four hits, striking out eight men.

WESLEY RUBBED SIXTH IN THE MUD BY 10 TO 6

Amid about the most unfavorable conditions possible the Wesley Chapel and Sixth Presbyterian teams, in the Sunday School Athletic Association Baseball League, lined up on the Monument Lot grounds yesterday afternoon, in the second game of the championship season. A steady rain beat down upon the players when Umpire Betts called "play ball," and rendered the grounds unfit for fast work. When darkness obligingly called a halt in the fifth inning Wesley Chapel was ahead, 10 to 6, and the few thirty-third degree rooters who braved the elements and remained until the cessation of hostilities wearily turned their footsteps toward home. Aided by errors by the Sixth, Wesley early in the game gained a big lead, the score at the end of the second inning standing 3 to 1. This lead the Sixth was never able to cut down, although it finished stronger than Wesley.

CONSUMED BY A FIRE THAT WATER WILL NOT QUENCH

Only those who have experienced the awful itching and burning of Eczema can know how it feels to be consumed by the blistering, fiery acids oozing out through the pores of the skin. There is no other skin disease that compares in severity with Eczema. It begins as a mere redness of the skin, or comes in little watery blisters and pimples, discharging a thin sticky fluid which hardens into scabs and scales, leaving a raw and inflamed surface as they peel off, while the itching is almost intolerable. Eczema is the most vicious and violent of all skin diseases, appearing in many different forms; the dry and scaly kind with brownish white crusts, which gives the skin a rough, leathery appearance, and producing sometimes painful fissures and sores. In other cases the skin has a swollen, moist appearance, with occasional profuse discharges of watery matter. But all the varieties and types of this aggravating disease are akin and are caused by impure blood and an over-acid condition of this vital fluid that seems to set the skin on fire, kindling a flame that water will not quench, and an itching, stinging eruption that lotions, soaps, salves and powders cannot suppress. As the poisonous acids in the blood increase the eruption spreads and becomes more angry looking, and the itching and burning more unbearable. Eczema is the commonest of all skin diseases, and the most aggravating and treacherous, disappearing at times, then returning suddenly and in a severer form than ever. It is particularly bad in warm weather, because at this season the skin is reacting and the blood is making extra effort to throw off the morbid secretions and acid impurities that have been accumulating during the long winter months, and there is an overflow of the acrid matter and acid poison through the pores, producing irritation and redness of the skin and all the terrors of Eczema. Soothing applications are beneficial and advisable, but not curative, because the seat of the disease is in the blood, and external or surface treatment cannot change bad blood into good blood or purge the system of impurities. Only a blood purifier can do this, and while treating the skin the blood must be looked after or the disease is sure to return when the blood is again overcharged with acids.

S. S. S. to purify and cleanse the blood, and some non-irritating, soothing salve or lotion, is the proper treatment for all forms of Eczema. S. S. S. has made some remarkable cures of this stubborn skin disease--cases that had become chronic from long neglect or wrong treatment. S. S. S. is the only guaranteed strictly vegetable blood remedy. It is without a single mineral ingredient, but of medicinal roots that come from the fields and forests or Nature's storehouses. S. S. S. combines both purifying and tonic properties that enter into the circulation and destroy the impurities, and at the same time tone up the general system. Skin diseases are, after all, only symptoms of impure and vitiated blood and external signs of disordered systems, and when you cure the blood the eruptions disappear. If you have Eczema or any blood disease, sore or eruption, write us and our physician will gladly advise you and furnish any information desired without cost to you. Book on the Skin and its diseases free, THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

Dear Sirs:—In the summer of 1898 I was attacked with a breaking out, which doctors said was Eczema. It commenced on the inside of my arms and gradually spread. The doctors who examined me said they could cure it, and treated me for some time, but it grew worse all the while. I then wrote you, and upon receipt of a reply to my letter I got six bottles of S. S. S. and began taking it according to directions. I had used four and a half bottles before seeing any effect at all; then the Eczema seemed to get a great deal worse, but I kept on taking the medicine, and in three or four days the eruption commenced to shed off. I could rub it off like bran, and this was the end of the Eczema. I took in all nine bottles, and never spent that much money for anything that did me so much good. Have felt better in every way since. I am 68 years old, and was so stiff that I could hardly walk and was compelled to quit work, but since taking S. S. S. have been on the job all the time. Very truly,
Garth, Va. J. G. McNAIR.
