## BULGARIANS WIN A GREAT BATTLE

### ONLY TEMPORARY DEFEAT SAYS W. M. BAYLESS

W. M. Bayless, Republican national committeeman for Alaska, yesterday received a telegram from the editor of the New York World, based presumably on the results of the voting on Tuesday, as follows: "What will be the future of the Republican party? Will it be absorbed by the Progressives or will it maintain its organization. An expression of your views will be appreciated. Answer by wire prepaid."

Mr. Bayless moderately but firmly insists that there is not the slightest chance of the Bull Moose absorbing the Republican party. "Absorption," says Mr. Bayless, "means fusion, and this I take to be an impossible contingency. The Republican organization will be maintained in my opinion indefinitely, or as long as a quorum can be gathered to transact business. We have met a temporary defeat only. The following wire which he sent this morning expresses his views: "Editor Evening World: The Republican party will maintain its organization and rise from defeat. Progressives or Insurgents are not Republicans and will never absorb the Republican party. We happen to be merely temporarily defeated, not annihilated. WILLIAM S. BAYLESS.

### TURKS ROUTED

SOFIA, Bulgaria, Nov. 7.—The Turkish army has been completely crushed after a battle lasting two days, near a serai, or rest-house, on the Torche line.

According to the reports received 40,000 Turks were engaged in the battle, and thousands were killed and wounded.

The victorious Bulgarians are pursuing their defeated enemies.

CONSTANTINOPLE, Nov. 7.—A council of ministers was held late last night to consider mediation measures and to consider plans for the protection of the city.

It is reported that preparations are being made by the Sultan to leave Constantinople and go to Smyrna in Asia Minor in case the Bulgarians effect the capture of the Teneatza lines, outside the fortifications of the city.

The water supply has been cut off at Adrianople, and it is believed that the town must soon fall into the hands of the Bulgarian army. It is also reported that there is much suffering within the city.

### WILSON HAS 439 VOTES IN COLLEGE

NEW YORK, Nov. 7.—According to the returns received here today, Wilson has not only carried Kansas, but the state of Illinois was placed in the Wilson column today. On the other hand Minnesota is placed in the Progressive column, Roosevelt having carried that state according to the returns received here today.

This makes Wilson's total in the Electoral College 439 with 92 votes divided between Taft and Roosevelt.

### RETURNS COMING IN QUITE SLOWLY

A great deal of interest is being manifested in town over the local election and returns are anxiously sought, though it is hardly possible so far that the returns to be received will materially change the result, as already indicated by the returns now in.

Returns for the First division are very slow getting in and as yet, save the eight precincts published today, there is nothing officially known of the result but from unofficial sources it would seem that the non-partisan ticket is safely elected.

The heavy majorities in previous unofficial reports from Sitka and Skagway the two heaviest precincts in the North have not been denied and it is believed that conservative estimate will give the non-partisans a plurality throughout the district of about 150 votes.

A flash bulletin from Ketchikan brings the intelligence that the Progressive ticket is running third. The Socialists have 117 and the non-partisans, 116; all straight tickets.

This will be further confirmation that the Progressive ticket is probably defeated.

Official returns from eight of the nine precincts in this recording district have been filed and are herewith appended, Kilaishoo having not yet reported:

OYSTER BAY, Nov. 7.—Up to the present, Colonel Roosevelt has declined to make any extended comment upon the results of the recent election. He has not as yet fully recovered from his wound and the attendant shock. He declared today, however, that the fight must go on, and when I have all the facts I will make a statement.

### \$1,000 an Hour Taken By Dredge

G. C. Cux, of the Yukon Gold Mining Co., Dawson, was a passenger arriving on the Alameda from the West last night. Mr. Cux is en route to Dawson. He left Iditarod on Sept. 24, went to Fairbanks and thence over the trail to Chitina and Cordova, as the most expeditious way of reaching his destination in the Yukon territory.

The dredge installed this year on Flat Creek in the Iditarod district, has been doing good work, as much as \$1,000 an hour having been taken out of the Marietta claim, but that ground was phenomenally rich.

### DISABLED CABLE TO BE REPAIRED

The cables ship Burnside left Seattle today to repair the Ketchikan-Wrangell cable. After the repairs are made it is expected that the cables will visit Juneau, and perhaps other Alaska coast points.

The Wrangell-Ketchikan cable has been out of commission for several weeks.

### COURT TERM RE-SET.

The term of court which was set for November 25, has been re-set for Dec 9 on account of the fact that Judge Lyons will go to Valdez to take the place of Judge Overfield. Judge Overfield will come to Juneau and open the December term.

### CHANGE NOME ELECTION RETURNS

NOME, Nov. 7.—Nearly complete returns from this division show that the following men have been elected to the legislature. The precincts yet to be heard from will not materially alter the result. The Vendsyssel Packing Co. makes a specialty of packing mild cured King salmon and is not engaged in the canning business as yet.

Mr. Hoyer will leave on a brief business trip to the Coast cities expecting to return in about three weeks at which time it is probable some important changes may be announced.

The vote at Kake totaled eight votes and three of the voters had cast their ballots and were passengers on the Fox. The vote he thinks will be evenly divided between the non-partisan and Progressive tickets.

### ALAMEDA HAS A BIG PASSENGER LIST.

The Alameda, which arrived from the Westward last night, had 250 passengers for the south. Among them were Deputy Marshal Al. Sullivan, of Valdez, who was taking out two prisoners to McNeil's island; J. K. McLean, proprietor of the Northern saloon, Valdez, this being his first trip out in fourteen years. ### ENGLISH PRESS COMMEND WILSON

LONDON, Nov. 7.—All the London newspapers in commenting upon the presidential election speak highly of President-Elect Wilson in their editorial columns.

The Westminster Gazette says: "The people of the United States are clearly ripe for new men and new measures," and it adds: "The American people are tired of their professional politicians."
