ORDINANCE NO. 123.

An ordinance providing for the establishment, opening and improving of Front Street and Franklin Street in the permanent establishment of the street lines and boundaries of said Front Street and Franklin Street. The City of Juneau doth ordain as follows: Section 1. The Front Street in the City of Juneau is hereby opened as a public street between the point of intersection of said Front Street with Seward Street in said City of Juneau, and the point of intersection of said street with Franklin Street in said City, and the boundaries and street lines of said streets are hereby established as follows: Beginning at a point marked I, a stone firmly set in ground with copper tack at exact point of the intersection of Main and Front Streets from which point the Southwest Corner of Block "G" bears N. 4° 41' W. 26.32 feet, from which point a line bears S. 83° 4' E. 295.3 feet; thence N. 87° 35' E. 88.7 feet to the Southeast Corner of Block "G"; thence beginning at Point II, running N. 57° 52' E. 5.88 feet to a point intersecting with a parallel line laid off at a distance of 24 feet from said South side of street; thence S. 81° 35' E. 243.25 feet to point designated as point of intersection. Section 2. And Whereas, one Oscar Ashby and the firm of Winter and Pond and E. Valentine claim certain possessory rights to certain tracts of tide lands abutting upon said streets and projecting into said street, as the same is above established to the following, to-wit: Oscar Ashby's possessory right to a tract of tide lands extending into and overlapping Front Street as hereby opened and established, described as follows: Corner No. 1, of said Lot bears S. 0° 12' E. 5.7 feet from a point on Line N. 81° 25' W. 12.7 feet from point designated in above notes as point of intersection; thence running S. 57° 56' E. 36.4 feet to Corner No. 2; thence S. 0° 12' E. 22.3 feet to Corner No. 3; thence N. 81° 35' W. 36.8 feet to Corner No. 4; thence N. 0° 12' W. 18.2 feet to Corner No. 1, the place of beginning, making an area of 736.77 square feet. Winter and Pond hold possession of and claim a possessory right to a tract of tide lands extending into and overlapping Front Street as hereby opened and established, described as follows: Corner No. 1, of said Lot bears S. 52° 28' W. 15.9 feet from a point on Line N. 81° 25' W. 12.7 feet from point designated as point of intersection, in above notes, thence running S. 52° 28' W. 13.1 feet to Corner No. 2; thence N. 81° 35' W. 28.7 feet to Corner No. 3; thence N. 0° 12' W. 22.3 feet to Corner No. 4; thence S. 87° 56' E. 13.8 feet to Corner No. 5; thence S. 54° 21' E. 30.9 feet to Corner No. 1, the place of beginning, making an area of 687.20 square feet. E. Valentine holds possession of and claims a possessory right to a tract of tide lands extending into and overlapping Front Street and Franklin Street as hereby opened and established, described as follows: Beginning at the point of intersection hereinbefore referred to, thence S. 57° 49' W. 22.9 feet to Corner No. 1, being the Northwest corner of a building now being erected by the said E. Valentine at the intersection of said Front and Franklin Streets; thence S. 46° 9' W. 11.45 feet to Corner No. 2, at the point of intersection of the Southerly line of Front Street; thence along said line of Front Street as hereby established S. 43° 31' E. 36.25 feet to Corner No. 3 of said building, identical with the Northwest corner of the Clark building; thence N. 46° 9' E. 11 feet to Corner No. 4, from which said point of intersection bears N. 8° 35' W. 38.88 feet; thence N. 43° 51' W. 36.25 feet to Corner No. 1, the place of beginning, containing an area of 402.91 square feet, more or less. And whereas, it is necessary in order to open said street and make the same sufficiently wide for the purposes of accommodating the traffic carried on said street by the public, and for the purpose of accommodating the public travel thereon, that said street is opened and established to the width hereby established and declared and be freed from all obstructions therein. Section 3. Now, therefore, be it further ordained, that condemnation proceedings be commenced in the District Court for the Territory of Alaska, Division No. 1, by the City of Juneau for the purpose of condemning the property of the said Oscar Ashby and also the property of the said Winter and Pond and also the property of E. Valentine, and their possessory or other rights to the tide lands on the shores of the Gastineau Channel to the extent that the same projects into the said Front Street and Franklin Street, as hereby established, or in any wise conflict with or overlap the same. Section 4. All ordinances or parts of ordinances conflicting herewith are hereby repealed to the extent of such conflict. Section 5. This ordinance shall be published for three successive issues commencing on the 19th day of May, 1913, in the Alaska Daily Empire, a daily newspaper published in the City of Juneau, Alaska, and shall be posted in three conspicuous places in said City of Juneau, and shall take effect and be in force from and after date of its passage. Passed and approved this 16th day of May, 1913. C. W. CARTER, (Seal) President of the Common Council and Ex-Officio Mayor of the City of Juneau. Attest: W. T. LUCAS, Municipal Clerk. First Publication, May 19, 1913. Last Publication, May 21, 1913.

Gov. Clark Pleased With Liquor Traffic Work

(Continued from Page 1.) The evidence at hand seemed sufficient to insure conviction. That the evidence was very strong is confirmed by the fact that not less than 44 accused persons pleaded guilty. In a large percentage of the remaining cases convictions were obtained upon trial. "Several Indians have been arrested and convicted for making 'hootch' and the paraphernalia used in its manufacture has been destroyed. Drug stores no longer sell Jamaica ginger and other intoxicating extracts to Indians. Several natives have been convicted for giving liquor to other natives, while several have been convicted for inciting another to commit a crime, that is, soliciting a white man to obtain liquor for them. Several fines have been imposed for selling liquor without a license, some of the purchasers being Indians. A systematic and vigorous campaign has been carried on in nearly all of the towns, villages, and cannery settlements in the First division, with the result that one may challenge successfully the contradiction of the statement that there is no comparatively little whiskey peddling in Southeastern Alaska, what there is left being generally confined to the giving liquor to Indian women for immoral purposes. Shortly after beginning the special work in July, 1911, employees of this office counted in one night in Auk village and elsewhere in the near vicinity of Juneau, 38 drunken Indians. Now one rarely comes in contact with a drunken Indian. Few white men are now engaged in the unlawful traffic and the Indians are generally afraid to ask white men to give them liquor, realizing that they may be prosecuted for 'soliciting.' A great deal of credit is due the marshal's office for active and efficient co-operation. "One good result of the work has been that Indian testimony is constantly being given more credence by trial as well as grand juries. The special agents of this office assert that there is a much smaller degree of untruthfulness among the natives than is commonly supposed to exist. One of them, in a recent report to this office, says: "I have found the frequently expressed statement about natives making a specialty of informing on the white man and then voluntarily going into court for the purpose of obtaining witness fees to be without foundation. My experience has been that a very large majority of the natives are reluctant to tell from whom they procure liquor. Not a case is recalled where an Indian was anxious to testify against the white man. "We hear persons occasionally beg the whole question of prosecuting the illegal liquor traffic among the natives by deploring the expense to the government and the large amount of time occupied in prosecuting these cases in our courts of justice. Such arguments do not meet the issue at all. We must either let immorality run riot among the natives, or, to the extent of our ability, we must check it; we must either permit the productive usefulness of the thousands of Indians who work in canneries and other occupations to be seriously impaired, or we must do what we can to protect and conserve this useful source of labor. Which is the wiser and more human course?"

Carter's Tigers Win In Last Half

(Continued from Page 1.) The Line Up. Tigers—Saegers, Cornell, Zott, Lewis, McBride, Loucks, Bayless, Albertson, Holt, Frieman, Root, Cardner, Whipple. Notes and Sidelights. Lewis' three-bagger in the fourth certainly lent pliancy to the situation besides it brought in three runs. Lawrence Reed did not make good with the green trousers for his Tigers for losing the game—still a good single jack operator who can swing the switch effectively and stop a ball without a gill net can get a job by applying at the offices of the Alaska-Gastineau Company. Reedy says that his Tigers could have won out all right but at the last moment he heard about Albertson having fifty dollars at stake and his heart softened and the Tigers were allowed to win. Denny Blakeslee made a god-natured vampire and showed his tact under trying circumstances. Jim Barragar tried the game on the previous Sunday. Whulzen is some class as a first baseman and moreover he is playing ball all the time—is an old sleuth on the paths? Malone's wind-up is effective but he is usually very expiring. Albertson lost four out of eleven chances. McBride got a hit, but the five of the C. W. Young Company was not in danger. Zott certainly ate up everything that came his way—he plays the initial bag first class. Whipple is some swatter and he can pick them out of the clouds, too. Whipple struck his real form toward the last and lined out a two-bagger. Down in the winds of the C. W. Young Co. a suit of maroon baseball togs bears the sign—"For Sale, Price, \$100." Ward T. Bower, who witnessed yesterday's game said he wouldn't have missed seeing it to attend a game between the New York Giants and the Boston Nationals. On the Alaska-Gastineau bulletin board a sign reads: "Men wanted, baseball players." B. L. Thane was sure the miners would win and gave up only when the winning run was made. Try a Lovera, "Sure to Please."

America's Finest Flouring Mills Plant and Product one and inseparable Pronounced by experts "America's Finest Flouring Mills," the plant of the FISHER FLOURING MILLS COMPANY, was designed and constructed to produce America's Most Efficient Breadstuffs. Fisher's Blend Flour Separate machinery is provided for grinding hard and soft wheat. Every grain is washed in the famous pure Cedar River water and thoroughly dried before being ground. It is no idle boast to say that this product is the cleanest, most scientific, most economical flour offered for sale today. Combining as it does Eastern Hard Wheat and Western Soft Wheat, it gives to public and private bakeries a material which has all the advantages of both hard and soft wheat flours, is better than either, and decidedly superior to any other blend heretofore produced. One price at all dealers FISHER'S BLEND FLOUR

SUFFRAGETTES ATTEMPT TO WRECK EXPRESS TRAIN

LONDON, May 17. — Suffragettes made ineffectual attempts to wreck the Midland Express train last night and to blow up a bridge on the Great Western Railway. They were thwarted in their attempts by the police.
