

Gen. Villa is Sole Hero of Torreon

TORREON, April 4.—Gen. Villa is the single hero of the battle at this place. Had he not been in absolute command, the Constitutional attacking force would have fled at the first repulse. He fairly forced his men back to the fight and kept them at it almost day and night until the end.

Hero is Modest.

When the newspaper correspondents today asked Gen. Villa for a statement he said: "Tell the public that after eleven days' fighting, the Federals evacuated Torreon, leaving their dead and wounded behind. That is all."

PIONEER CROSSES THE GREAT DIVIDE

Col. William Winn is dead. The end came suddenly at 5 o'clock yesterday afternoon at the family home and has caused a distinct shock throughout the community. Col. Winn was 60 years of age and apparently in the best of health. Those who saw him on the street earlier in the day remarked that he was looking better than usual. Heart disease is assigned as the immediate cause of death. For the past two years he was not considered strong and the winters have been spent in the milder climate of California. Recently Col. Winn, Mrs. Winn and their son Burdette returned to Juneau from spending the winter there.

Besides his devoted wife, deceased leaves four sons, John, Milton, Grover C., and Burdette, the latter of whom was born in Juneau, and a brother James, also a resident of Juneau and a brother and sister in Wisconsin.

Col. Winn was one of the earliest settlers of Juneau, arriving here in 1889, with Mrs. Winn and their three small boys, John, Milton, and Grover C., all of whom grew to manhood in Juneau and became identified with the community's interests.

Coming from Wlota, Wisconsin, when Juneau was but a straggling village, Col. Winn with the present eyes of a prophet, looked to the future and determined to make the place his home. He engaged in business for a number of years and acquired considerable property in what is the best part of the business section of town as well as mining interests. He has always been active in the community's affairs and his sons were trained with the idea of seeking their own good through the good of others.

Col. Winn's funeral will be held tomorrow at 2:30 o'clock from the Presbyterian church. Interment will be in Evergreen cemetery.

BURGLARY WAS NOT COMMITTED INTENTIONALLY

U. S. Commissioner J. B. Marshall dismissed the complaint of burglary against John Christensen and discharged the prisoner from custody on his promise to pay and repair the damage done to property by his unlawful acts. The evidence submitted, tended to show that the prisoner, who broke into the office of the Surveyor General and wrecked a typewriter, besides doing other damage, and walked off with a box of cigars and other articles, had no criminal intent and did not realize what he was doing.

JAPANESE RESIDENTS ARE REGISTERED FOR ELECTION

George Hoshizaki and E. Ishiboo, Japanese tenants of E. Valentine, and connected with a local laundry, have registered for the forthcoming municipal election. The first named registered March 14 and the other March 24.

During the past 48 hours, there has been a heavy registration, up to last night, 890 names being recorded by the registration office. This number has been materially increased during the business hours of today and it is probable that when the books are closed at 5 o'clock this afternoon the 1300 mark will have been comfortably passed.

ROOM SET ASIDE FOR PUBLIC LIBRARY

The large auditorium on the South or East side of the second floor of the City Hall building, which at the present time is divided by a temporary partition wall into two school rooms, will become the home of the new city library. If the action taken at last night's meeting prevails, Councilman W. H. Chase spoke of the efforts of the Draper Society of Juneau to establish a public library in the city and introduced a resolution committing the City Council to the plan of turning this portion of the building over to the library as soon as it can be relieved from its present use. In like manner the other half of the second floor is to become the dormitory and club room for members of the Juneau fire department. The resolutions making this disposition of that portion of the building received the unanimous support of all the members present.

The greater part of last night's session was taken up with the auditing of accounts and small routine matters that were left over from previous meetings.

Just before adjournment, Mayor C. W. Carter reviewed in brief the work of the present Council and paid glowing tributes to the heads of each of the standing committees for the excellent manner in which they had conducted the burdens laid upon them and commended them warmly for the patriotic sacrifice of personal interests for the general good.

Councilman J. B. Marshall addressed the body at the close of Mayor Carter's remarks, speaking particularly of the injustice that was being done to the C. W. Young Co., and Mayor Carter through the circulation of erroneous reports with special reference to the meeting of the Council at which bids were opened for the plumbing and heating plan of the city hall building. He read from the records the names of those present; the bids that were received and told in detail how the specifications were made more clear and definite at the request of certain bidders on the work. The C. W. Young Co. bid was shown to be \$1692 less than the highest bid and \$975 less than the next lowest bid. There were five members present and each of them voted to award the contract to the C. W. Young Co.

The Council will not meet again until after the election which occurs next Tuesday.
