SPEEDY GASBOAT ABOUT READY FOR THE WATER

DOUGLAS, April 14.—Contractor H. V. Sully has about completed the alterations and repairs on the gasboat Lulu, which has been repainted and overhauled in readiness for the summer's cruising. The Lulu won first prize in the Fourth of July races held in Juneau two years ago, and is still considered a speedy craft.

ALICE BRINGS ANOTHER RAFT OF 275,000 FEET

DOUGLAS, April 14.—The James sawmill tug Alice, with Captain York in command, arrived late last night from Portage bay with the second raft of logs. Captain York says this raft

consists of some of the clearest and prettiest saw timber that he has hauled for a long time. His next trip will be to Seymour narrows where Mr. James has a large amount of logs ready to be towed to this port.

TONIGHT'S PROGRAM AT THE LYRIC THEATRE

DOUGLAS, April 14.—The Lyric theatre will repeat this interesting program tonight:
 "Bud Tilden, Mail Thief," a Solax drama, full of excitement.
 "A Romance," an American drama produced by popular and clever performers.
 "The Way to a Man's Heart," one of those popular Thanhouser plays, that always pleases.
 "A Hired Dress Suit," a comedy in which there are many trying and laughable situations.

MAYOR O'CONNOR AUTHORIZES NEW STREET IMPROVEMENTS

DOUGLAS, April 14.—Mayor M. J.

O'Connor issued the statement today that work would begin next week on the extension of the plank on many of the streets, together with the extension of the salt water main.

Third street is to be plank on from the O'Connor corner to the postoffice with the same kind of substantial plank that constitutes part of the present thoroughfare.

On Second street, new plank will be placed from the baseball grounds to the bridge. Front street is to be replanked from the Smith corner to F. street, the latter work to be done later in the season after the two other streets are completed.

Another needed improvement, which is to be started immediately, is the extension of the salt water main from the O'Connor corner to the Third street bridge, which will supply fire fighting water to all the district on the west side of the bridge, a part of the city which is badly in need of protection. Other improvements will be made as the needs are most urgent.

COUNCIL PAYS \$5,400 AND HAS MONEY LEFT

DOUGLAS, April 14.—The new city council went into office last night after the expiration of the incumbency of the previous council. Bills to the amount were audited and ordered paid, which practically wiped out all claims against the city. A nice balance was left in the treasury.

LAND OF MIDNIGHT SUN PICTURES NEXT WEEK

DOUGLAS, April 14.—Manager Armstrong of the Lyric theatre has just booked an attraction for the evenings of the 21st and 22nd which will be of special interest to people of the North—the J. Jansen-Fuhr Scandinavian Travel Festival from Christiania, Norway. There will be eleven thousand feet of films, showing scenes of interest in Norway, Sweden and Denmark. The scenery of Scandinavia resembles Alaska and these pictures will show an almost endless variety of landscapes and waterways, together with such places as Stavanger, Odda, Hardanger, Vossebanen, Akershus and Gudvangen.

DOUGLAS NEWS NOTES

DOUGLAS, April 14.—The Douglas Civic Improvement Club will meet with Mrs. Tascher at her home tomorrow evening at eight o'clock. All those interested in making Douglas a better and more beautiful place in which to live, are earnestly desired to be present.

The Northern is continuing its scheme of improvement by opening the building to the rear and arranging an arcade entrance to the theatre from the ferry dock. The hustling manager of the Lyric, who is one of the proprietors of the Northern, has secured the services of Mr. Frodsham, a capable trap drummer for the orchestras of the two places which adds much to the entertainment features. The gentleman recently arrived from the States where he worked for the Sullivan-Considine circuit.

Mr. Liebricht this morning began the erection of a cottage on his lots back of the bear's nest.

A new corrugated iron roof is being laid on the Episcopal church building.

BASEBALL GROUNDS SHOW STEADY IMPROVEMENT

TREADWELL, April 14.—The pipelines which conveyed mill tailings to the ball grounds has been removed and the field now presents a perfectly level plane upon which the diamond has been laid out. The clay and fertilizer infield is being packed as hard as a floor, upon which the boys are already playing practice stunts.

When everything is in readiness the Treadwell grounds will be one of the snuggest in the North and will be used for part of the games to be played on the Island this summer.

It is expected that a least half of the season's games will be played on the new grounds, though the grounds at Douglas are to be used without discrimination. The Douglas field is a good one and the grandstand has been inclosed, making it more comfortable for spectators. In the meantime the public is waiting for the magic words, "play ball."

Galvanizing done by G. Roene, Sans Soucci Bldg., Douglas.
