DOUGLAS NEWS NOTES

DOUGLAS, April 29.—A letter was received in Douglas yesterday from Mark Tatum, dated at Valdez April 25th. Mark says to his Douglas friends that the snow still lingers in the Westward city and that the Douglas climate is vastly superior to that of Valdez. Mr. Tatum is the locator of some valuable mining property in that District which he has recently transferred at a neat figure. He describes a battle between some Mexicans and a party of mule skinned over there which resembles the Huerta-Villa conflicts.

The Ladies League of the Congregational church will meet in the League room Thursday afternoon. All ladies are invited.

After an absence of the winter season which he spent in California, John Murray has returned to Douglas and again enrolled himself among the permanent citizens of the Island.

Alderman Henry Brie left last night for Haines where he has business interests.

Charles Kimmerling, formerly employed as blacksmith for the Treadwell company, has returned to the city and will remain here permanently.

The Humboldt arrived early this morning with a large consignment of general cargo for the Island, bringing the usual supply of vegetables for the merchants.

With a dozen houses and cottages in course of construction, repairs being made to buildings and the city making improvements on the streets, Douglas looks like a boom town these days.

The City of Seattle is marked up to arrive on the Island at eight o'clock this evening, sailing from Juneau at midnight.
