

## War Talk Abates With Assurance of Peace

WASHINGTON, May 2.—Increased assurances of peace with a steady abatement of war talk is the dominant feature of the Mexican developments today.

Gen. Carranza telegraphed Secretary of State William J. Bryan today from Chihuahua, saying that the Constitutionalists would not enter into any formal agreement for the establishment of a neutral zone around the Tampico oil wells.

**Mexican Foreign Minister Resigns.**  
MEXICO CITY, May 2.—Minister of Foreign Affairs Rojas and First Assistant Foreign Minister Ruiz tendered their resignations to Gen. Huerta today because of dissatisfaction with what they regard as his failure to keep faith with the envoys of the Nations who are endeavoring to arrange peace.

The immediate cause of their resignation was the signing of an order by Gen. Huerta prohibiting commerce with the United States and directing that the entrance of American vessels be rejected.

Huerta's order declares the Vera Cruz customs house closed to international traffic.

**Ruiz Again Appointed.**  
MEXICO CITY, May 2.—Esteva Ruiz, formerly assistant Foreign Minister, was this afternoon appointed to succeed Portillo Rojas, resigned.

**Mexicans Take and Surrender American Vessel.**

They released the brig and apologized upon demand for that action by the United States cruiser Raleigh.

The former is a graduate of the naval academy and the later of the military academy.

**Masons to Buy Building Lot.**  
The Scottish Rite Masons of Juneau will meet next Wednesday night to consider the proposition of purchasing a site for a Scottish Rite temple. From present indications it is almost a certainty that a site will be purchased, but it is unlikely that immediate action will be taken toward constructing the temple.

## BEHRENDTS TO BUILD NEW POSTOFFICE

B. M. Behrends has been awarded a five year contract beginning October 1, 1914, to furnish the government a building for the Juneau postoffice. The contract will be accepted and the building erected on Third street between the new Behrends bank building and the Surveyor General's office, and directly opposite the Juneau Furniture company's store.

The new postoffice building will be erected immediately adjacent to the bank building. Both are to be of modern concrete and steel construction. The postoffice building will be absolutely fireproof.

The building will occupy a space 50 x 50 and will be constructed with the view of serving for mercantile purposes when the lease expires or the government gets through with it. The awarding of the lease for the building involves the expenditure of between \$4,000 and \$5,000 for boxes fittings and furnishings, on the part of Mr. Behrends. He has assumed the burden of doing this without asking the assistance of anyone. The government was for a long time doubtful of getting suitable location pending the construction of the new Federal building and Mr. Behrends' action was undoubtedly a great relief.

The new location for the postoffice is central and a natural focal point.

## WILL OPEN EWING STREET AT ONCE

Ewing street is to be opened at once from Front street to Gastineau avenue. The street committee was directed by resolution at last night's session of the city council to open the street and were given full power to act with a limit on expenditure not to exceed \$150. This action was taken on petition of Robert Hurley and R. W. Wulzen who have recently completed an apartment house in that neighborhood.

Mr. Hurley, who was present, made a very earnest address to the council on the subject and said that if the street was not opened that they would have no means of getting water or sewer connection. He said that they would be willing to donate at least a part of the expense of building the sewer.

Councilman Britt was of the opinion that the street committee should not be tied down to so small a sum, but it developed that there are so many demands for streets to be opened that in each instance a limit must be set.

## MAY DAY BALL GREAT SUCCESS

The May Day ball given by the Draper Club of Juneau in Elks' hall last night for the benefit of the Juneau public library fund will long be remembered as one of the most brilliant social functions ever held in Juneau.

The feature of the evening was the crowning of the May Queen and the May pole dance immediately following. Miss Sylvia Koskey made a beautiful Queen of the May and was greeted with rounds of applause upon ascending the throne attended by two charming maids of honor, Miss Georgia Caro and Miss Helen Troy, and little Misses Madeline Valentine and Lydia Kashevaroff, fairies. The May pole dance was performed by twenty-two of Juneau's most beautiful and charming society girls. The dance was performed with a grace and finish that betokened conscientious training.

The May pole dance was under the direction of Miss LeVina Willson and Miss Loraine Andrews. The following well known Juneau society girls took part in the dance: Miss Getchell, Miss Gladys Swenson, Miss Ruth Christianson, Miss Marion Ousby, Miss Muriel Polson, Miss Anna Dudley, Miss Katherine McLaughlin, Miss Eva Cole, Miss Catherine Wagner, Miss Ruth Priest, Miss Alma Sowerby, Miss Beatrice Behrends, Miss Gertrude Heid, Miss Vera Mullen, Miss Elizabeth Heid, Miss Charlotte Ousby, Miss Ruth Anderson, Miss Esther Joslin, and Miss Alice Margrie.

The hall was elaborately decorated in the colors of the Draper Club, yellow and white. There was a lavish display of flowers and artificial butterflies, evidences of May day, formed an impressive little touch in the artistic work of the decorators. While the dance was an informal affair the beautiful gowns of the ladies present greatly enhanced the scene.

The music furnished by the famous Juneau orchestra under the direction of Prof. J. Sumpf was all that could be desired, and encores were generously given on demand. Light refreshments were served during the evening.

From every point of view the dance was a big success. Financially the success was pronounced, the entire affair, including the funds realized from the voting contests for the May Queen, netting approximately \$500 which will go into the library fund. Three hundred tickets to the ball were sold. Very great crowds stood in the main auditorium and in passage ways leading to the gallery and hall.

## PETITIONERS ASK FOR NEW ROADWAY

At last night's session of the city council a petition with 120 signatures was presented in the interest of the residents along the waterfront of court house hill, asking the city to open a thoroughfare from the Pacific Coast dock at the foot of Main street to Indian street, and to construct a roadway over the same. The petition recited to some length the necessity for such action being taken and the just demand of the petitioners for the benefit sought.

After a thorough discussion on the matter it was referred to the street committee. The main obstacles to the interior department to crossing any of the Indian lands in Ask village and permission to use a portion of the property of the Pacific Coast company. Agent S. H. Ewing of the Pacific Coast company was present and volunteered to take the matter up with the company and said that he believed that a temporary passage way over the property could be arranged for until such time as the waterfront boulevard now being outlined could be constructed.

Mayor Reek informed the petitioners who were present that the city would go as far as possible with the road but that it was not likely that their hopes could be realized in full now.

## W. G. MCBRIDE IS POLICE CHIEF NOW

After a spirited contest and a deadlock of some weeks William G. McBride was last night elected chief of police and city marshal of Juneau over J. F. McDonald. When the other officers were chosen there were only six members of the council present. McDonald and McBride each obtained three votes. After taking several ballots with no election the matter was carried over until the meeting of last night. Every member of the council was present last night and again the vote stood three and three, and on the councilmen voting a blank ticket. On the second ballot, however, the odd vote went to McBride.

**Routine Matters.**  
The ordinance creating city officials and fixing the compensation and naming the duties, etc., was put on final passage and passed.

Councilman Wolland introduced an ordinance governing the collection of garbage to the extent of providing that a covered wagon must be provided for such work. The measure receiving no support was, however, laid on the table.

## FLOOD SAYS U. S. WILL KEEP ALASKA

WASHINGTON, May 2.—Representative Henry D. Flood, of Virginia, chairman of the House committee on military affairs, speaking of the resolution introduced by Representative Frank O. Smith, of Maryland, proposing to trade Southeastern Alaska for the right to repeal the Hay-Pauncefote treaty, said:

"It is absurd. Southeastern Alaska is the most valuable part of that Territory. It has enormously rich fisheries, gold and copper mineral wealth and other natural resources which make it more valuable than any consideration that Great Britain could give us in return. Besides, we are not going to part with any of our Northern Territory, but are going ahead to develop it to the limit of its capacity."

## BOOST SUFFRAGE IN EAST TODAY

WASHINGTON, May 2.—Today is woman suffrage day. Meetings in the interest of votes for women will be held in various places throughout the country tonight. Probably the most important will be that in Carnegie hall, New York, at which Senator John F. Shafroth, of Colorado, and Mrs. Antoinette Funk, chairman of the Congressional committee, of the National Woman's Suffrage Association, will speak. They will explain the proposal of the Shafroth-Palmer resolution which Senator Shafroth introduced in the Senate, and Representative A. Mitchell Palmer, of Pennsylvania, introduced in the House.

## Mrs. Funk Abandons National Suffrage.

WASHINGTON, May 1.—Mrs. Antoinette Funk, chairman of the Congressional committee of the National Woman's Suffrage Association, has abandoned the fight for an amendment to the Constitution providing equal suffrage. ## SENATE TO FIGHT OVER NEW COLOMBIAN TREATY

WASHINGTON, May 2.—It is believed that the Senate foreign relations committee will favorably report the new treaty with Colombia giving that country free use of the Panama canal for government vessels connected with the army and navy and \$25,000,000 in money as payment for the Panama canal zone, but that there will be a fight in the Senate over the adoption of it.

Many Senators regard the first section of the treaty to be an apology from the United States for its course in connection with the Panama rebellion.

Senator Charles S. Thomas, of Colorado, answering a criticism by Senator George C. Perkins, of California, said we ought to apologize for "the United States shamefully violated its treaty with Colombia at the time of the breaking of Panama from that country. We encouraged it if we did not create a revolution on the part of Panama."

## SENATOR BORAH AGAINST NATIONAL PROHIBITION

WASHINGTON, May 1.—Senator W. E. Borah, of Idaho, notified the committee that is endeavoring to secure the submission of a prohibition Constitutional amendment that he is not in favor of it. The one is a police matter and the other relates to franchise, and both have been properly placed in the hands of the people most concerned.
