EVERY HOD OF MORTAR or cement that goes into the construction of a building decides to a certain degree the character of that building. Good materials only will make a good building. To attempt to save by the use of poor materials is folly. The best is the cheapest as those experts who use our materials exclusively know by experience.

House of Benjamin Clothes

Price: 

Wasn't it Walpole who said something about every man having his price. Guess that astute politician might have dug a little deeper and added: Every man has a price for everything, especially everything he wears. There's the dollar shirt man, the dollar fifty shirt man, and so on, right up to the dandy who burns up a ten spot every time he buys a shirt.

The cool, comfortable, dressy footwear that pleases both eye and foot is shown here in every variety. We are the largest store in Alaska. Our tremendous purchasing power not only enables us to have for you at all times the exact style and size you wish, but our small profit policy also means a saving to you.
