The Ladies' League of the Congregational church will give a tea on Thursday afternoon.

The Rainier Cafe is open under new management after being closed for the past few months.

"SQUAW MAN" THE BEST SHOW YET AT THE LYRIC

DOUGLAS, Aug. 4.—"Best picture I ever saw"; "So true to life!" "Wasn't Farnum fine?" etc., these are but a few of the remarks made by the audience when they left the Lyric in t night after witnessing the pictures of "The Squaw Man."

It is safe to say that the reputation of the "Famous Players" films in Douglas did not suffer by the exhibition of last night. The house was crowded and the interest manifested in the picture was unanimous. The Lyric orchestra furnished the music, and was much appreciated.

The picture will be repeated tonight for the last time in Douglas. There

will be another of the "Famous Players" series in the near future.

TREADWELL, Aug. 4.—Mrs. F. W. Bradley, wife of President Bradley of the Treadwell company, arrived on the Spokane this morning and will visit here for a few weeks.

That the bulletin board at the Treadwell Club, which is being supplied with the latest war news by The Empire, is a center of great interest, is evidenced by the number of persons eagerly awaiting each bulletin.

Weather permitting, there will be a baseball game in Juneau tomorrow afternoon between the Juneau and Douglas teams. The next game will be a very hard fought one, as Douglas will have to win it or she will lose the series.

The work of clearing and grading for the addition of the "700" mill is nearly completed.

Since the announcement that the Firemen's Ball will be given on the 13th, great preparations are going on, and it is expected the ball will be the greatest social event ever given on the island.

Mr. and Mrs. C. E. Bennett, Miss Muriel Kirkey and Mr. White have returned from a fishing trip on the Dixie.

JOHN DUNCAN THINKS STEWART WILL RIVAL PRINCE RUPERT

TREADWELL, Aug. 4. — John S. Duncan, who has had charge of the Treadwell hoist for a number of years, recently returned from his vacation in British Columbia. During his stay in Prince Rupert he was interviewed by the Daily Empire of that city, which speaks of Mr. Duncan as follows:

Mr. J. S. Duncan, of the great Treadwell mine, Alaska, returned on the Prince Rupert yesterday morning for a visit to Stewart and the Portland Canal district. He called yesterday on Mr. William Manson, M. P. P., whose cousin, Mr. William J. Manson, member for Dewdney, married Mr. Duncan's sister.

Mr. Duncan is much impressed with the Stewart country and its possibilities. "My trip to Stewart," said Mr. Duncan, "was very enjoyable and I was struck with the possibilities the town and the surrounding country have to offer."

"Through the courtesy of Mr. Cowan, of the Canadian Northeastern railway, I was afforded the opportunity of traveling to the end of steel, which terminates a little beyond the property of the Red Cliff mine, where an enormous amount of work has been done."

"From there I visited the property of the Portland Canal Tunnels company situated on Glacier creek, where work is being vigorously prosecuted driving a big tunnel to tap the vein series of porphyries situated in this locality."

"Conditions in the town, in keeping with other places I have visited, are inclined to be quiet, but one does not require to be a confirmed optimist to see that Stewart is certain of early development to a large seaport city and to be the next great transcontinental railroad terminal in the North."

"Geographically speaking, there can be no city on the Pacific coast north of Stewart."

CASSIAR COUNTRY MEN GOING BACK NORTH

Jerry G. Galvin, George J. Murphy, A. Dafflemyre and Peter Swanson, came north as far as Wrangell with a prospecting outfit that they are taking into the Dease lake section of the Cassiar country. The particular property in which they are interested is on Dease creek. It is a large hydraulic reposition and if the bench claims prove as good as is hoped for a \$100,000 hydraulic plant will be installed. At present they are moving in a five-ton steam drilling outfit.

Jerry Galvin and George Murphy were formerly in Nome and both well known all over the North. Mr. Murphy left Alaska with a modest fortune and settled in Seattle, but evidently the Call of the North is too strong to be resisted. Dafflemyre is the original locator of the Dease creek property, and Swanson is an experienced drill man.

MARRIED MEN WIN CHAMPIONSHIP GAME

The superiority of the married men over the single men is hereby proclaimed throughout the Silver Bow basin, and all previous statements to the contrary are recalled. This was forcibly proven at last night's game on the Perseverance baseball grounds when the married men walloped the single men in the last and deciding game of the series. The game was closely contested but finally ended in a score of 6 to 4 in the favor of the married men.

Jack Tromper twirled for the married men and was given excellent field support. George Bayless was in the box for the single men, and while he did not show up in his usual good form he did fairly good.

The lineups were as follows:
Married—W. C. Edrington, 2b; A. M. Chamberlain, cf; F. B. Shattuck, c; Jack Tromper, p; Ed Doherty, 3b; P. Gravrock, 1b; W. Kerr, lf; P. Benson, ss; F. McDaniels, rf.

Single—R. Henders, 2b; L. Ashley, cf; C. D. Root, c; G. S. Bayless, p; A. Nicholson, 3b; B. Mauerham, 1b; Ray Day, lf; J. E. Hurley, ss; J. W. McFarland, rf.

The regular Perseverance team was scheduled to play the C. W. Young team but the game was called off on account of the threatened aspect of the weather.

TRAVELS SIXTY MILES TO RESTORE CALABASH PIPE

PRINCE RUPERT, Aug. 3.—Mr. Edmond Verney, a native of Metlakatla, went to the trouble of sailing from Metlakatla to Prince Rupert yesterday, a distance of sixty miles, that he might hand over to the city officials a calabash pipe he found lying on the beach in front of his house. He concluded it had been left there by some of the Prince Rupert picnic makers. The pipe is now in the city hall awaiting an owner.
