**ITALIAN CONSUL MAKES QUICK TRIP**  
FAIRBANKS, July 20.—Making the trip from San Francisco to Fairbanks in 12 days actual traveling time was the record made by Ferdinando Daneo, royal consul general of Italy for the Pacific coast, who arrived here early last Monday morning and departed Thursday evening on the steamer Tanana. This is declared to be the most rapid trip ever made between the Golden Gate and Interior Alaska.  
Including stop-overs, the trip made by Consul Daneo was 15 days, but he was detained by business matters and other things for a total of three days throughout the trip. He was accompanied by F. M. Andreani, of the legal department of the Italian consulate in San Francisco, who served as secretary for the consul.  
The purpose of Mr. Daneo's visit to Alaska was to look into the labor situation here with a view of determining the opportunities for Italian laborers, now in other sections of the West, for work when the construction of the government railroad is started. He is not of the opinion, however, that many Italian people will come to Alaska to live, as he thinks they prefer a Southern climate like that of their own native country.  
Mr. Daneo's official district takes in California, Oregon, Washington, Alaska and Nevada. He explained after arriving here that in Oregon and Washington are many Italians that have been employed on railroad work, having given much satisfaction in that capacity, and he wanted to be prepared to answer any questions concerning the possibility of their getting work in Alaska on the new railroad. With the exception of a short stop in Juneau, Mr. Daneo and Mr. Andreani will return directly to San Francisco.  
"This is a very beautiful and interesting country," said Mr. Daneo before departing, "and I believe that there are great agricultural possibilities here. The trip has been a revelation to me, and I have enjoyed every hour of it, in spite of the difficulties of the automobile ride from the coast."  
Fairbanks Citizen.

**CALL FOR DEMOCRATIC DIVISIONAL CONVENTION**  
By virtue of the authority vested in us by the Territorial Democratic Convention held at Skagway, Alaska, Aug. 2, 1914, a call is hereby issued for a primary election for the purpose of electing delegates to a Divisional Convention, to be held at Juneau, Alaska, September 7th, 1914. Said convention to be for the purpose of nominating a Territorial Legislative ticket, the naming of a Divisional Committee and for such other business as may come before it.  
The number of delegates to said convention are apportioned as follows, to-wit: Juneau, 12; Douglas, 6; Treadwell, 3; Haines, 1; Chilkat, 1; Sulzer, 1; Wrangell, 3; Silver Bow Basin, 1; Killisnoo, 1; Skagway, 3; Ket-chikan, 7; Sitka, 2; Gypsum, 1; Petersburg, 1; Chichagoff, 1; Juall, 1; Yakutat, 1; Tenakee, 1; Charcoal Point, 1; Sheep Creek, 1; Craig, 1; Kasaan, 1; Hadley, 1; Loring, 1.  
Primary elections for the purposes mentioned should be held on or before August 28, 1914.  
Credentials of delegates selected for said convention must be in the hands of the Territorial Committeemen on or before September 6, 1914.  
Dated at Juneau, Alaska, this 7th day of August, 1914.  
J. F. McDONALD,  
D. NOLL,  
Territorial Committeemen for First Division.

**FAIRBANKS RIFLEMEN TO HAVE TOURNEY**  
FAIRBANKS, Aug. 1.—Somewhat later than in former years, the members of the Tanana Valley Rifle club will meet in the near future to arrange a schedule for the number of contests that are to be held at the range this summer. A number of trophies are to be contested for, and the officers of the club expect to see some interesting matches.  
Owing to the fact that mosquitoes have been more troublesome at the range this year than in the past few seasons, the shoot has been postponed for a few weeks. Now that the new company of soldiers has arrived at Fort Gibbon, it is stated that a number of the members of the club are anxious to arrange a match the same as held the last two years, and invitations may be issued to the army men.  
Electric irons, guaranteed for five years, \$3.00 and \$3.25—none better. Vanadium steel hammers (something new). "Test the bite." Gastineau Hardware & Machinery Co. 8-6-14.  
Three 320-acre ranches open for location in Haines dry belt. Enquire of Cassie Secrest. 8-6-14.

**TALKS OF ALASKA COPPER IN SEATTLE**  
SEATTLE, Aug. 5.—Ambler J. Stewart, vice president of the Alaska Copper Corporation, of New York, which owns about a thousand acres of copper bearing land in Alaska, has just returned from a three weeks' trip to the company's mining district and is stopping at the New Washington on his way home.  
Mr. Stewart has with him several specimens of the two kinds of ore produced by the corporation's mines, some of it is a beautiful blue boronite and some of sort of fool's gold, known as chalcocite, sprinkled through various kinds of rock in bright yellow patches.  
"The copper mines in the United States yield an ore which runs from 1 to 4 per cent in copper taken off the vein. This of ours runs from 40 to 70 per cent, and at the Tacoma smelter they say that the boronite is the easiest copper ore in the world to reduce."  
"Our mines are on the Kushikuna river, a tributary of the Chitina a short distance from where it flows into the Copper river. J. P. Morgan has promised to build a railroad to it in case the production warrants. We have taken out about \$15,000,000 in three years, so you can see that the production warrants it, but we are going to build our own railroad, eighteen miles long, into the heart of the district. We are taking out 200 to 300 tons of ore a day, which is of course low as compared to the big mines in America, but the amount of metal we get from it compares very favorably with any of them."—Seattle Post-Intelligencer.

**NEW GOLD DREDGE FOR CIRCLE DISTRICT**  
The last two steamers to leave here for the lower river, the Alaska and the Yukon, carried material for a new dredge for the old Circle mining camp. The material will be landed at Circle City, whence it will be hauled over the government trail to destination. The dredge is accompanied by one man, who is in charge of the shipment.  
The buckets of the dredge are small, having a capacity of two and a half to three cubic feet. Eighty-eight thousand feet of lumber, weighing approximately 16 tons, comprises a portion of the material. Seventy-five tons of machinery already have been shipped.  
The dredge belongs to Clarence Berry, the former Klondike king, who will operate a ground which he has held near Circle for years. Another new digging device was taken to the Circle camp this season. It is in the form of a grizzly, placed on a frame and driven by steam. The whole apparatus is moved forward on the surface of the ground with windlasses and cables. The outfit belongs to Rudy Kalenborn. He and his brother, Ar-ion are installing the plant.—Dawson News.

**DIFFERENCES AMONG FAIRBANKS SOCIALISTS**  
There is lack of harmony among Fairbanks Socialists. The Alaska Socialist, published at Fairbanks, has declared war upon the methods that were adopted to secure the nomination of Jack Brooks, and says Lena Morrow Lewis used "machine" methods and violated the secret ballot.  
The Socialist says:  
"The action of Lena Morrow Lewis, in compelling the members of the Socialist party to write their names on the back of the ballot, while voting on the referendum for candidate for Delegate to Congress, has been severely condemned by many Socialists and others, and it is said that a great number of them have stated that they will not abide by the result of the corrupt method used by her to carry out her apparent purpose—the nomination of Brooks."  
"Lena Morrow Lewis, who if she could get enough people to join her machine, would then, through such machine become political boss of Alaska and we would then have the same kind of government, probably, in Alaska that they had in the National office of the Socialist party about 1910. We want no political bosses in Alaska, not even Socialist bosses."  
On the other hand, Socialists of Fairbanks have passed resolutions condemning and repudiating the Alaska Socialist.

**LONDON CAPITALISTS SUE J. E. CHILBERG**  
NOME, Aug. 1.—J. E. Chilberg of the Scandinavian American bank of Seattle and an official and stockholder of the Pioneer Mining company of Nome has been made the defendant in a suit for \$200,000 by London capitalists who claim that Chilberg misrepresented the value of the holdings of the Pioneer Mining company and by this misrepresentation induced them to pay more for the stock than it was worth. The complaint states that the property is not worth half what Chilberg said it was worth when he sold it to them. The plaintiffs are a syndicate which was induced, according to the complaint, by Chilberg to buy into the property some time ago. Chilberg himself is a member of the company and the president is Jafet Linderberg who is one of the discoverers of gold at Nome and is also a large shareholder in the Scandinavian bank.  
Chilberg is declared to have been the chief instrument in the selling of the stock of the company.

**LIBERAL PARTY LEADER TO INVADE YUKON**  
DAWSON, July 31.—At a meeting of the executive of the Yukon Territorial Liberal association Monday night in Lowe's hall arrangements were made for the reception of Hon. Michael Clark, M. B. C. M., member of the Dominion parliament for Red Deer, Alberta. Dr. Clark is expected here about September 26, and may stay several days. He is one of the most able debaters of the Liberal side in the house of commons. He was elected to the house in 1908, and again in 1911. He is engaged in farming and ranching, with his home at Belford Glen Ranch, Olds, Alberta.—Dawson News.

**LITTLE ELDORADO TO BE GOOD PRODUCER**  
FAIRBANKS, Aug. 4.—That Little Eldorado is still among the producers and likely to remain so for some time, is the opinion of Heas Hess, of Heas & Ericson, operators on the Eldorado association claim. He says that all the operators along the creek are taking out good money now, and he thinks the output for the year will be a big surprise to the many who are not in touch with creek conditions.

**ALBATROSS DUE AT SEWARD TOMORROW**  
SEWARD, Aug. 4.—In a telegram received today by Sid Anderson from Captain Porterfield of the Albatross the information is conveyed that the boat will return to Seward on August 11.  
She will remain in Seward about 10 days during which time the pay day of her crew will occur.  
FOR SALE—Cheap; new W. Z. Long popcorn crispette machine complete with enough material to run three months. Address Box 123, Seward, Alaska. 8-10-14.

**A LETTER FOR YOU?**  
List of letters remaining unclaimed in Juneau postoffice on Aug. 8, 1914. Parties claiming same should say "advertised" and give date of same:

Williams, Sem Zillitich. E. L. HUNTER, P. M.

**NORTHERN PIONEER DIES AT IDITAROD**  
IDITAROD, July 13.—Henry Schneider, a well known painter and paperhanger, was found dead in his bed this morning.  
Schneider was an oldtimer in the North, having gone to Dawson in the early days, and later to Fairbanks. He was highly respected and had many friends. He came to Iditarod at the time of the first stampede from Fairbanks.

**CHISANA CLAIMS TURN OUT UNEXPECTEDLY WELL**  
SEWARD, Aug. 4.—J. J. Finegan in a letter to Derick Lane from the Chisana states that several claims in that country have turned out unexpectedly well. He states, however, that the big paystreak that was looked for has not been discovered. Mr. Finegan seems to think that several men left the Chisana too soon and that the camp is now getting down to a business basis.

**"IMOGENE"**  
Just arrived the new and lasting odor of perfume "Imogene," including Imogene toilet water and face powder. Something new and distinctly individual, ask to be shown at Doran's Prescription Pharmacy. Phone 5.—14

**ADVERTISEMENT OF ATTACHMENT.**  
WHEREAS, A libel has been filed in the District Court of the Territory of Alaska, Division Number One, at Juneau, Alaska, against Bert Lang, owner, and the gasoline launch White Star, alleging that between the 16th day of October, 1912, and the 21st day of March, 1913, at the special request of said owner, libellants furnished said launch, on the credit of said owner and said launch, to the value of \$153.85, and which has not been paid, and praying that the said launch, her engines, boilers, machinery, tackle, appliances, boilers, machinery, tackle, engines, boilers, machinery, tackle, appliances, be sold to pay the demands of the said court to me directed, I do hereby, in pursuance of the motion of the said court to be directed, I do hereby give public notice to all persons claiming, or otherwise having, any interest in the said vessel, her engines,

**WE SELL Electric Washing Machines**  
Sold on Instalments The machine will pay for itself. Your only outlay is the first payment—the saving in laundry bills will more than make the future payments. Wash-day has no terrors for the woman who owns an electric washing machine. The cost is so low that any family can afford to own one. Cost of operation will not exceed five cents per hour. Come and look at it. Demonstrations any time.

**EXCLUSIVE FEATURES**  
A Reversible Wringer that can be operated by either Hand Lever or Foot Treadle.  
A patented one piece Metal Wringer Box. This box is in every way superior to the best wood wringer box that can be constructed.  
Shaft Driven Wringer—Noiseless, Safe and Certain.  
No mechanism on top of tub. All working parts being under tub, entirely protected and out of the way.  
Washer is designed for power exclusively and is more substantially built than competitive Machines.

Metal drain cock on bottom of tub drains tub completely without tilting.  
1-6 H. P. Electric Motor having ample power to handle the wash at all times.  
Complete Washer is mounted on castors and can be easily moved.  
By reason of the fact that the wringer on the Voss Electric Washer is controlled by either foot treadle or hand lever, it is the safest power wringer in the world. The action is positive and instantaneous. Must be seen to be appreciated.
