

What do you Buy When you Buy a Typewriter?

You pay for neat, well-written correspondence, for perfect carbon copies, for the quality and quantity of work your typist can turn out—in short, for the years of service you get.

If your inventory were made on this basis, you would find in the L. C. Smith & Bros. typewriter a much bigger asset than the price you paid for it and a much bigger asset than in any other writing machine ever made.

Ball Bearing; Long Wearing

It isn't the machine—it's what the machine will do for you.

Can we prove this statement? Absolutely. Ask for our proof.

It is more than probable that the government could recover the expense of opening the Matanuska coal fields before the close of the present war if it opened them at once. British ships and others that have been engaged in the work of hauling coal from various parts of the earth cannot travel now so freely. Thousands and thousands of men in European countries who had been engaged in digging coal are engaged in war. American ships are free to enter any port in the world and could make markets for American coal as they are going to make markets for other American commodities.

ARE YOU GOING TO BUILD?
 Are you going to repair your house? See George E. Brown, Contractor & Builder, Douglas

The great navies of the powers will use tremendous quantities of coal and the price is sure to go very high should the great war last a few months, and the chances are that it will last for years as neither of the nations engaged can quit without stepping out of the class of ruling powers.

FIRST CLASS ROOM and BOARD
 Mrs. M. H. Lynch has opened a new boarding house at 318 Fourth Street. First class table board at reasonable rates. Patronage solicited. Special Sunday dinner—75c. Phone 281.

Before the coming of the winter the government could have the nation secured from lack of coal if it only went to work. Is it possible to bring this fact home to the minds of the people of Washington?—Seward Gateway.

ARE YOU GOING TO BUILD?
M. M. GIMSE CONTRACTOR AND BUILDER
 Builds houses both big and small and does repair work at reasonable rates. See me at the Douglas Hardware Store or Phone 55

GERMANY'S ECONOMIC PROGRESS AND WEALTH

Dr. Karl Helfferich, director of the Deutsche Bank of Berlin, gives an exhaustive summary of Germany's economic progress and national wealth in a pamphlet issued recently and translated into English by the Germanist Society of America. He says: "Our economic development has enabled us to raise huge sums needed to bring our defensive forces on land and water to such a point in numbers and equipment as will permit us to confront any enemy without fear. The political regeneration of Germany and the re-establishment of our military power, which has guaranteed us liberty and freedom, laid the foundation for the unfolding of our economic power. And conversely, the increase of our economic power supports and strengthens our political and military position."

Among the facts contained in Dr. Helfferich's summary of Germany's economic condition and wealth is the statement that the yearly birth-rate in Germany is in excess of the death rate to the extent of 800,000 souls, and has been at this rate for many years. In the territory composing the German empire there lived in the year 1816 only 25,000,000 people. In 1871 when the empire was founded the population had risen to 41,000,000. It now numbers nearly 70,000,000.

LEMONS GOING UP.

"People will not be so free with handing out lemons if the market continues as at present indicated," said a leading Juneau merchant today. Within the past few days lemons have jumped from \$6 to \$9.50 per case wholesale in Seattle. Lemons now retail at 45 cents a dozen in Juneau as against 35 cents about a week ago.

ORGANIZATION OF RESERVE BANK BOARD

The following is the organization of the new United States reserve banking board:

Charles S. Hamlin, Governor; F. A. Delano, Vice-Governor; Paul M. Warburg, W. P. G. Harding and Adolph C. Miller, with Secretary of the Treasury William G. McAdoo and John Skelton Williams, Comptroller of the Currency, as ex-officio members, compose the board.

The complete list of Class "A" and Class "B" directors elected by the members of the twelve reserve banks was made public recently by the organization committee. The Class "C" directors, whose selection will complete the bank boards and make immediate organization possible, probably will be named by the Reserve Board at the first formal meeting.

The directors whose election has not been announced previously are:

District No. 1 (Boston)—Class "A," C. G. Sanford, Bridgeport, Conn.; A. M. Heard, Manchester, N. H.; Class "B," Charles A. Morse, Boston, Mass.; E. P. Morse Proctor, Vt.; Charles G. Washburn, Worcester, Mass.

District No. 2 (New York)—Class "A," Franklin D. Locke, Buffalo; Class "B," Leslie R. Palmer, Croton-on-Hudson, N. Y.

District No. 3 (Philadelphia)—Class "A," W. P. Peck, Scranton; M. J. Murphy, Scranton; Class "B," Edwin S. Stuart, Philadelphia; George U. F. Gaunt, Mullica Hill, N. J.

District No. 4 (Cleveland)—Class "A," W. S. Rowe, Cincinnati; S. B. Rankin, South Charleston, Ohio; Class "B," C. H. Bagley, Corry, Pa.; A. B. Patrick, Salyerville, Ky.

District No. 6 (Atlanta)—Class "A," L. P. Hillyer, Macon, Ga.; F. W. Footes, Hattiesburg, Miss.; W. H. Toole, Win-

NEW MILLS NOW WORKING NEAR KNIK

KNIK, Alaska, Aug. 18.—Wm. Martin is now operating his second Lane mill which is a 10-foot mill with 40-ton capacity. He expects to operate into this fall and has a large quantity of gasoline on hand.

The Independent Gold Mine Co. have been doing quite a lot of development work this year and have struck good ore in their 400-foot tunnel, which is the deepest diggings in the camp.

The Gold Bullion are running on good ore and have installed a cyanide plant this season.

Harry Shough has a very good prospect. They have struck their lead at a depth of 60 feet. Prospects were very small on the surface but ran as high as \$7,000 in values. The lead he has struck is from two to six feet and runs very high in values.

The Elk group and the Triekster group are owned by Eden, Barnes, Jennings and Rao. The Elk group is on the same lead as the Shough property. Rao is sinking a tunnel that will strike the lead at more than 800 feet in depth. Their ore prospecting on the surface from \$4 to \$80 with one-half to one per cent of copper in it. On the Triekster group they have opened up three shoots of ore which average from \$4 to \$60 a ton. The lead has been stripped for over 2000 feet.

The Arch group has been bonded to Nesley of Seattle.

The Ella M group owned by Frank Cannon and Joe Conway assays about \$33 a ton and they expect to place a small mill on the property next spring.

MRS. MINNIE MADDERN FISKE—In "Tess of the D'Urbervilles"—6,000 Feet of Film—At the Juneau Theatre, Saturday, Sunday and Monday.

MRS. FISKE COMING TO JUNEAU THEATRE

Mrs. Fiske, in "Tess of the D'Urbervilles," will be the next attraction offered at Juneau theatre. It will have a season of three nights. Mr. Jack Hepburn states that this is one of the greatest drawing cards among the "Famous Players" productions. It is one of those problem plays that had instantaneous success in New York and is said to be even better as reduced to the silent drama.

The first performance in Juneau will likely be Saturday night and will be repeated the two nights following.

WESTWARD DEMOCRATS TO RUN LEGISLATORS

VALDEZ, Aug. 20.—The Democrats of the Third judicial division will hold a convention at Valdez on Tuesday, September 8, for the purpose of selecting nominees for the Territorial legislative ticket, there being one senator and four members of the house to be elected from this division. Chairman Joseph A. Baxter has issued the call and directs that delegates to the convention be elected under direction of the precinct committees on or before Tuesday, August 25. The apportionment of delegates is as follows:

Afognak, 2; Kodiak, 1; Unga, 1; Unalaska, 1; Kenai, 1; Nikl, 1; Nushagak, 1; Sunrise, 1; Seward, 6; La-touche, 2; Golden, 1; Granite, 1; Ellamar, 2; Copper Center, 1; Nelchina, 1; Katalla, 2; Chitina, 4; McCarthy, 2; Kenecoot, 1; Shushanna, 2; Cordova, 7; Valdez, 9. Total, 50.

WINDHAM BAY NOTES.

WINDHAM, Aug. 25.—The Rose with Mr. and Mrs. M. M. Taylor and Mrs. D. W. Yates arrived here Thursday night.

M. M. Taylor and R. V. Rowe are doing development work on their claim, the Gold King. Mr. Taylor will return to Juneau as soon as the work is completed.

Pete and Jim Hensen, of Tacoma, have discovered a good sized body of ore on the south side of Windham Bay at tide water, which pans very encouragingly. They are now facing up for a tunnel. It lies between Granite and slate. Mr. Jim Hensen is an old timer of Windham and Sundrum.

Windham weather is very deceiving this year. Sunday started bright and fair, so Mrs. M. M. Taylor and son, Miss L. Rowe and Mrs. D. W. Yates decided to take a trip to the top of Spruce mountain. When almost to the top, it began to rain; everyone was drenched; besides making the climb down very dangerous.

Miss Lillian Rowe gave a birthday party today in honor of her mother. Capt. C. W. Fries with the launch Show-Me, is expected in port tomorrow evening.

PRESIDENT'S APPEAL FOR THE RED CROSS

President Woodrow Wilson, in his capacity as head of the American Red Cross, has issued this appeal:

To the people of the United States: The present wars in Europe are certain to impose upon the Red Cross of the nations engaged a burden which demands the sympathy and aid of the world.

The American Red Cross is earnestly desirous of assisting its sister societies in their endeavors to alleviate distress and suffering among the combatants, and therefore appeals for funds to be expended impartially for the relief of the sick and wounded soldiers of the nations at war.

Contributions for this purpose may be sent to the American Red Cross, Washington, D. C., or to local treasurers of the society in other cities.

I confidently hope that the humanity and liberality of the people of the United States, so often manifested in the past, will cause them to respond promptly and generously to this appeal.

WOODROW WILSON,
 President of the American Red Cross.

THE ORPHEUM THEATRE; HOUSE OF GOOD SHOWS

Tonight and tomorrow night, August 27 and 28, "The Thumb Print," a great detective photo-play in four parts, will be shown at the Orpheum Theatre. This is a detective drama, where the whole plot centers around a thumb print, which is discovered when a certain banker is murdered and robbed in his own library. The plot is one of a very powerful nature and highest possible class of photo-play, combined with excellent acting and dramatic effect.

Preceding this four-reel feature, we will take you for a trip through the "North Island" of New Zealand, from Auckland to Wellington. Showing beautiful Auckland; the Kauri log industry; a New Zealand ostrich farm and the great sea port of Wellington.

Regular prices, 10 and 25 cents. First show 7:30; second show 9 p. m. (****)

PROMINENT SEATTLEITE HERE TO ATTEND SHRINER CEREMONY

Archib W. Shiels, well known Seattleite and prominent Alaska coal claimant, arrived in Juneau on the Jefferson last night to attend the big Shrine meeting and ceremonies that are to be held here Saturday and Sunday evening. He is accompanied by Mrs. Shiels, and they are staying at the Occidental hotel.

FINDING OF WATCH POINTS TO SUICIDE

Discovery of a watch in Ellensburg which was identified by a brother as the timepiece which supposedly had been taken from Almer J. Anderson during a scuffle with a highwayman on University Street Thursday morning, in which Anderson was fatally wounded, led local police today to declare their belief that Anderson instead of fighting with a robber had committed suicide.

The theory was predicted on the disclosure that the watch which Anderson said the robber had taken was pawned in Ellensburg by Anderson himself August 6 for \$10, on the day Anderson left for Seattle.

Almer J. Anderson was formerly a mining man of Valdez, Alaska. Early Thursday morning he was found in an alley between Third and Fourth Avenues off University Street, seriously wounded. Several shots had been fired, one at close range to Anderson's body. Subsequently Anderson died as a result of his wounds. Before his death he told the police that he had been held up and had drawn his own pistol to fight off the robber.—Seattle Times.

Elberta peaches are the best for canning. A car load is coming for Goldstein's Dept. Store on the Marietta. A. H. Zeigler. 8-26-14.
