SCHOOL TO BE LARGER THIS YEAR

Registration at the high school began yesterday afternoon and is continuing today, promising well for a considerable increase in students over the number enrolled last year. The matter of housing the schools has been greatly improved since it has been possible to use all of the upper floor of the city hall for the high school and arrange the other school building to meet the needs of the grades.

Only one change has been made in the high school staff this year.

Miss Nabel Scott, who comes from Mappa, Idaho, is the new teacher. Miss Scott has been teaching for the past two years in Mountain Home, Idaho, and will have the German and mathematics classes in the Juneau high school this year. If a class in sewing is organized Miss Scott will be in charge.

Miss Willson is returning from her home in Olympia, Washington, on the Jefferson due to arrive Monday afternoon.

Miss Andrews has spent the summer in Berkeley, California, and is expected on the Jefferson.

Miss Mallette returned to Juneau the first of August after spending two months in Spokane and on the Coast.

Several of the grade teachers are also expected on the Jefferson, among them Miss Merrie Magill, who has spent the summer in California.

Miss Teresa Couture, as will be remembered, was called home by her mother's illness before school closed last spring. Miss Couture will be on the Jefferson.

Miss Blanche Dyer arrived on the Alameda a few days ago. Miss Dyer will have the second grade.

Miss Crystal Snow who is well known in this city, and who during the past school year, has been teaching at Mendocino, will be the third grade teacher in the city schools this year.

Miss Harriet Case will arrive Monday on the Portland boat after a summer's vacation in Gladstone, Oregon. Miss Case is the fourth grade teacher.

Miss Leano Bruce, who was elected to fill the vacancy made by the resignation of Miss Poole, comes from Iowa and will teach the fifth grade.

Miss Florence Getchell of last year's staff will have the sixth grade again. Miss Getchell has spent the summer at her home in Calaveras County, California.

Mrs. M. K. Strubel has recently returned from a visit to her son who is a cadet at West Point and will take up her work in the seventh grade again.

CHISANA POSTOFFICE TO BE DISCONTINUED

The Postoffice Department has issued orders to discontinue the postoffice at Chisana from September 15, and the order carries with it the cancellation of the emergency or contract mail service which has been maintained will cease to exist after that date.

Gov. J. F. A. Strong, upon representations made by a number of residents of Chisana asked that the mail service be continued at least until the end of the present year, but the department ruling and order discontinuing the postoffice of Chisana, will carry with it also the closing of the emergency mail service to that section.

GOOD GOLD STRIKE ON MINERAL CREEK

The Little Giant claims on Mineral creek are being opened by Herbert Jaynes, the owner, and promise to become one of the best producers on Mineral creek if the future work shows the lead and values to hold out.

Six tons of high grade tree mill rock is being sacked from the surface of the lead and will be brought to Valdez and run through the local mill to test the value of the ore, which has given assays of from \$4.80 to as high as \$4.338 a ton.

A tunnel of 125 feet, giving a depth of forty feet, was driven on the property last year. The lead at that depth holds its values. On the surface the lead is from four inches to four feet wide.—Valdez Miner.

MRS. MUIR ENTERTAINS.

Mrs. Downie D. Muir entertained a number of friends informally yesterday afternoon at her home on Dixon street at West Ninth.

Augustine & Keyer's chocolates—fresh—just received, at the Juneau Drug Co., 107 Front St. The store that has what you want when you want it.

WILLOUGHBY AVENUE COST ABOUT \$20,000

Councilman William Geddes was present at last night's meeting of the city council and informally gave out the information that the great plank waterfront thoroughfare, known as Wiloughby avenue was practically completed, but official report is not yet in. Automobiles passed over the new roadway yesterday evening and made the journey to Salmon creek via the water level route, although the highway needs gravel on that portion passing through North Juneau. The owners of the Casey-Shattuck addition are hauling gravel now and laying it where it passes through their property. The big improvement has cost approximately \$20,000. According to Mr. Geddes the plank portion which is built on piling the entire distance is approximately 3,000 feet long and the city has furnished lumber costing approximately \$8,000. The balance has been furnished by property owners fronting on the boulevard and by subscriptions from others benefitted by the improvement.

That portion of the great highway that passes in front of Auk Indian village was built without laying any burden upon the native owners of the abutting property and this money had to be secured from other sources. Councilman William Geddes and Tom Knudsen were active in the work and secured most of the funds for this stretch. Mr. Geddes has also devoted a great deal of his time and personal attention to the matter of pushing the work along in an economic way after the money was secured.

GUNNER BLOMGREN LEAVES FOR BRIDE

Gunner Blomgren of Juneau will be united in marriage to Miss Birdie McCormick of Spokane at an early date in the present month. Mr. Blomgren has engaged passage on the City of Seattle, which leave Juneau tonight for Seattle, and will go directly from Seattle where the ceremony will be performed immediately on his arrival.

The bride-to-be is well known in Juneau, having lived here a number of years and is a great social favorite on account of her many estimable qualities. About a month ago she went to Spokane to make her home temporarily with her brothers Frank and Irwin McCormick, well known business men of that place.

The groom-to-be is owner of the Sanitary Grocery in Juneau and very popular among his associates. He has lived here for the past five years.

On their arrival in Juneau Mr. and Mrs. Blomgren will make their home in the handsome new cottage being erected for them by Charles Otterson on Golden Belt avenue.

JUNEAN MAN BRINGS BRIDE HOME TO JUNEAN

Arthur B. Cole, accountant in the offices of the C. V. Young company of Juneau, was united in marriage to Miss Julia M. Converse of Seattle, daughter of Mr. and Mrs. Clarence Converse of Minnesota, at Tacoma, August 27. The bride had many friends in Puget Sound cities, and the groom is very popular in Juneau.

Mr. and Mrs. Cole arrived in Juneau on the Princess Sophia, and will make their home in Juneau. They are staying at the Alaskan hotel pending arrangements for a suitable home.

CURACAO IS OUT DISCHARGING COAL

WRANGELL, Aug. 29. — Arrivals over the Prince of Wales report that the steamer Curacao has been raised and is now lying along side of the dock at the Warm Chalk cannery, discharging about 500 tons of coal that she has aboard. It is expected that the vessel will be in shape to proceed south in about ten days.—Wrangell Sentinel.

TOM CAN SHOOT AT HARDY'S NOW

The ban has been raised on Tom Shearer who is again allowed to shoot on the Hardy range. In lifting the taboo the management of the Hardy rifle range made it a condition that Mr. Shearer will shoot under a handicap in all contests in which he enters.

CLOSING NOTICE.

Store will be closed all day Monday, September 7th, Labor Day.
B. M. BEHREND'S CO.

Fountain pens of all the best makes, at the Juneau Drug Co., 107 Front St. —9-4-2t.

LABOR DAY BALL MONDAY NIGHT

Everyone is talking about the big Labor Day Ball that is to be given in Jaxon's rink by the Juneau band next Monday night, September 7th. One of the features, and a great drawing card, is the excellent, new dance music that has just arrived and will be played in Juneau for the first time on this occasion.

Arrangements are complete for a general good time. Everything is being looked after by committees that understand the work that must be done. Members of the band will be in uniform and will serve either on floor or reception committee. Arrangements are being made for special ferry service to accommodate the people of Thane, Treadwell and Douglas and strangers will receive special attention. No efforts will be spared to insure a good time to all who attend.

CHIMNEYS MUST BE ALRIGHT SEPTEMBER 12

Property owners and householders who have had chimneys will have the same condemned and knocked down as unsafe after September 12, according to action taken by the city council at last night's meeting. Councilman William Britt offered a resolution that the city employ a competent man as inspector of chimneys to make a thorough examination and condemn all chimneys that are unsafe. This is especially applicable to tin chimneys and all such will be torn down after September 12. The resolution was adopted and the matter placed in the hands of the fire committee.

ROUTINE MATTERS.

A resolution was passed authorizing and directing City Clerk E. W. Pettit to apply, on behalf of the city, for letters of administration for the purpose of administering on the estate of Fred Brockwall, deceased who was a city charge.

R. E. Robertson addressed the council seeking relief for a sewer to carry off the surface water coming down Rowan alley; referred.

Thomas Krigbaum was allowed \$48 for lumber purchased to replace lumber surrendered to the city by the beneficiary.

The proposal of the Pacific Coast company to lease a portion of the waterfront to the city for an indefinite term was discussed briefly but no action taken.

The question of buying more fire hose was also discussed and it was the consensus of opinion that the city had enough hose on hand now for all needs. It was pointed out that with the arrival of the new fire auto truck there would be even less call for heavy quantities of hose.

FAULKNER TELLS WHY PRISONERS DO NOT WORK

The Department of Justice has objected to the employment of Federal prisoners on the government roads, solely because the department does not want to incur the expense of employing the extra guards that would be required for such work, according to H. L. Faulkner, former United States marshal for the First division, who addressed the city council on the matter last night. This fact was brought out, Mr. Faulkner said, through a talk with R. J. W. Brewster, inspector of prisoners for the Department of Justice who visited Juneau last week. Mr. Brewster said that if the Alaska Road Commission would undertake to furnish the guards he had little doubt but that the Department of Justice would permit the employment of prisoners on the government roads of Alaska.

The purpose of Mr. Faulkner's address to the council last night was to have the city government make formal application to the Alaska Road Commission for the appointment of a man employed by the commission on the roads who could be deputized by the marshal's office to take charge of the prisoners.

The city council assured Mr. Faulkner that the matter would be taken up with the Road Commission.

STANDARD OIL COMPANY DOUBLES CAPITAL STOCK

Sacramento, Calif., Sept. 5. — The Standard Oil company of California has filed with the Secretary of the State a certificate of the increase in its capital stock from \$50,000,000 to \$100,000,000, voted by the stockholders. The company declares increased business is responsible for doubling its stock.

MR. STEVENS MOVES.

Mrs. F. A. Stevens has moved her stock of goods and studio from the Malony building to 308 Third street where she has fitted up a very attractive place.

H. J. Raymond Co.'s store will be closed all day Monday, Labor Day.

PETERSBURG FORMS DEMOCRATIC CLUB

The Democrats of Petersburg have formed a Democratic club of which C. F. Courtney is president, and James Breneman, secretary.

The club has a large membership. Its officers say that there are more Democrats at that place than members of any other political party, and that it will give a majority of its votes to Charles E. Bunnell.

ASSOCIATION ADOPTS MEETING DAY AND BY-LAWS

The Juneau branch of the Merchants' Protective Association of Alaska, at the meeting held Wednesday night fixed the second Tuesday of each month and 2 p. m. of that day as the time to hold regular meetings of the organization. Other important business to come before the meeting was the reception of the report of the committee on by-laws, which report was adopted after due consideration, and the by-laws ordered printed for distribution to the members.

A friendly feeling is being cultivated among the merchants of Southeastern Alaska by the work of the association and uniform methods are being adopted for the extension of credit, which, it is hoped, will result in good, not only to the merchants, but to their patrons as well.

At the last meeting a partial list of delinquent debtors was exhibited which shows clearly that in order to protect the honest credit purchaser, it is necessary for merchants to cooperate in the elimination of the dishonest debtor.

This work also has a tendency toward economy. The honest patron, whether he pays cash or buys on credit is compelled to carry the burden of the dishonest debtor, and for this reason it is to the interest of every honest patron that the undesirable purchaser be eliminated.

GREAT DANISH PIECE BE SEEN AT GRAND TONIGHT

An exceptionally strong bill will be shown at the Grand theatre tonight, to include Miss Maude Fearly in King Rene's Daughters, a poetic piece from the Danish of Henrik Herz, produced in three reels.

There is the usual farce comedy, and the animated weekly, the latter always proving worth the price of admission alone. The Kaiser's Jubilee will prove of particular interest at this time.

TOM CAN SHOOT AT HARDY'S NOW

The ban has been raised on Tom Shearer who is again allowed to shoot on the Hardy range. In lifting the taboo the management of the Hardy rifle range made it a condition that Mr. Shearer will shoot under a handicap in all contests in which he enters.

CANADIAN OFFICIALS VISIT AT KETCHIKAN

E. S. Busbee, inspector of Canadian customs at Ottawa, accompanied by his assistant, E. Henry, came north from Prince Rupert to Ketchikan on the City of Seattle.

GOVERNMENT AUTO IS COMING BACK

FAIRBANKS, Aug. 29. — Messages from Richardson, at the mouth of the Delta, states that Col. W. P. Richardson, head of the Alaska Road Commission, reached the Tanana river yesterday in the government truck from Chitina. The message states that the roads are in bad condition for the heavy machine and that Colonel Richardson will be delayed there until a steamer brings him to Fairbanks.

The government auto, with Lieut. Kunzig and Commissioners Mears and Riggs, of the railroad commission, will return to the coast from Richardson. Several light machines have been able to get through, but the drivers reports that the roads are impassable for the heavy trucks. The road between Richardson and Salchaket suffered most from the recent high water, as many of the culverts have been washed out.
