JUVENILE BOSTONIANS OPEN HERE OCT. 7.
Word has been received by Manager Spicket of the Orpheum, that we are to be once more favored with a visit from the Juvenile Bostonians. War conditions and the anxiety of many fond mothers has compelled Manager Lang to bring his company of clever kiddies back home from an extended visit to Honolulu and the Hawaiian Island. The girls, all in their teens, have many laughable stories to tell of their experiences while at Honolulu.

Their favorite pastime was bathing in the surf, but the fun was stopped when "Halcyon Clarke" (the youngest member of the party) in an effort to ride a surf board, encountered a rough sea and finished upside down with a blue eye. Patsie Henry came to the rescue. Thom Hellen, Doris Canfield, Ina Mitchell, Billie O'Neil, and Maxie Hill, a few more of the principals of this popular aggregation, all confess that they had a very enjoyable time but are glad to be back among their friends.
During their stay in Juneau they will present all new operas, the opening night's bill will be "The Isle of Spice," one of their latest comic opera successes. This will be the last time this season that the theatre-goers of Juneau will have an opportunity to see this splendid attraction as the company is booked up solid and will finish the year with an extensive tour of the interior of Alaska and then back to Canada.

WELL KNOWN MINING MAN GOING TO VALDEZ
E. E. Flemming, A. T. Whitehead and Collin Murray all of whom are well known Alaska mining men who were formerly located at Nome are aboard the Northwestern enroute to Valdez for the purpose of investigating a quartz proposition about 80 miles back of that place. Stewart Flemming, who has been with the Alaska Gastineau Mining company at Thane, joined the party and went west with them. They expect to remain up in that section until about Christmas. The property to be examined is situated in the Port Wells district and has had some very flattering things said about it.

Recently E. E. Flemming in company with C. L. Morris, formerly of Nome, made a trip through the section around Cook Inlet travelling overland from Mile 29 on the Alaska Northern railroad to Sunrise City. Generally speaking, Mr. Flemming said the country was in a prosperous and hopeful stage. Maj. L. H. French and Charles Herron, he says, have a large tract of good dredging ground which has been proven as to values and they are still extending the area of known wealth with a keystone drill. They will operate a dredge on the ground next year.
Good reports were heard while at Ship creek, from Gus Seltzer's operations on Palmer creek, four miles from Hope. He was said to be taking out good pay and had recently paid out \$12,000 for more ground.

Dick Dawson's outfit were doing well on Crow creek, a tributary of Glacier. N. B. Solner, of the Union Savings and Trust company, Seattle, is interested with Mr. Dawson. They struck some more rich ground this season and are taking out good pay. This is the first good season's operation that they have had since taking hold of the proposition.

BIG HUNTING PARTY LEAVES ON ST. NICHOLAS

One of the greatest hunting expeditions that ever embarked at the Capital City of Alaska, departed from Juneau last night on the good ship St. Nicholas. All of them are mighty nimrods and sportsmen of renown. They are going prepared for a campaign that will last five days and they expect to bring back all that the law allows. The party consists of Perry E. Jackson, former Mayor C. W. Carter, Henry Shattuck, C. O. Lindsay, J. F. Payne, Victor Quist, J. C. Hyde, Archie Allen, W. J. Barnes, Alex Prussing, E. H. Kaser.

It is their purpose to cruise along the archipelago from Oliver's Inlet to Kake, Big John Bay and Rocky Pass. They are prepared for all sorts of game birds, deer and fish and are imbued with the spirit that gets results.

LYRIC THEATRE TO SHOW BALKAN WAR PICTURES

DOUGLAS, Oct. 1.—Tonight and tomorrow night the Lyric theatre will show the first authentic pictures of the great Balkan war. These pictures were taken on several of the battlefields during the action and were not very rigorously censored.

These will probably be the only actual pictures of general engagements that will ever be taken, as in the present war picture machines are not allowed at the front.

It is expected that these pictures, shown all over the world, will be great factors in the fight for universal peace, as they show war in all its cruelty and horror.
