PRETTY WEDDING AT TREADWELL LAST NIGHT

TREADWELL, July 8.—The Way-
land home was the scene of a very
pretty wedding last night when Miss
Grace Crockett, of Pendleton, Ore.
became the bride of Rosa J.
Reed, of Sitka.

Miss Crockett, who is a girlhood
friend of Mrs. R. G. Wayland and Mrs.
M. A. Snow, of Treadwell, has been
a guest of Mrs. Snow for the past
week, having arrived on the City of
Seattle accompanied by her mother,
Mrs. L. Overturf.

The groom, Ross J. Reed, came to
Juneau in company with Rev. R. J.
Diven when the City of Seattle re-
turned from Sitka.

The ceremony was performed by
the Rev. Diven and took place under
a cedar and clover bower in the
east window of the front room. The
ring ceremony was used.

The bride wore a gray crepe de
chine gown and carried a shower bo-
quet of wild hyacinths.

After the ceremony a wedding sup-
per was served, and toasts were given
to the health and future prosper-
ity of the couple. Covers were laid
for twelve.

The bridal party, including the
bride and groom, Rev. R. J. Diven and
Miss Lenore Reese left for their
home in Sitka on the Jefferson this
morning. Mr. Reed and Miss Reese
are teachers in the Sheldon Jackson
school.

Those present beside the bride and
groom at the ceremony were: Mr.
and Mrs. R. G. Wayland, Mr. and
Mrs. M. A. Snow, Mrs. D. J. Kinzie,
Mrs. L. Overturf, Miss Lenore Reese,
Rev. R. J. Diven and Messrs. C. Jen-
ne and J. A. Snow.

HOSPITAL NOTES

E. Fitzgerald, who was operated on
by Dr. E. M. Bevis at St. Ann's hospi-
tal last night for hernia is reported
as doing as well as can be expected.

A very serious operation was per-
formed this morning by Dr. Dawson,
Dr. Mahone and Dr. Sloane, at St.
Ann's hospital upon Ed. Carlick for
a tumor. Although the operation was
a very critical one, Dr. Dawson who
has charge of the case reports the
patient is doing well.

Owing to severe swelling Dr. Ma-
hone has as yet been unable to set
the broken bones in the left limb of
Eddie Ashby, who was injured Tues-
day.

BEER DRINKERS' HOPES RUDELY TAMPED WITH

There was "5-cent beer" in Juneau
today—almost.

As suddenly as the price-cutting be-
came effective, it ended.

"The beer is still at ten cents in the
barrooms where the dime has been
the standard price of a glass of the
foaming beverage, while in the "high-
brow" places the 12 1/2-cent rate still
prevails.

"Bill" Scribner, known among the
patrons of the "Louvre" as "Tim Sul-
livan Bill," by reason of his annual
Christmas feast to the hungry, start-
ed to reduce the price of beer from
ten to five cents a flagon. Straight-
away the consumers of the amber
fluid held impromptu parties, to re-
joice in their good fortune. "Yo-Ho,"
they chortled, "twenty bumpers for
twenty flinneys—we ARE in clover!"
But their joy was short-lived.

Members of the liquor dealers' frat-
ernity decided they could not uncon-
sciously endorse a cut in the price of
lager. And a meeting was held. And
Mr. Scribner was not invited to the
meeting. And after due considera-
tion, Mr. Scribner's plan was over-
ruled.

And so, in the course of events, Mr.
Scribner called off the sign-writer
from the fakey figure "5," which was
about to be emblazoned on the broad
windows of the Louvre. And beer is
ten cents a glass today.

sonic and Elksdom circles while a re-
sident of Skagway, and was a public
spirited booster for the Gateway city.

COAL CLAIMS DENIED.

Notice has been received that
the Commissioner has sustained the
decision of the local land office in the
case of the United States against the
MacKenzie Anthracite Coal Co. and the
Carbon Mountain Coal Co. and the
Alaska Smokeless Coal Co.

In March the local office decided
these companies failed to comply
with the law to the extent of open-
ing up a coal mine on their claims,
and declared the claims forfeited. The
properties in question aggregate ap-
proximately 46 coal claims known as
the Dalton group, and the Green-
Young group, in the Berling river dis-
trict.

NO DANGER OF TYPHOID SPREAD

Reports which were scattered
abroad yesterday that Juneau was en-
dangered by an epidemic of typhoid
fever were today branded by physi-
cians as groundless. There are only
two cases in the hospital, and neither
is related to the other," said Dr. L.
O. Sloane. "Both cases are isolated.
One patient is under my care and the
other is under the care of Dr. Dawson.
There is nothing to become alarmed
about."

By 10 o'clock last night the re-
ports had been circulated all over the
city, and deep concern was exhibited.
Citizens suggested that the city water
be chemically analyzed, but this al-
ready has been done, and the purity
of the water has been established.

Fifteen years ago typhoid fever be-
came epidemic in Juneau and several
persons died. The cause was not
traced to the water.

Andy Brown, of the Perseverance,
who was thought to have been suffer-
ing from typhoid fever, was found
today to have been suffering from ery-
sipelas. When he entered the hospi-
tal Brown had a high fever. He is
getting better now.

DELINQUENT TAX NOTICES MAILED

Notices of delinquency in the mat-
ter of license taxes are being sent
out this week by the office of the
Territorial Treasurer, urging that the
matter be attended to as soon as pos-
sible. While it is the desire of the
office to get the license monies in as
early as may be, it is the intention of
the Treasurer to enforce immediate
payment owing to the newness of the
act levying the tax. These notices are
being sent out to those who are re-
quired to make application for pro-
visional license, as well as to those
who require only the ordinary license.

The license monies have been
coming in in large amounts for the
past month, and the Treasurer appre-
hends no difficulty in securing the
collection of all license fees due.

More or less delay has been looked
for on account of the great distances
needed to be covered and also in con-
sideration of the fact that the license
law as recently enacted differs from
the usual custom.

C. W. YOUNG COMPANY WINS PRIZE FOR FLOAT

ry Duppe, was given the second prize,
of \$7.50. Master Eddie Dolan's "bi-
plane" was given the third prize, of
\$5.00.

The committee for the celebration
will meet tonight. It is said a de-
flect is faced.

CLAIMS ARE LOGATED.

G. M. Thorp has located nine quartz
claims near Windfall Creek south of
Herbert Glacier.

Portland last night on the Jefferson.

THREE TESTIFY IN BIG DAMAGE CASE

At 3:30 this afternoon, three wit-
nesses had testified for the plaintiff
in Victor Vansteem's \$50,000 damage
suit against the Alaska-Gastineau
Mining Co., which is being tried be-
fore Judge Robert W. Jennings. The
witnesses were Stanley Byers, who
lost both eyes in the Sheep Creek
tunnel accident two years ago, Paul
Miller and Jules Broggi. Miller and
Broggi were working in the tunnel
when the explosion which gave Van-
steem two broken legs.

The plaintiff's case will likely be
rested before noon tomorrow, it was
indicated.

COURT NOTES.

Bernard Heine has filed notice of
location of a lode claim adjoining the
lode in Snettisham bay.

Nine claims have been located by
J. A. Nolan on the northeast slope
of Sheep Mountain.

TWO "GOOD WALLEPS" FEATURE BRAWL CASE

There were two good "walleps" in
the case entitled City of Juneau vs
Frank Wheeler, which originated this
morning in the Yukon Bar.

R. J. Elliott told Police Judge
Pettit that Wheeler had given him
"an awful wallop" and an eye sur-
rounded by crepe corroborated his
story. Judge Pettit soaked Wheeler
to 75 or thirty-seven days in jail,
and Wheeler took the latter jolt as
he was out of cash.

Wheeler hit Elliott because he said
the latter had confiscated a pint bot-
tle of whiskey which Wheeler had
purchased.

He Broke Handcuff

Victor Sundstrom, of Douglas, was
given a suspended sentence by Judge
Pettit, after he had pleaded guilty to
being drunk and disorderly. Sun-
dstrom had a row down town this
morning, and after he had been felled
by Officer Harrington, he broke a
steel "seam-along" and the officers
were forced to roughly man-handle
him to get him to jail. He has a wife
and six children in Douglas, and this
helped to set him free.

Johnsen Also Let Go.

Albert Johnson, jailed on June 29,
for attempting to shoot his wife, who
is suing for divorce, was let out of
the city jail this afternoon. He was
sterely lectured by Magistrate Pettit,
and was reminded that only his wife's
reluctance to send him to prison had
saved him from going up on a higher
charge. He promised the court to
behave, and said he would not drink
any more.

RAILWAY RIGHT-OF-WAY IS DECLARED FORFEITED

According to advices received by the
local land office today, the Valdez,
Marshall Pass and Northern Railway
has forfeited its claim to a right-of-
way leading out of the city of Val-
dez. The only work which the com-
pany has performed on his right-of-
way consists in an embankment ap-
proximately five miles long. This is
not sufficient to hold their title to
the land in question and it has been
declared forfeited. T. P. Gerarchy is
general agent of the railway com-
pany.

SCIENTIFIC LENSES

It is now known that many eye
troubles are caused by
certain irritating rays in electric
light.

These are ultra-violet rays and
the infra-reds.

And only recently has a lense
been perfected that satisfactorily
filters them from the eye.

It can be worn constantly as
the tint is invisible except with
close scrutiny.

If your glasses are not com-
fortable—talk to us about this
lense. It is really a preventa-
tive of cataract.
