THE LOCAL FIELD.

Golgotha.

Our crosses are hewn from different trees. But we all must have our Calvaries: We may climb the height from a different side.

But we each go up to be crucified: As we scale the steep, another may share The dreadful load that our shoulders bear. But the costliest sorrow is all our own— For on the summit we bleed alone.

—FREDERIC LAWRENCE KNOWLES.

R. J. WILLIS,
Chairman.

A necktie social and dance was given last evening at the Alaska Star Temperance Hall. The object of the entertainment was a worthy, charitable purpose. The attendance was exceptionally good and all enjoyed a pleasant evening.

Mr. L. F. Kemmis, the jeweler, who has been back to the States on a business and pleasure trip, returned to Douglas last week, looking so hale and hearty that his friends hardly knew him. He was kept busy for several days just shaking hands with people.

Our erratic contemporary, the Dispatch, makes the statement that Juneau has the only brass band in the District of Alaska. We wish to call attention to the fact that Douglas has an organization known as the Douglas Harmony Band that will play all around any brass band outfit that Juneau can produce. Don't get too fly, Bro. Russell. There are others.

The young friends of Grace and Blanche Day tendered them a farewell party last evening at their home in Treadwell. About 25 of the young folks gathered to have one more pleasant evening together, before those popular young ladies bid farewell to Douglas Island and friends. Among those present were Annie and Mae McCormick, Bessie Johnson, Alice and Katy Coggins, Jennie Glasson, Laura Graverock, Mary Sandman, Hazel Willis, Grace and Blanche Day, Elna Olson, Eddie, Al and David Christoe, John Penglase, Jos. A. S. Dautrick, agent for the Pacific Coast Steamship Company, has received advice that owing to the backward season in the eastern and middle states, the first tourist excursion, sailing from Seattle yesterday, has not a full list. In view of this a limited number of passengers can be taken from Juneau for the round trip to Sitka. The Spokane will arrive next Friday. One day will be allowed at Skagway for a trip over the White Pass road at the usual reduced excursion rates; thence to Muir glacier and Sitka, returning to Juneau on June 2nd.

Last Saturday evening the city officers, council and school board of Treadwell, the Douglas school board, and Judge Delaney, of Juneau, were entertained by the members of the Douglas council, at the old Odd Fellows hall. The hall was decorated with palms, flags, &c., for the occasion. A banquet table, extending diagonally across the hall, was spread with refreshments for the inner man. However, the best of the evening was the stories, speeches, songs, &c., that formed an impromptu part of the program. It would be impossible to tell all that was said and done, but before the party broke up, daylight was stealing in at the windows. Those present were Supt. Joseph MacDonald, Assistant Supt. R. A. Kinzie, Mayor Tubbs, R. J. Willis, James Christie, E. J. N. Ott, A. Thom, Thomas Noonan, H. H. Sterling and Mr. McCauley, of Treadwell, Judge A. K. Delaney, of Juneau, and Mayor Frank Bach, school directors W. C. Boyd, J. F. McDonald and Walter Gould, City Clerk Henson, and Councilmen Martin Olson, M. J. O'Connor, Oscar Ohman, P. H. Fox, A. A story is going the rounds about a man who married a squaw from Alaska and took her to a big hotel in Montreal. She became afraid, and blazed her way about the building with a tomahawk. It's all bosh, Alaska Indians don't carry tomahawks.

Last Sunday evening the Pacific Coast S. S. Topeka crashed into the corner of the Douglas wharf and took nearly half of it with her. The Juneau Ferry & Navigation Company have been making every effort for some time to get a pile driver to begin the work of enlarging and repairing this wharf. This accident makes haste doubly necessary, and Mr. A. W. Corbus now informs us that he has secured a pile driver at Skagway and will have it down here via the Al-Ki, when work will begin immediately and be pushed as rapidly as possible.

Last Friday evening the home of Mr. J. M. Davis was discovered to be on fire. An alarm was sounded and the hose companies responded with alacrity. It took over 1000 feet of hose to reach the fire from the nearest hydrant. The water was turned on and the flames, although they had gained considerable headway, were subdued; not, however, before the contents of the house had been pretty badly charred. The loss to Mr. Davis will amount to several hundred dollars worth of furniture, clothing and pictures. The fire probably originated from a defective stove pipe. The fire boys did their duty with a vim that called forth many words of praise.
