MEMORIAL DAY EXERCISES

A committee consisting of the presiding officer of each of the fraternal orders of the city, has been appointed to arrange a program for Memorial Day; Mr. H. H. Sterling of the Masonic Lodge, Mr. John McCormick of the Knights of Pythias, Mr. J. G. Zimmerman of the Eagles, Dr. W. L. Harrison of the Odd Fellows, and Mrs. A. L. Anderson of the Rebekahs.

A part of this committee met last night and partially outlined the program, and will meet again on Friday evening to complete it. As far as arranged the plan is as follows:

All of the people of Douglas Island are invited to assemble at Natatorium Hall on Wednesday, May 30th, at 2 o'clock, p. m. Here will be presented a short program to consist of music by the band, songs by the children, a prayer, readings, a short address, &c.

Immediately after the exercises the procession, led by the band, will form and march to the cemetery.

It is the desire of the committee that some kind of a floral offering be placed on every grave in the cemetery. To accomplish this end it is necessary to have the help of the ladies and children. Nature is spreading all over the island a carpet of green leaves, dotted here and there with bright blossoms and dainty blooms. All will be acceptable for this occasion, and many willing hearts and hands will be needed to gather them and prepare them into bouquets and wreaths.

The ladies and girls are requested to meet at Natatorium Hall on the evening before, to prepare the decorations, as much as possible, and the children are requested to help by bringing bunches of blossoms and green leaves.

Memorial Day has become more than a day to do honor to the soldier dead. It is a day sacred to the American people in the memory of those who lie sleeping their last sleep in the silent grave. They whose hearts have bled in sorrow are comforted by the assurance that their loved ones are not forgotten, and grief is lessened by love's labor, performed in the simple act of laying on the grave those bright spring flowers that carry a promise of resurrection.

THE COUNCIL

The council met Monday evening as usual, all members being present. The reports of the various committees showed that the work planned is progressing. The excavation for the water reservoir is well under way; and the council will soon be ready to ask for bids for transporting lumber. The repairs to the Natatorium have been started. Clean-up notices have been posted around the city, and the annual renovation of unsavory places is on.

A committee from the fire department waited on the Council and stated that, at a union meeting of the companies of that organization, it had been decided on to hold a grand fireman's picnic at Crystal Falls Park on or about the 24th day of June. The committee further stated that the picnic was to be held at the park so that a greater number of the people of Douglas and Treadwell could attend. The firemen expect to repair the road and improve the park by their own efforts, but asked that the council build a pavilion at the park. After careful consideration the council agreed to grant the request.

The bill of J. P. Jorgensen & Co. for \$17.50 was approved and a warrant was drawn for the amount.

All lovers of high class entertainment will be glad to know that Miss Grace Bonner, an impersonator and ventriloquist, will appear in our city, Friday, evening, May 25. Miss Bonner comes for the benefit of the Ladies' League of the Congregational church. Esmeralda, a drama in four acts will be presented.

The work for the excavation for the new water reservoir, which the city is building for fire protection, is going ahead rapidly under the supervision of Foreman Jack Cottrell. The present plan is for a reservoir 50x50 ft. with 9 ft. walls. This will hold about 160,000 gallons of water.

A complete line of Jewelry, carefully selected and fully warranted goods, can always be found at the Kemmis Jewelry Store on Front street, Douglas.

The Douglas junior ball team went over to Juneau Sunday and skinned the youngsters over there so bad that it is a shame to print the score.

FIREMEN'S MIDSUMMER PICNIC

A union meeting of the Douglas Fire Department was held last night at House No. 1. Committees were appointed to complete arrangements for the Grand Picnic at Crystal Falls Park on June 24th. The picnic is to be given by, and under the direction of the Firemen, but the invitation is to be general to the people of the three towns on Gastineaux Channel.

It is to be a regular old-fashioned basket picnic, with swings for the children, a dancing pavilion for the young folks, and a quiet, shady nook for the old folks.

Crystal Falls Park is situated within easy walking distance of Douglas, on the banks of Lawson Creek. It is a natural park; one of nature's nooks, protected by friendly hills from cold breezes, and brightened by a sparkling, dashing, mountain stream.

The firemen propose to cut trails, build roads and move stumps, to further improve the park. The Douglas Council has decided to erect a dancing pavilion on the grounds. The work thus commenced will go far toward converting a lonely, deserted spot into a place for merrymaking.

DANGEROUS TO NEGLECT A COLD

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale by J. Heubner.

PLEASANT SURPRISE

On last Friday evening Miss Ethel Erickson was very pleasantly surprised by a number of her young friends who came prepared to stay all evening.

After adjourning to the old Odd Fellows building cards were in order, at which M. B. Gilligan won the Gentleman's Prize and Miss Hilda Liljestrand won the Ladies' Prize. The affair wound up with a dance.

Among those present were Misses Mildred Powell, Hildur Liljestrand, Bessie Johnson, Maud Liljestrand, Alice, Kate and Isabelle Coggins, Ethel and Mabel Erickson, Laura Gravrock, Mesdames H. Wood, P. McKanna and F. Vestal; Messrs. Joe Coggins, Bert Stedman, Ernest Powell, Phil McKanna, James McKanna, Carl Erickson, James Russell, Charles Johnson, John King, Hugh McKae, M. B. Gilligan, Ernest Wickstrom, Frank Gillice, Thomas Donaghey.

IF AS RICH AS ROCKEFELLER

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it.

NOTICE

TO WHOM IT MAY CONCERN: We, the undersigned, owners of the Crystal group of mines, situated at Snettisham Bay, will not be responsible for any debts incurred by Barney Heins, for labor or otherwise. He is working the mine under a permit from the owners, subject to a lease.

SIGNED: GEORGE SKEAVINGTON,
Agt. for John Tisdale Estate,
MARTIN OLSON,
JOE KETTLESEN.
5-16-06 11.

The capital should come westward. Seward is not asking for it and if the town is wise she will never ask for it. A state capital is nearly always an incubus. It weighs down the city upon which it is imposed with an atmosphere of professional politics and engrafts upon the municipal affairs a string of timorous and steam beer politicians who are a nuisance to any community. The society and business of a state capital are sometimes almost as petty, narrow and parasitic as the human flow and ebb of the national capital. Seward does not need the capital but if the fates inflict it upon the town the will of the Lord must be done. It makes little difference to the main body of the territory whether the temporary capital be at Sitka or Juneau, but everybody outside of Juneau ought to bowl against the erection of any valuable buildings at either place which would inevitably influence the retention of the capital away from the region where it should be located permanently.—Seward Gateway.
