ELECT
 A. Holmes Johnson
 REPUBLICAN
To the Senate

"I pledge myself to work for any and all legislation that will bring the most happiness to the greatest number of individuals for all time."

I am for:

- The freedom of each individual with a minimum of laws to safeguard this freedom—for equality of each individual to all rights without regard to creed, color or economic status.
- Free collective bargaining—a minimum wage law—responsible unions in which each individual workman has a voice and where he has a knowledge and control over union funds and their disbursement.
- Education for every individual to the extent of his capacity, in both science and the humanities—and in vocational training—with adequate salaries for teachers, and local control of our schools with a minimum of political interference.
- Any program that will benefit sustained fishing, which is so important to the happiness of so many individuals, and to our economy.
- Encouragement of Industries by any practical incentive.
- Encouragement and stimulation of Tourism which can be here, as in the fiftieth State, of great economic benefit to all.
- Roads and highways to give access to all parts of the State, including feasible ferry systems. Also aids to air transportation by adequate air fields.
- Finding ways of financing these and other important programs so that we may always keep our expenditures within our income. This is most important for long-range happiness and prosperity.
