**HOW TO MAKE AN IMPRESSION
ON THE AUDIENCE**

The year, 1914, will, probably, be noted in future chronicles as the most famous and remarkable year in the history of the great Territory of Alaska. The building of a railroad will be warm work it is true, but it will not be half as warm as the political campaign that will strike the Tanana Valley this summer.

The political orators, Progressive, Independent, Democrat, and Socialist should bear in mind that to gain votes they must make an impression on their audience. Stuttering and stammering through a speech tires the audience and causes them to lose interest in the speaker, regardless of what his subject may be.

All good speakers before going on the platform generally clear their throats with a little stimulant to prevent any stuttering or stammering or coughing which would interfere or annoy them during the progress of their speech.

The best stimulant to be obtained in Fairbanks is the famous, fine, old Cabinet whiskey. This famous brand of liquor costs more than any other brand in Fairbanks, this probably being the reason that few houses in Fairbanks retail it. It is said that Cabinet Whiskey is a favorite with Senator Gallinger of New Hampshire, and that he used a thimbleful of this famous brand every morning to give him inspiration before commencing his speech in the U. S. Senate on the Bill for the Repeal of the Canal Tolls.

Cabinet Whiskey is for sale in Fairbanks at the Cabinet Saloon, Front St. three doors east from Cushman St.

(Continued from page 1)

sourdough steam roller! Be gory! Alasky polytics is gittin warm! Oi see that another frind-o-labor is out fer office, oi mane Jack Brooks, so Jack landed th' Socialist nomynashun fer billygate t' Congress at last!

Faith an Brooks is some polytishun himself--shure an th' ice-mon-miner wus on th' capit'list Fairbanks city council--watch candydate Brooks git busy. Faith an his Soshulist predecessur also-ran Krauczoonis isn't throwin any bokays at him! Shure oi wus towld that th Soshulists wus different than polyticians. Be gory, whin yer in Rome do as the Romans do. Faith an polytics do be a great leveller o' monkind! There's Bill O'Connor, Billy Burns an Jack Brooks!--th' trio wus once cheek-bejowl in polytics in th' int'rist uv th' wurkin mon. 'Tis a pity they'll now be buckin wan another! But th' laborer needn't worry! th' trio will watch over his wellfare! An, be me soul, look at Alasky democracy 'tif like a bilin caldron! 'Tia speshly hard on th' tried an true Jeffersonians, wid the Wilson-Wick Progressives (framin) up on th' coast splittin things up the back, an th' carpit baggin fedral jedge an dlstr-rect attorney, th' Priident sint to Nome committin trayson by appointing black Raypublicans t, office--th' owld party's smashed t' smitherens, be jabers! But at any rate our dimmycrat club is on th' job an illicted an official organ, to pick up any litle perqueseets, preferments or the loike. An also-ran Martin Harris towld th' lads at th' club that no mon alone cud bate Wick, but wid th' clubs wurkin all over Alasky--'twas a cinch! Jawn Moe says Martin might not be an orator, but what he says carries great! Th' offishul organ's wurkin now an warns us that a dillygate with same polytical faith as th' administration cud accomplish more fer Alasky than Wick's doin!

Anyhow don't overlook our frind Bill O Connor; it'll payez t'kape yer weether eye on th' new dimmycratic jedge fr-rn th' Chitna cr-ross roads.

PADDY

**A Paneccea For
Political Evils!**

OR--WHEN IS A POLITICIAN ?

According to our own choice coterie of Socialist Party political for all that's in it pie-hunters and social-reformers, as a remedy for all the evils and other little defects of our "present system", all that is necessary is a substitution of their "holier-than-thou Socialist Party brand for any and all the Old-Party brands! For, so these eager office seekers assure us that a person with their infallable brand stamped "authoritively" on him or her couldn't possibly, even if he or she would, go wrong! Oh! But the Socialist politician can do no wrong! Long live the Socialist politician!

**WHY THE LOYAL ORDER OF
MOOSE APPEALS TO THE
WORKERS**

There have been many fraternal organizations in Alaska for years but none of them have appealed to the workers like the Loyal Order of Moose. No obselete or ancient tomfoolery has any place in the business of the Moose. This order is a progressive one and aims to keep up with the times. The working man will find in the Moose Lodge an organization that fills a long felt want. The Loyal Order of Moose not only provides benefits for him and his family in times of sickness dut is also a club-room to spend his leisure hours. See Howard Barnes at Mendham's, or any moose.
