SMALLPOX RAGING IN SIBERIA

(Special Dispatch to Daily Alaskan.)

St. Petersburg, March 3—A fierce smallpox epidemic is raging throughout Eastern Siberia. It has now spread among the Russian settlements. Vaccination is unheard of in the entire Russian army.

DISEASE DECIMATING RUSSIAN ARMY

(Special Dispatch to Daily Alaskan.)

St. Petersburg, March, 3—Pneumonia and bronchitis are claiming many thousands of the Russian troops as victims. Many are dying and others are being reduced so as to be unfit for service.

A similar experience is being met with frost bites. Many of the troops in Siberia are frost bitten so badly that they have become an incumbrance and a source of weakness to the army rather than a source of strength.

INTENSE COLD IN SIBERIA

(Special Dispatch to Daily Alaskan.)

Irkutsk, March 3—The weather is intensely cold throughout eastern Siberia. Blizzards are of frequent occurrence. It is 25 degrees below zero at this place, and it is even colder at other points.

White Flyer Leads Fleet to Port

The Alaska Steamship Company's white flyer Dolphin, arrived this morning at 8 o'clock, leading the fleet of steamers which have been making for Skagway this week by several hours. She sailed from Seattle last Sunday morning and made remarkable time on the northbound trip, overtaking and passing the Cottage City which sailed the day before, at Millbank sound.

The Dolphin had 66 passengers for Skagway and 35 tons of freight. She sailed on the return trip this afternoon at 2 o'clock with 22 passengers.

A CASE OF IT

Many More Like It in Alaskan Cities

The following case is but one of many similar occurring daily. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such a conclusive evidence.

R. Bennett, employed by the Donahue Lumber Co., residing at 439 South E street, Tacoma, Wash., says: "For some time last fall I had considerable trouble from a lame and aching back, I paid little attention to it at first, but as time rolled by it kept getting worse. I was uncertain as to the cause. I am employed with the Donahue Lumber Co., and my part of the work is what is called ratcher, setting the logs up to the saw. I thought the constant riding and jarring of the log carriage might have caused the trouble; but that as it may, I felt the result severely in my back, particularly if I stooped, when I could scarcely straighten. Doan's Kidney Pills came to my notice and I procured a box. They cured the dull, heavy aching in a very short time and I was soon able to get about my work with my wonted vigor. I am sure if anyone is troubled from backache which arises from kidney complaint they can depend upon Doan's Kidney Pills to cure it."

For sale by all dealers. Price, 50 cents. Foster-Miller, Co., Buffalo, N. Y., are agents for the United States. Remember the name, Doan's, and take no substitute.

The Barebone Family.

The celebrated name of Praise God Barebone was borne by a member of the Cromwell parliament called together after the dissolution of the Long parliament in 1653. The royalists called the assembly "Barebone's parliament." At the time when General Monk was in London Barebone headed the mob that presented a petition to parliament against the recall of Charles II. Of the Barebone family there were three brothers, each of whom had a sentence for a crime—Praise God Barebone, Christ-ene into the world-to-save Barebone and If-Christ-had-not-died-thou-hadst-been-damned Barebone.

Business View of Health.

"Old fellow, you ought to eat more fruit. It's cheaper than paying doctor bills."
"But I don't have to pay any doctor bills as it is. I am never sick."
"That may be, but if you'd eat more fruit you would be able to draw dividends on your health."—Chicago Tribune.

Trying Them On.

"My new play is sure to make a hit," said the eminent actress. "It gives me an opportunity to show twenty superb gowns."
"Gracious, how many scenes do you appear in?"
"Only five, but one of them's a scene at the dressmaker's."

The electric lights will be in working condition again at eight o'clock. That is the announcement made by Edwin Browne, the manager of the company.

In speaking of the result of his trip, Mr. Clayton said:

Robbers "Plant" Found
The other day while a man was walking down water front in Douglas his hat blew off and lodged in a lumber pile near the sawmill. In reaching in for his hat his hand came in contact with three watches. A queer find in a lumber yard, showing the witlessness of the thief, who probably stole the watches at the Kennis fire.—Juneau Dispatch.
