Saint Patrick's Day

The subdued excitement of the past two or three weeks will find a vent in the St. Patrick's Day celebration to be held tonight at Natatorium hall. The affair is the fourth annual ball given by the Alaska Catholic Club. This mid-Lenten festival gives the young people a respite from their devotions and an excuse for a frolic, and they are only too glad to improve it. A general invitation is given to the public to attend this affair. The ladies are making extensive preparations to serve refreshments during the evening. It will be a jolly time and those who are looking for fun should not fail to attend.
