The Little White Dog

Little white dog with the meek brown eyes. Tell me the boon that most you prize. Would a juicy bone meet your heart's desire Or a cozy rug by a blazing fire? Or a sudden race with a pussy cat? Or a gentle word? or a friendly pat? Is the warn-out ball you have always near The dearest of all the things held dear? Or is the home you left behind The dream of bliss to your doggish mind? But the little white dog just shook his head As if "None of these are best," he said. A boy's clear whistle came from the street; There's a wag of tail and a twinkle of feet. And the little white dog did not even say, "Excuse me, ma'am," as he scampered away; But I'm sure as can be his greatest joy Is just to trot behind that boy.

TREADWELL TOPICS

The new club that has been organized at the Mexican under the name of the "Mexican Solo club" promises to be a great success. The first evening's entertainment was given at the Mexican bunk house Monday evening, and it is hoped to have many more before the winter is over. The club was organized by "Red" Hefner and "Red" Daniels for the sole purpose of keeping the boys around the bunk house in the evenings and not letting them go to town and part with their money. The show started with songs by a couple of Belgian soloists, a song by a gentleman from Sweden, a Dutch duet by Marks and Smith, a song by Fields and a recitation by the janitor. Several selections by two violins and a "widjamber" added to the evening's entertainment. The evening was spent playing solo and wound up with the very best refreshments that could be produced. The final number on the program was a grand march participated in by all hands. Several invited guests were present, among whom were seen James Daniels, Nels Johnson, Steve Ferris, George Stevens, Dick McCormick and several others. They all report having had a tip top time. They all had their pictures taken by Photographer Ed Andrews, who has instructions to send one to the leading sporting paper in the United States, together with a description of the club.

Yesterday morning about 10 o'clock, while 16 loaded sulphuret cars were being hauled up to the cyanide plant the cable broke and the cars took a merry ride down the hill, around the foundry and finally stopped near the 700 mill without any damage being done. Had it not been for one of the employees of the company happening to see them coming and throwing the switch so as to let them run out on the main track there would have been quite a mixup.

There will be a series of baseball games for kegs of "nails" played between teams from the machine shop, foundry and Mexican next week if the weather holds good. No one who has ever played on a ball team will be allowed to take part.

The show at the Club last Saturday night was fine. Mr. Kingsbury and son favored the audience with a guitar and mandolin duet and were forced to respond to an encore. Mr. Kingsbury played a guitar solo and Mr. Pitzman sang an illustrated song. Three reels of moving pictures were shown and the entertainment wound up with a farce, with McIvor, Kingsbury and Mulligan taking the leading parts.

Band practice on Thursday night. All are requested to attend at 8 o'clock sharp.

Miss Fannie Bennett and Miss Hartwig, who have been the guests of C. E. Bennett, will leave for the South on the next Jefferson.

The dance at the Club on Monday night was attended by a large crowd. The music was furnished by a five-piece orchestra and was first class. A light lunch was served during the evening.

Edgar Noell has resigned his position at the cyanide plant.

Jimmie Chambers, the popular baseball captain, now rides a wheel and collects the samples from the various mills for the assay office.

The show at the Club on Saturday night will consist of three reels of pictures, illustrated song by Mr. Pitzman, the silver voiced tenor, and a concert by the Treadwell Club band under the leadership of Musical Director McIvor. The following program is to be given:

- March, "Tropic to Arctic"..... Leaming
- Overture, "Lustspiel"..... Housel
- "Wash Rag"..... Datson
- Selection, "Bridal Rose"..... Ferris
- "Auld Scotia"..... Webster
- "Bolo Rag"..... Christoe

May Roberts Tonight

Douglas Island people will have an opportunity to witness a performance given by May Roberts and her company at Natatorium hall tonight. It is a rare opportunity, for the show will be a good one. May Roberts is a young lady of exceptional ability and is supported by an especially strong company. At her appearance at Victoria she won unstinted praise from the Colonist, a paper usually very hard to please. A comedy will be presented tonight, entitled "The Marriage of Kitty." There is lots of fun in it, so don't miss it.
